

Nebraska
BOARD OF CONTROL FOR "PEN" FACTORY
 Members Oppose Bills That Tend to Injure This Form of Work.
VIEWS OF MAYFIELD
 (From a Staff Correspondent.)
 Lincoln, March 3.—(Special.)—The State Board of Control is not in harmony with some legislation which the present legislature seeks to pass. This is shown in its opposition to a bill introduced by Senator Moriarty of Douglas county, who seeks to prevent the manufacture of any goods at the Nebraska penitentiary which come in competition with goods manufactured in this state.

Endangers Reed Factory.
 The passage of such a bill would mean the death of the reed furniture factory at the plant, which was authorized by the last legislature and which is going along in good shape at the present time and employs 135 men. The state has \$50,000 invested in the plant and, according to Commissioner Mayfield, the passage of the bill would be detrimental to the best interests of the penitentiary and the men therein. It is said that the only business the reed furniture making company in competition with is the Omaha Reed and Rattan company in the city of Omaha. As to Convict Labor.
 Another bill which Mayfield believes would be detrimental to the state is one by Howell, also a Douglas county senator. His bill, senate file No. 115, provides that convict-made goods from outside the state should be labeled as such. The measure exempts goods made in the Nebraska penitentiary and the board is of the opinion that this will force other states to go to the trouble of labeling goods and suffer consequential financial loss on account of sentiment against convict labor. This will result in other states passing retaliatory measures and will react against the success of the state penitentiary factory.

Legislators Find Omaha Nice Place for Recreation
 (From a Staff Correspondent.)
 Lincoln, March 3.—(Special.)—Members of the legislature who went to Omaha yesterday to attend the automobile show at the invitation of the Commercial club and other organizations, have been returning today, pronouncing the reception received a great thing.
 "One theater I attended isn't near as bad as I expected to would be," said one member, which is an indication that he at least has a different opinion of some things in Omaha than he had before.
 The members are well pleased with the trip and are in shape after their little recreation to get back to work Monday with renewed vigor.

Friend Defeats York.
 Friend, Neb., March 3.—(Special.)—The Friend basketball team defeated the York team yesterday afternoon at the York Y. M. C. A. building. The game was a close one, but the Friends won by a score of 17 to 15. The game was played in the gymnasium of the York Y. M. C. A. building. The game was a very interesting one and was well attended.

F. HAPPY DAY

Omaha Salesmanship club members will hear F. Happy Day of Houston, Tex., talk on "The Declaration of Independence" Monday night at Hotel Rome. Mr. Day is a member of the educational and vigilance committees of the Associated Advertising Clubs of the World and is a director of the Associated Advertising Clubs of Texas. He has a happy faculty of expressing thoughts that even "ad" men envy. Mr. Day styles himself "a post-graduate from the school of experience."

Fourth Regiment Guard Companies to Be Inspected
 (From a Staff Correspondent.)

Lincoln, March 3.—(Special.)—Companies of the Fourth regiment of the Nebraska National Guard will be inspected by Colonel E. A. Root of the United States army this month on the following dates:
 Friend land, March 5; Kearney, March 6 and 7; York, March 8 and 9; Oacola, March 10 and 11; Madison, March 11 and 12; Wayne, March 13 and 14; Gordon, March 15 and 16; Stanton, March 17 and 18; Blair, March 19 and 20; Winnebago, March 21 and 22; Kearney, March 23 and 24; Omaha, March 25, 27, 28, 29.

High Price for Otos Land.
 Nebraska City, March 3.—(Special.)—The price of land in this county is still climbing. Yesterday the farm of Henry Whelming, six miles from town, sold for \$38,000. It consisted of 200 acres. Last week the farm owned by the late Patrick Moran sold at referee's sale for \$38,000. This also consisted of 200 acres. This makes \$190 per acre. Neither place had any improvements worth mentioning.

Austrian Ministry Plans to Cut Cost Of Food to Poor

London, March 3.—(Via Amsterdam.)—At a conference in Vienna, attended by cabinet ministers, government of provinces, burgomasters and several parliamentary deputies, Premier Count Clam-Martini announced that the minister of finance was about to put into operation measures to provide foodstuffs for the poorer classes at considerably reduced prices, according to a Vienna telegram today.
 "We shall hold out," said the premier, "with indeed great privations and sacrifices, but we shall pull through. Spring has come and the Danube will be open for Roumanian grain, thereby alleviating the food difficulties."
 "Peace, too, after all, must come, but we must not cherish the illusion that anxieties over the food question will then vanish. Reasonable policies will have to be adopted to harmonize food production and food consumption."

Tecumseh Man Has Leg Badly Crushed Under Log

Tecumseh, Neb., March 3.—(Special.)—John F. Costello, a farmer living west of Tecumseh, had his right leg badly crushed when a large walnut log rolled upon it. It required several minutes for his companions to get Mr. Costello from under the heavy timber. His leg was broken just above the knee and the bone was splintered into the joint. Dr. A. B. Cram took Mr. Costello to Lincoln for an X-ray examination and for surgical care. The wound had to be opened to allow a repair of the fractured bone.

Crete Wins From Beatrice.
 Beatrice, Neb., March 3.—(Special.)—The Beatrice high school basketball team went to Crete yesterday afternoon, where it met defeat by the score of 42 to 11. Johnson, center for Crete, made twenty-nine points for his team, throwing twelve baskets. During the season Beatrice has won but two games.

Would Retain Ownership In Mineral Deposits
 (From a Staff Correspondent.)

Lincoln, March 3.—(Special.)—The possibility that oil and perhaps other things of value may be found under the surface of the earth in Nebraska has led Representatives Stearnes and LaBounty to introduce a bill known as House Roll 580, giving the state power over deposits of this kind and also clay and gravel when discovered on state and school lands.
 It gives the state power to lease these lands on a royalty, which shall not be less than \$25 a year and no person can remove clay or gravel from these lands without first making a contract with the State Board of Educational Lands and Funds.

Olsen Entitled to Get His \$3,500 Damages

Lincoln, March 3.—(Special.)—Earnest Olsen of Omaha is entitled to recover in full his \$3,500 verdict against Grandison Ferris, for the alienation of his wife's affections, according to a supreme court commission decision handed down today.
 In reviewing the evidence, the commission found that Ferris, after meeting Mrs. Olsen at a public dance in September, 1913, was guilty of misconduct with her almost continuously afterward. At one time afterward, Olsen took his wife to Wyoming, but she became dissatisfied and would not remain.

Charles Edson and Family Narrowly Escape Flames

York, Neb., March 3.—(Special Telegram.)—An early fire today burned the butcher shop of Charles Edson. The fire was caused by the explosion of a gasoline stove. The building was also occupied by the family. Most of the household goods were saved, but all goods and tools were lost. Mr. Edson was taken from the room in an unconscious condition. It is supposed he ran against some obstacle in his effort to escape. The building was insured for \$1,000.

Bondholders Should Have Been Made Defendants
 (From a Staff Correspondent.)

Lincoln, March 3.—(Special.)—Since the bond holders of a completed paving district in Norfolk are not named parties in the action brought by Burr Taft and seventeen others to enjoin the collections of paving taxes, the supreme court commission affirms the demurrer sustained by the Madison county district court.

Although George De Graw, living near Northport, Morrill county, had seven head of cattle killed when sixteen stalked over a cattle guard and walked down the Burlington tracks, September 19, 1913, he cannot recover the \$512 he asks, says the Nebraska supreme court.
 The plaintiff had declared that the fencing was not adequate, but the high court, in affirming the district court, found that so many cars were using the particular switching track that to have properly fenced the locality would have endangered life.

Stop the Cold And Avoid Grip
 Coughs and Colds Should Not Be Neglected
 The lack of resisting power that precedes all kinds of ill-health causes coughs and colds. The theory of some people to "let a cold run its course" should be supplanted by the safe rule to "never neglect a cold," because it is from coughs and colds that grippe, pneumonia and other serious ailments usually develop. So it behooves all who are prone to "take cold" to find a remedy to forestall it. In this connection Duffy's Pure Malt Whiskey will prove one of the most effective remedies you have ever tried, if taken in tablespoon doses in equal amounts of water or milk before meals and on retiring. Because Duffy's Pure Malt Whiskey is an absolutely pure tonic-stimulant it assists in building up the weakened and rundown system by its beneficial action on the stomach, the source of most ills. If the system is in a healthy condition it is invariably able to resist and throw off coughs, colds, grippe and bronchitis prevalent at this season. Remember, do not neglect a cold, but get Duffy's Pure Malt Whiskey at once from your local druggist, grocer or dealer, \$1.00. If he can't supply you write us.
