

What Women Are Doing in the World

SUFFRAGISTS will attend school March 15-18 to learn methods of diffusing suffrage sentiment with increased efficiency. The school, which will be maintained at the Young Women's Christian association for morning and afternoon and perhaps evening sessions, is a traveling one with a corps of instructors sent out by the National Woman Suffrage association. From Omaha the suffrage school goes on to Lincoln, the only other stopping point in Nebraska.

Instruction will be given in organization, woman suffrage history and argument, press and publicity, public speaking, parliamentary law and money raising. Mrs. Halsey W. Wilson, Mrs. T. T. Cotnam and Mrs. Frank J. Shuler are the chief instructors.

Mrs. Charles Marple reports close to 100 women already enrolled in the suffrage school classes. If sufficient business girls are interested, evening classes will be held. The school will also afford a chance for young women to try out as suffrage organizers and speakers. If they become proficient, they will have an opportunity to secure salaried positions in Nebraska and elsewhere, according to the Suffrage Messenger, as organizers are much in demand.

Three experienced organizers were placed in the field recently. They are Mrs. Elsie V. Benedict of Denver in the Fifth district, Miss Grace Ballard of Blair in the Third district and Mrs. Charles Harris of Lincoln in the Fourth district. Mrs. Harris was active in the early days of the Omaha Woman's club and later was prominently identified with club work in St. Louis.

New Patriotic Organization. Mrs. G. Langworthy Taylor of Lincoln is state chairman and Mrs. William Archibald Smith, local chairman, for the National League of Woman Service, organized in Washington January 26 and sponsored by the Congress of Constructive Patriotism. Mrs. Smith is interesting local patriotic organizations first and then intends to bring the matter before other women's clubs.

The objects of the new organization are "to co-ordinate and standardize the work of the women of America along the lines of constructive patriotism; to develop resources and to promote efficiency of women in meeting every day responsibilities to home, state, nation and humanity; to co-operate with the Red Cross and other agencies in meeting any calamity and in time of war to supplement the work of the Red Cross, army and navy; and to deal with questions of women's work and women's welfare." Mrs. Smith emphasizes the fact that the organization is non-political, non-partisan and non-sectarian. She will appoint a local committee of workers in the near future.

The Omaha Woman's club will be hostess for the Second district convention of the Nebraska Federation of Women's Clubs, Thursday, March 15, the session beginning at 9 o'clock. Mrs. J. W. Welch of Benson, is president of the Second district organization. State officers who will attend the meeting are Mrs. A. G. Peterson of Aurora, general federation director; Mrs. J. N. Paul of St. Paul, state president; Mrs. George Beals of Norfolk, vice president, and Mrs. W. H. Davidson of Springfield, auditor, who is also a member of the Omaha club. From the local club, Mrs. E. M. Syfert has named as a committee of arrangements, Mesdames C. H. Marley, chairman; E. B. Ransom, C. A. Sherwood, J. W. Welch and W. W. Carmichael. The sessions will be held at Metropolitan club house where the local club always meets.

A forecast of the program for the Second district meeting reveals a round table discussion on the high cost of living, led by Mrs. F. J. Burnett, Mrs. R. M. Lavery of South Side and the president of the Valley club; a talk by Miss Edith Tobitt on literature for the young child and the adolescent; one by Mrs. G. C. Young, explanatory of the Dundee club's method of studying a novel, and one on the immigration problem on the Pacific coast, by Mrs. F. B. Oliver of the Benson club. Mrs. F. H. Cole will talk on civil service reform, and Mrs. K. R. J. Edholm on health. Mrs. J. N. Paul's address will be the principal talk of the evening session. Mrs. J. E. Haarmann will arrange the music.

The Association of Collegiate Alumnae and the Visiting Nurse association, affiliated organizations, will be represented at the meeting.

At Monday's meeting of the Omaha Woman's club, delegates to this district meeting will be elected. Following the business meeting, the oratory department will have charge of the open day program. "The Piper's Pay," a one-act play in two scenes, will be presented by the members, under the direction of Miss Amy Woodruff. Those taking part are the department leader, Mrs. O. W. Malstrom, Mesdames Anna C. Roberts, Joseph Lawrence, John Mullin, Lee Edwards, Earl Stanfield, Anson Bigelow, D. M. McGahey, O. Y. Kring, Frank Wray, C. B. Horton, Charles Lotz, Edward A. Thomann, S. A. Collins, N. M. Woodward, G. L. Kirkpatrick, Floyd High, Edwin Jewell, A. G. Pinkerton, and Josephine Neely. Mrs. Lotz and Mrs. Thomann will sing; Mrs. C. B. Horton, Mrs. Kring, Mrs. Wray and Mrs. Malstrom will give readings.

How to Reduce Fat Without Dieting or Exercise

This is the time when fat people should be thinking about reducing their weight and should stop making the fat that is such a burden to them. The best way and the easiest way is the one about which so much has been said and written this past year. This way is the Marmola way. Famous Marmola Prescription has been prepared in tablet form. These little tablets contain nothing but the elements that go to change the best things that produce fat into good, strong blood, nerves, tissues and bone. More than this, these tablets absorb and remove the fat remaining at the rate of two, three or four pounds a week. You must not confuse Marmola Prescription Tablets with harmful patent drugs and harmful reducing methods. These tablets go into the stomach just like the food you eat. They build up the juices of your digestive organs and correct those juices so that they produce no more fat. They are harmless, yet thousands of men and women all over this land today are of firm figures and normal sizes because of these little tablets. This is why every drug-gist everywhere carries them in stock and will sell them to you. If your druggist does not have them, you would rather send 75 cents, the price of a case, to the Marmola Company, 864 Woodward Ave., Detroit, Mich., who will send them to you at once in a plain package, postage paid.—Advertisement.

A THOUSAND MILES A MONTH AND IN USE EVERY DAY ALL THE YEAR ROUND

THE IDEAL CAR FOR THIS SERVICE

NOT SUITABLE FOR THIS SERVICE

TWO HUNDRED MILES A DAY FOR "TOURING" ONCE IN A WHILE IN SEASON

Detroit Electric

Then they will begin to see what is meant by the superior investment value and greater utility of Detroit Electrics.

The Detroit is being used and the investment in it is being made use of ALL OF THE TIME.

Grant right off the reel that for touring stunts, joyriding and racing, the Detroit Electric "isn't in it." But when it comes to the regular daily use that the average man and his family wants an automobile for—in any season—in all weathers—there isn't a car on earth that gives the use and the return on the investment for it that is given by the Detroit Electric.

Ample speed—ample radius of action on a charge for all regular driving—and ample power for any grade.

To say nothing of durability—easy, comfortable riding qualities—beautiful lines and finish.

And just to cap the climax tell your friends to ask the garage men how many Detroit Electrics he is called upon to "tow in" as compared with gasoline driven cars.

For the average man 99% of whose driving is done in the city and suburbs there is no automobile investment of equal value with the Detroit Electric.

Then ask them to step into an electric car garage and ask how many Detroit Electric owners are showing regular records of 20-25-30 miles per day—a thousand miles a month—any weather—any season.

This is the established general average—about 5,500 miles per year.

Then ask them to step into an electric car garage and ask how many Detroit Electric owners are showing regular records of 20-25-30 miles per day—a thousand miles a month—any weather—any season.
