

Nebraska NINE MILLIONS IN CASH PASS HOUSE

Total of Bills That Have Gone Through Lower Chamber So Far.

OTHERS YET TO COME

(From a Staff Correspondent.)
Lincoln, March 8.—(Special.)—According to a report made by the finance, ways and means committee, appropriation bills have passed the house amounting to \$9,581,407. According to the same report the appropriations at the last session amounted to \$7,273,701, which is \$2,307,705.

There are other appropriation bills yet to be considered which will probably run the amount up \$1,000,000 more. This is due to the fact that several matters involving the expenditure of large amounts have come up at this time which were unavoidable.

The funeral was largely attended and there were many visiting Masons from out of town.

Legal Fight Under Way To Get Possession of Child

Nebraska City, Neb., March 8.—(Special.)—The case of Penn against Jack, up for trial in district court, will be heard fought by both sides. Mrs. Jack, formerly Mrs. Leon Penn, when granted a divorce from Mr. Penn, was given the custody of their daughter, Evelyn, now a child of 15 years. Now after several years the father of the child and his parents are trying to gain possession of the daughter, claiming that they have supported her. The Penn family is prominent in this city and well-to-do, as are also Mr. and Mrs. Jack, Mr. Jack being a traveling salesman out of Omaha.

HYMENEAL.

Huber-Huber.

Fairbury, Neb., March 8.—(Special.)—A pretty March wedding was solemnized at the home of Mr. and Mrs. Louise Huber yesterday, when sixty guests witnessed the marriage of their daughter, Miss Hazel to Edward Huber of Formoso, Kan. Miss Marie Anderson played "Flowers and Ferns" on the violin and Mrs. Sutherland played the Mendelssohn wedding march. Rev. R. M. Orill of the Methodist church officiated. Little Josephine Upp carried the ring in the heart of a white lily. Miss Marguerite Anderson was bridesmaid and Virgil Harris best man. Franklin later declined the position at Lyons and accepted the superintendency of the Craig school.

Some Good Advice.
"Don't think too much of your own methods. Watch other people's ways and learn from them." This is good advice, especially when bilious or constipated. You will find many people who use Chamberlain's Tablets for these ailments with the best results, and will do well to follow their example.—Advertisement.

Rochambeau Has Gun Mounted Upon Its Forecastle

New York, March 8.—Two guns, one forward on the forecastle head and the other aft, were mounted on the French passenger steamship Rochambeau, which arrived here today from Bordeaux. The gun forward was a rapid fire naval piece, and that aft was the usual four-inch gun which has been on French ships for several months. The Rochambeau is the first ship to arrive here equipped with guns forward and aft since the war began.

If it can get a crew the 14,000-ton freighter Manchuria of the Atlantic transport line will sail for London today unarmored. The Manchuria is the first vessel under the American flag to load mails for a prohibited port since the American line canceled sailings on February 2.

The crew struck yesterday for a 75 per cent war bonus. The company had already granted 50 per cent and declined to give any more on the ground that a further increase would be unfair to the men who had sailed two weeks ago on the Mongolia satisfied with a 50 per cent bonus. Officers of the company said they expected the men would come to terms or they could get a new crew in time to send the vessel out before sunset.

The Adriatic, from Liverpool, is expected to arrive late Saturday or on Sunday morning. A wireless message received by the White Star line said that all was well with the liner.

Brodegaard Firm Sues; Wants Stocks Canceled

Fred Brodegaard, the Omaha National bank and John C. Wharton are named as defendants in a suit brought in district court by the Brodegaard Jewelry Stores, Inc., seeking to cancel an issue of stock, alleged to have been made by Mr. Brodegaard by himself without authority. The Brodegaard company, now in the hands of a trustee, alleges that Fred Brodegaard "fraudulently and unlawfully" caused to be issued to himself 149 shares of capital stock in the company to the face value of \$14,900.

The company asserts that the issue was unauthorized and is now void of no effect. The stock is in the possession of the bank and Mr. Wharton, according to the company's petition. The court is asked to declare the stock null and void.

Jefferson County Farm Land Has Big Boom

Fairbury, Neb., March 8.—(Special.)—During the last month Jefferson county has had a boom in the sale of farm land, and not in the history of the county has so much land changed hands. During the week just closed real estate transfers in this county exceeded half a million dollars, aggregating \$712,819.18. Altogether, seventy-one transactions, principally involving farm lands, were made. The largest deal was the purchase of the Jack Hughes ranch in the southeastern portion of the county by K. P. McCullough of this city for \$40,000.

Ed Burkhardt, a farmer living six miles northeast of Fairbury, recently turned down an offer of \$150 per acre for his quarter section. A 100-acre tract, two miles north of the city brought \$175 per acre.

Cole Creamery Company Sues Collector Loomis

After paying an assessment of \$1,169 to the department of internal revenue under protest, the David Cole Creamery company has filed suit in federal court against George L. Loomis, collector of internal revenue, to recover the money. Revenue officers seized 630 pounds of butter made by the firm, it being alleged by the authorities that there was more than the permitted amount of water in the bread lubricant. This was not so, the creamery's petition asserts, so the firm wants reimbursement.

Plan New Road in Cass.

Plattsmouth, Neb., March 8.—(Special.)—Today about seventy-five farmers of Cass assembled at the court house, where they addressed the county commissioners, who were in session, on the matter of establishing a cross-county highway to connect at Murray with the Omaha-Kansas City highway and in the western portion of the county with the Omaha-Lincoln highway, thus giving all the towns in the county an opportunity to enjoy the good roads which have been established. The delegation was accompanied by the Murray Commercial club and after the hearing had been held before the board of county commissioners the delegates present completed a county organization, electing C. M. Andrus of Manly president and C. W. Boedaker of Murray as secretary and members of the board of boosters from each precinct.

Removes Hairy Growths Without Pain or Bothers

(Modes of Today)
It is not necessary to use a painful process to remove hairy growths, for with a little delicate handy you can make the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone.—Advertisement.

DEMOCRATS WILL CONDUCT INQUIRY

Lieutenant Governor Howard Names Them on Committee for Phone Probe.

JUST A FAMILY AFFAIR

(From a Staff Correspondent.)

Lincoln, March 8.—(Special.)—Lieutenant Governor Howard today appointed a committee of three consisting entirely of democrats to investigate the charges made by a democratic senator that certain democratic state officers had been accepting favors from a telephone company in the way of free service.

In making his explanation of why he appointed all democrats on the committee, the lieutenant governor said that it was entirely a family affair and, therefore, he thought that it was best to have democrats investigate democrats, as they knew democratic tendencies and could, therefore, make investigations along lines which a republican knew nothing about.

The committee appointed consists of Wilson of Dodge, Chappell of Minden and Adams of Cawpell.

Prominent Madison Man Dies Suddenly

Madison, Neb., March 8.—(Special.)—James B. Hume died suddenly while sitting in a chair about 7 o'clock yesterday morning. Death probably was due to apoplexy. Mr. Hume was a large property owner in and about the city of Madison, having been engaged in the lumber, grain, elevator and heating mill business. He was also extensively engaged in farming and stock raising, owning a large ranch several miles northeast of Madison. From the day he set foot in Madison thirty-two years ago he has been closely associated with every movement which had for its end and purpose the building up of the city, and was invariably on the right side of every civic movement, and in his death the city loses one of its most helpful and progressive citizens. He was born April 10, 1850, at Hillsborough, Ireland. When 21 years of age he came to America. He is survived by his wife, Emma D. Matthews Hume; one son, George Hume, and two daughters, Mrs. Myra Pearce and Mrs. Dorothy Basse, all of this city. He was a member of the Presbyterian church and of Globe Lodge of Masons of this city. Funeral services will take place at 3 o'clock Sunday afternoon at the family residence.

Flynn and Charles W. Peersall. This is an adjourned term, with jury, to try the case of Nebraska Potash company against Potash Produce company. From present indications it will take a week in which to complete, there being a long list of witnesses; title to land and value of products being at issue. This is Judge Woodrough's first appearance on the bench at Chadron.

YOUR FRECKLES

Need Attention in March or Face May Stay Covered.

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The March winds have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use othine—double strength.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of othine—double strength, and even a few applications should show a wonderful improvement, vanishing the smaller freckles even vanishing entirely.—Advertisement.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.
