

**HARD SURFACE ROAD  
OMAHA TO LINCOLN**

**Bill Passes House to Permit  
Construction of Toll Auto  
Line.**

**TO BE COMMON CARRIER**

(From a Staff Correspondent.)  
Lincoln, March 9.—(Special.)—A hard surface road built and operated by a corporation with toll privileges, all to be under the jurisdiction of the State Railway commission, may be a possibility between Lincoln and Omaha, if house roll No. 170, a bill sponsored by Speaker Jackson and Representative Peterson of Lancaster, which passed the house today, goes through the senate and meets the approval of the governor.  
The bill provides that not less than three persons may form a corporation and apply to the State Railway commission for stock and bond issues for the purpose of building the road, which is to be used for the transportation of passengers and for carrying freight and express.

The company has the same rights as a railroad to obtain land through which the road may run and held to be a common carrier and under the same restrictions as any other common carrier. It may charge a toll for the use of the road by outsiders.  
While no one will admit that there is any deal on at the present time for building such a road from Omaha to Lincoln, it was noted that in a debate a reference was made several times to it.

Tracewell of Cherry said he had authority from his people to say that any company formed for the purpose of building such a road would find plenty of encouragement for building it through his county and he was willing to put up a bond guaranteeing such assistance. The bill passed by a vote of 72 to 23.

**Most Effective Remedy  
Mother Had Ever Used**

**Dr. Caldwell's Syrup Pepsin  
Relieves Baby when Other  
Medicines Failed**

There is nothing so necessary to a child's health and comfort as regularity of the bowels. All children are especially susceptible to stomach trouble and any overstrain of the sensitive organs has a tendency to obstruct elimination. This condition is responsible for much of the illness of childhood.  
To relieve constipation a mild laxative should be employed. Cathartics and purgatives are violent in their action and should be avoided. Mrs. Alfred Du Bois, Mt. Holly, N. J., says Dr. Caldwell's Syrup Pepsin is without doubt the most effective remedy for constipation she has ever used and that it is the only remedy she could find for her baby. Little Earl was badly constipated during his first year and nothing she tried seemed to help him until she got a bottle of Dr. Caldwell's Syrup Pepsin. Now he is a fine, strong, healthy boy, and she thanks Dr. Caldwell for it.  
Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, free from opiates or narcotic drugs; it acts gently without gripping or other discomfort, and appeals to children because of its pleasant taste. Druggists everywhere sell it for fifty cents a bottle, and every mother should have it in the house for use whenever occasion arises.  
To avoid imitations and ineffective substitutes always be sure to ask for Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.
