New Method of Reducing Fat. A news item from abroad informs us that the American method of producing a slim, trig figure is meeting with astonishing success. The system, which has made such a wonderful impression over there, must be the Marmola Prescription Tab method of reducing fat. It is safe to say that we have nothing better for this purpose in this country. Anything that will reduce the excess flesh, two, three or four pounds a week, without injury to the stomach, the causing of wrinkles, the help of exercising or dieting, or interference with one's main is a mighty important and useful addition to civilization's necessities. Just such a catalogue of good results, however, follow the use of this pleasant, harmless and economical little fat reducer. We say economical because Marmola Prescription Tablets (made in accordance with the famous prescription) can be obtained at a very modestly economical price considering the number of tablets each case contains. They are harmless. Advertisement.
