Why They Come Back

IT'S NATURAL to experiment with hotels. But ultimately one gets beyond the experimental stage, because EXPERIENCE YIELDS FACTS.

THAT'S WHY Fontenelle guests come back. They know they get comfortable rooms and something really good to eat at the Fontenelle year in and year out. They know that the organization, as a body, is working for the comfort, convenience and service of its guests as a regular expected thing.

THEY KNOW that the Fontenelle never grows old—that its renovations keep it always up to the best standard. And they know that if any place is home-like, that isn't home, it's the Fontenelle.
