GRAIN AND PRODUCE

Cash Wheat is Very Active and Some Grades Bring Better Prices.

CORN DEMAND IS BRISK

The cash wheat situation was quite active today and while the market on the better grades of wheat was lower a few cars of wheat brought 10¢ advance over yesterday's market.

The market generally was quoted from 1/2¢ lower to 1/4¢ higher, No. 2 hard being 14.00, mixed, \$14.20; heavy, \$14.30; No. 3 hard, \$13.50; No. 4 hard, \$13.00.

The demand for all grades of corn was very good and while white corn was still quoted at premium prices the yellow and mixed sold very readily at advanced prices.

The better grades of white corn brought from \$1.02 1/2 to \$1.04 1/4; yellow corn ranged in price from \$1.02 1/2 to \$1.04 1/4.

Oats receipts continued light and while the demand for this cereal was not overactive it was strong enough to take care of the small offerings at prices ruling from 12.00 to 12.25.

The top price on oats today was 63¢ on No. 2 white, but the bulk of the offerings brought from 58¢ to 60¢.

Barley—No. 2 white, 1 car, \$1.04; No. 3 white, 1 car, \$1.02; No. 4 white, 1 car, \$1.00; No. 5 white, 1 car, \$0.98.

NEW YORK STOCKS

Relapse to Listless Conditions of February Most Striking Feature.

DEALINGS FALL AWAY

New York, March 8.—A relapse to the listless conditions of last month was the most striking feature of today's market. Dealings fell away by 30 to 40 per cent in comparison with the previous week.

There was a concurrent diminution of professional activity in ultra-speculative stocks. Probably in consequence of the failure to enlist public interest in that quarter.

General Motors remained the financial attraction ranged from favorable to the reverse, the delay in a settlement of the armed neutrality negotiating against shippings and kindred issues.

Such changes as occurred in prices of important stocks represented little more than the caprices of the trading reduced United States Steel and allied shares were steady to strong most of the session.

The more substantial advances, very few of which were fully retained, included Texas Company, which rose 4 1/2 to 24 1/2.

Each for International Agricultural, Chemical Preferred and American Cotton Oil Preferred, and 2 to 3 points for Gulf States Steel, Mexican Petroleum, American Smelting, International Paper Preferred, Peoples Gas, and Ohio Gas, the latter extending its gain to 4 1/2 points, at 30 1/2, just before the close.

Relates continued to show general heaviness, with further moderate fluctuations of high grade, including Chicago & Northwest and other grangers. New York, Chicago & Colorado, Washington and Oregon White, and Missouri Pacific, all were 1/2 to 1 point lower.

Operations of exchange were nominal, sterling and marks hardening, with another setback in rubles. Maintenance of the prevailing discount rate by the Bank of England was attributed to the reduced liability reserves reported by that institution.

Bonds were steady, except for a further decline in Distillers Securities to the new low record of 62. Total sales, par value, \$1,250,000.

United States bonds were unchanged on call. Number of sales and quotations on leading stocks were:

MOTORCYCLIST CRASHES

Into Auto; Hurts His Leg

Paul Mulligan of Florence was badly cut and injured about the right leg when a motorcycle he was riding crashed into an automobile driven by E. L. Kingsburg, 582 1/2 Brandeis building.

Mulligan was driving his motorcycle north on Seventeenth street. It was a machine of manufacture different from that which he was accustomed to ride. In attempting to put on the brake he put his foot on the accelerator and the machine leaped into Farnam street at a rapid clip.

FARM MORTGAGES

Much of the demand for farm mortgages comes from those who have been paying taxes on their savings. If their money has been earning only 4 per cent taxation takes a considerable part of the income.

The money invested in farm mortgages is certainly just as safe as in banks or savings institutions, where it is taxable, and the net income is very much greater.

The holder of a mortgage knows just where his money is. He need not be an expert accountant to determine whether it is safe—plain common sense is his best guide.

When you buy a security from us your dealings with us have only commenced, for we look after the collection of interest and principal and paying it over to you during the life of the loan; also watch to see that taxes on the property are paid, insurance kept in force, etc.

We describe below a few of the many choice loans on hand for sale to investors—

\$2,500—On 80 acres, Merrick County, near Grand Island; valued at \$8,000—5 per cent.

\$3,000—On 80 acres, Thurston County, near Winnebago; valued at \$9,000—5 per cent.

\$4,000—On 120 acres, Nuckolls County, near Nelson; valued at \$10,800—5 per cent.

\$6,500—On 154 acres, Thayer County, near Desler; valued at \$16,000—5 per cent.

\$7,000—On 250 acres, Dixon County, near Wakefield; valued at \$35,000—5 per cent.

\$8,000—On 160 acres, Saunders County, near Swedeburg; valued at \$16,000—5 per cent.

\$9,000—On 240 acres, Thayer County, near Carleton; valued at \$24,000—5 per cent.

\$10,000—On 240 acres, Butler County, near Surprise; valued at \$35,600—5 per cent.

With each loan is note, mortgage, abstract, attorney's opinion on title, showing our mortgage to be a first lien, insurance policy, owner's description of farm and our own examiner's description and valuation.

Monthly paper, "The Investor," with lists of securities, mailed free upon request to all who have \$100 or more which they wish to keep safely at interest.
