

## Nebraska HOSPITAL MONEY GIVEN BY HOUSE

Medical School at Omaha Provided for by Item in Maintenance Bill.

### UNI CASH ALL TOGETHER

(From a Staff Correspondent.)  
Lincoln, March 6.—(Special.)—It was easy sledding for the appropriators for the state medical school at Omaha, the hospital and the new building when the house took up the matter again today. The appropriation went through in less than fifteen minutes.

Shannon, Lovely and Hopkins, who yesterday surprised everybody by voting not to concur in the action of the house in appropriating \$120,000 for the hospital and \$100,000 more for a new laboratory building, voted in favor of the appropriation today, explaining their change from the fact that they did not like the way the appropriation had been made. Shannon, speaking for the trio, said they thought it should be put in with the other university maintenance bills instead of in appropriation bills for each one.

**No Aid to Fighters.**  
Mr. Datoe, assisted by Mr. Lehigh, tried twice to have the main university bill amended so as to itemize the appropriations and reduce the total, but was unsuccessful in each attempt. He received no assistance either from Mr. Trumble, who started the fight on Monday, or from Mr. Taylor, who has heretofore been the legislative nemesis of university appropriations. Both these gentlemen, in fact, were absent when the bill came up. Taylor came in later, but Trumble remained away all forenoon.

**Richmond's Strategy.**  
A clever piece of strategy was pulled off at the finish. It was an amendment to the university bill, offered by Richmond, tacking on to the measure the special appropriations of \$120,000 for a new laboratory at the medical college and \$100,000 for maintenance of the hospital that has just been completed.

These two appropriations had been carried by separate bills, which were laid over by the house on Monday along with the university bill. Over Mr. Datoe's protest, the amendment was incorporated in the latter measure, and in that shape it was advanced to third reading by a one-sided vote. The two other bills were then indefinitely postponed on Richmond's motion.

**Reference Bureau.**  
An amendment offered by the finance committee was agreed to, placing the legislative reference bureau's appropriation at \$18,500 for the biennium. This is \$2,000 more than the amount previously recommended. Conditions are attached to the item that it is to include all expense for bill drafting and extra help in the next legislative session, and that Director Sheldon's maximum salary as the head of the bureau and secretary of the State Historical society shall not exceed \$3,500 per year, of which \$2,000 may be paid out of this appropriation.

### Kearney Club Favors

#### Vote on Capitol Site

Kearney, Neb., March 6.—(Special.)—The Kearney Commercial club went on record at the regular meeting yesterday as favoring a new capitol building for Nebraska, a building that would do justice to the resources of the state and that the people of the state be given an opportunity to vote on the selection of a site where the state house should be built. The directors of the club did not take the move with visions of another "capital to Kearney" campaign, but rather as a realization that a capitol building was needed, but Nebraska should have a voice when it comes to location. A copy of the resolutions passed were forwarded to the senator and representatives from this district. They are urged to use their efforts to prevent passage of any bill looking to the immediate construction of a new capitol except that the people be first given an opportunity to vote on location.

### First Spring Blizzard

#### In Northwest Nebraska

## OMAHA'S CHARTER BILL ADVANCED

Measure Giving More Power for Public Improvements Shoved Ahead.

### TEMPERANCE DAY BANNED

(From a Staff Correspondent.)

Lincoln, March 6.—(Special.)—A majority of the Douglas county delegation won out when the Omaha charter bill came up for consideration before the house in committee of the whole. Mr. Goodall said the taxpayers of Omaha did not want the bill to pass, while Mr. Richmond and Mr. Shannon said they did. The house decided they did.

The bill provides that the city council may provide public comfort stations, a new police station, park extension, etc.

### No Temperance Days Now.

It will not be necessary to teach temperance in the schools after the first of next May, according to the ideas of the house, which sent to the morgue the Mills bill providing that children of the public schools should be required to devote one day as temperance day. Mr. Flansburg said that after the day from which all future dates will be reckoned there will be 365 temperance days in the year and a bill like the Mills bill was not needed, and that settled it.

### Chance for Debtor.

Mr. Nielsen secured favorable action upon his bill allowing a debtor to begin suit against his creditors in county court, with the object of allowing him a period of time to pay up without going into bankruptcy or being harassed by garnishment proceedings. He said he had been through the mill himself and knew how it was. The measure had no opposition.

### School Land Bills Up.

Two bills dealing with state school lands were advanced to third reading. One provides for the exchange of school acreage located inside of federal forest reserves for an equal area of land just as good located somewhere else. The other puts a limit of 640 acres on the amount of land that can be leased to any one person.

### Breeders' Lien Extended.

A measure was boosted along to third reading, extending from six to nine months the period during which the owner of a male animal can claim a lien on its offspring.

### Road Overseer Bill Given

#### Boost in Lower House

(From a Staff Correspondent.)

Lincoln, March 6.—(Special.)—By a vote of 42 to 49 the house sent to third reading the Stuhr road bill, which provides that two or more counties may combine and employ a highway superintendent and abolish local road overseers. The salary of the superintendent will be \$3,000 in Douglas and Lancaster counties and \$2,500 in other counties. When two or more counties combine, the salary shall be based upon the population of the combined counties.

Another bill sent to third reading was the Omaha schools tax bill, which raises the limit of levy from 25 to 35 mills.

### Political Advertising

#### Bill Killed in House

(From a Staff Correspondent.)

Lincoln, March 6.—(Special Telegram.)—The Thomas bill to exclude newspaper advertisements from the expense of candidates for office, met its death this afternoon. The committee having the bill in charge had amended it so that it would not know itself. This the house accepted. Thomas then presented an amendment which put the bill back in its original form and the house adopted that also. The house played with the bill in this form for a time and then killed it with both its recommendations.

### State House Notes

(From a Staff Correspondent.)

Scarlet fever epidemics are reported in about thirty Nebraska towns.

## SENATORS BALK AT VOTE OF CENSURE

Moriarty's Effort to Give Drubbing to Norris for His Filibuster Checked.

### WILL COME UP AGAIN

(From a Staff Correspondent.)

Lincoln, March 6.—(Special.)—The attempt of Senator Moriarty to censure Senator Norris for his action in opposing President Wilson's armed neutrality bill did not get very far today, amendments by Beal and McMullen bringing up a discussion which finally ended in a motion to indefinitely postpone the resolution. This lost by a vote of 12 to 20, two democrats, Mattes and Strechlow, voting with the republicans to indefinitely postpone, with McMullen absent.

After Moriarty had moved the adoption of his resolution, Senator C. W. Beal of Custer offered a substitute motion "disapproving the conduct" of a "small group" of filibusters. This took the stinger out of the original resolution.

Then along came Senator Adam McMullen of Gage with a second substitute, regretting the filibustering, but placing the fault on the house majority for not amending the senate rules to prevent a minority from thus getting the upper hand.

### Roll Call on Tabling.

Senator Mattes of Otoe, avowed enemy of every and all forms of resolutions and memorials to congress, proposed that the original motion, with the substitutes, be tabled. A roll call was demanded and the vote stood 12 to 20 against tabling.

In favor of tabling were: Bushie, Deuthoff, Hager, Henry, Howell, Lahner, Mattes, McMullen, Neal, Randall, Spink and Strechlow. This represents the republicans, besides Mattes and Strechlow.

### Against tabling were:

Adams, Albert, Beal, Bennett, Bohman, Chase, Davis, Gates, Hager, Henry, Howell, Kohl, Moriarty, Oberlies, Robertson, Samuelson, Sawyer, Tanner, Wilson of Dodge and Wilson of Grant.

### The senate then adopted Moriarty's

motion to pass the resolution until Wednesday morning, so that every senator would have a chance to scrutinize the various printed resolutions.

### What Beal Would Do.

This is Beal's resolution: Whereas, President Wilson's desire to be clothed with authority to arm vessels passing through the sea zones was thwarted through dilatory tactics resorted to by a small group of United States senators in the last hours of congress, he it is resolved, by the senate of Nebraska, that we do not approve of the conduct of said group of senators, and we do not believe that their course in the premises meets with the approval of the people of Nebraska or the people of the United States.

### McMullen's Plan.

This is Senator McMullen's resolution: Whereas, During the closing hours of the sixty-fourth congress, the senate of the United States had under consideration a measure granting authority to the president to arm American merchantmen, and, Whereas, A majority of the senate were favorable to the enactment of said measure into law, but were prevented from voting on

### Dandruff Heads

#### Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp; and rub it in gently with the finger tips.

By morning most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advertisement.

## BOARD OF HEALTH ON BROADER BASIS

Unanimous Vote Given Plan to Do Away With Board of Secretaries.

### NO EXTRA CITY JUDGE

(From a Staff Correspondent.)

Lincoln, March 6.—(Special.)—The Fox bill, S. F. 60, reorganizing the state board of health on a broader basis and doing away with the present board of secretaries except in a strictly advisory capacity, passed the senate today by a unanimous vote of 31 to 0.

The bill, by Mattes of Otoe, will go to the house, where H. R. 124, the identical measure, is on the general file in that body. Its friends will get S. F. 60 substituted for H. R. 124, so that the bill will be ready for the governor when passing the house committee of the whole and third reading.

### No Fourth Judge.

S. F. 222, by Tanner, to create a fourth municipal judge in Omaha, failed on third reading. Moriarty, Bennett and Howell voted against it. When the count was finished, several other senators called attention to the lack of unanimity, and changed their votes to "no." The bill lost, 18 to 11.

Senator Moriarty's much discussed bill to prevent circulators of petitions under the commission form of government from receiving consideration for their work, S. F. 21, passed, 21 to 11. Explaining their vote on the ground that the law was a hit at the right of municipal initiative were Chappell, Howell, Oberlies and Sandall.

### Successful Revival at Arnold.

Arnold, Neb., March 6.—(Special.)

## Boy Scouts Will Help in Big Drive Upon City's Dirt

Boy Scouts will co-operate in a general spring clean-up campaign of the city. They will work under direction of a central organization representing the health department, Board of Public Welfare and Woman's club.

Health Commissioner Connell will address the boys Friday evening. The plan is to have the boys make a canvass of the city in uniform, meeting householders in a courteous manner and making notes of all places where yards and alleys are uncleanly. It is believed that most householders will yield to the power of suggestion from the Boy Scouts. The follow-up work will be done by the regular health inspectors, who will use more convincing methods when necessary. The campaign will be started in a few weeks. The health commissioner states there is nothing to prevent citizens beginning their spring clean-up work in advance of the city-wide campaign.

## Prof. Hertzog Praises This Perfect Laxative

Dr. Caldwell's Syrup Pepsin an Ideal Remedy for Constipation

In every family there is more or less occasion for a laxative remedy. It is to meet this need that Dr. Caldwell's Syrup Pepsin is prepared and that this combination of simple laxative herbs with pepsin fulfills its purpose as proven by its place in thousands of American homes.

Prof. F. J. C. Hertzog, the well-known linguist, 2341 North Orianna St., Philadelphia, Pa., wrote to Dr. Caldwell that he has used Dr. Caldwell's Syrup Pepsin in his household with excellent results and that he and his family consider it indeed a friend in need and always keep a bottle of it on hand.

Constipation is the direct cause of much serious illness and is a condition that should never be neglected. Harsh cathartics and violent purgatives should never be employed to relieve constipation, because the violence of their action shocks the entire system. A mild laxative, such as Dr. Caldwell's Syrup Pepsin, is far preferable, being mild and gentle in its action, without griping or other pain or discomfort; its freedom from all opiate or narcotic drugs makes it an ideal remedy for children.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.
