

SEE THEM SOAR!—Eggs, potatoes, onions, peas, beans—everything in the food line soaring beyond the family purse, except SHREDDED WHEAT BISCUIT, the standard whole wheat cereal food, which sells at the same old price. The New York World urges people to boycott the egg and other expensive foods and eat cereals, which have a higher nutritive value at a lower cost. Two Shredded Wheat Biscuits with milk make a complete meal at a total cost of four or five cents, furnishing all the nutriment one needs. For breakfast with milk; for supper with sliced bananas or stewed prunes. Made at Niagara Falls, N. Y.

NOSE CLOGGED FROM A COLD OR CATARRH
Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffing, mucous discharge, headache, dryness, no struggling for breath at night, your cold or catarrh is gone.
Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.—Adv.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.
Do this tonight, and by morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.
You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustreous, glossy, silky and soft, and look and feel a hundred times better.
You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

Hairs Will Vanish After This Treatment

(Toilet Helps)
You can keep your skin free from hair or fuzz by the occasional use of plain delatone, and in using it you need have no fear of marring or injuring the skin. A thick paste is made by mixing some of the powdered delatone with water. Then spread on the hairs and after 2 or 3 minutes rub off, wash the skin and all traces of hair have vanished. Be careful, however, to get real delatone.—Advertisement.

How to Select Cleanser That Won't Ruin Teeth

Most persons are themselves to blame for bad teeth and gums because of ignoring four vital facts: 1. Unwholesome teeth, injured gums, invite germs by millions. 2. "Grit" in a dentifrice is necessary to keep teeth perfectly clean, free from stains, tartar, etc. 3. Paste, cream, powder or liquid without grit is useless, or injurious if dependent for cleansing property upon powerful acid or alkaline substance which eats enamel away. 4. Insoluble grit is dangerous; thousands of tiny, sharp particles get under gum at necks of teeth, into pyorrhea "pockets," serving as sources of irritation, inflammation, infection.
So simple a thing as soluble avatol cleanses teeth thoroughly, removing discoloration, polishing them beautifully, yet without any harmful result. The grit in avatol entirely dissolves a minute after entering the mouth—does not remain to inflame the gums, encourage pyorrhea, etc. (It is a germ destroyer, a pyorrhea preventive.) To prove its solubility, put a brushful into a small bottle of water—see how completely it dissolves, leaving no sediment! You'll be glad to know you can get a tube of soluble avatol from your druggist for 25 cents.—Advertisement.

HYOMEI (ANNOUNCED HIGH-O-ME)
ENDS CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or sneezing back. Sold and guaranteed by Sherman & McConnell Drug Co.

IF YOU HAVE A COLD OR LA GRIPPE
There's a new "WEEKS' BREAK-UP" GOLD TABLETS!
This is the only "WEEKS' BREAK-UP" GOLD TABLETS that will give you relief in 15 to 30 minutes.

The "production" end of burlesque has climbed so high that as seasons pass it will give the \$2 musical comedy a greater jolt than even now. Compare them.

Brief City News
Meads Lamps—Burgess-Grandea Co. Have Root Print It—Now Beacon Press. Kiser, Book moved to Loyal Hotel Bldg. Quilts quam quantities, Edholm, Jeweler.
Wife Wins Divorce—Anne A. Nelson was granted a decree in divorce suit from Jesse W. Nelson on grounds of alleged cruelty.
To Buy Merry-Go-Rounds—The city clerk will advertise for fifteen playground merry-go-rounds which will be installed this spring by the Recreation board.
McDonald's Condition Serious—William McDonald, secretary of County Commissioner McDonald is reported to be critically ill. Physicians say his condition is very serious.
Dynamite Ice—Following reports that the county bridge over the Platte river at Valley was in danger, County Engineer Adams issued orders that the ice in the stream be dynamited.
Thief Grabs "Smokes"—Six boxes of cigars and a Thermos lunch box were stolen from the R. L. Tinkham pharmacy, 3233 Cuming street, by a thief who pried open the front door Monday night.
City Seeks Bids—The city commissioners directed the city clerk to advertise for bids on lumber, cement, crushed stone, castings, sand, sewer brick and sewer pipe to be used by the city this year.
Turner Gets Contract—J. E. Turner has been awarded a contract to grade a new boulevard from Fontenelle to Miller parks, on a big of 17 1/2 cents per yard. Approximately 80,000 yards of earth will be moved.
Employment Bureau Busy—The cooperative employment bureau, maintained by the city government and the Board of Public Welfare, in the court house, last week placed 133 men and women in employment. The bureau received 218 applicants for work and referred 177 to positions.
Careless Visitor Trimmed—"I didn't suppose it was necessary to lock my door at the hotel," Vic Whelan of Memphis, Mo., told police the morning after he arrived in Omaha. He reports that a thief entered his room and removed \$11 from his trousers, but kindly left him that very necessary garment.
Nurses Organize—At the Young Women's Christian association building a nurses' association has been organized, the purpose of the members being to render their services to the government in the event they should be needed. Up to this time there are twenty-two young women in the class. A night school, meeting each Monday evening, is being conducted.
Pumpers Saved Bluffs—The work performed by two pumpers sent by the Omaha fire department to the Council Bluffs fire convinced Superintendent Withnell of the value of this type of fire apparatus. These pumpers were purchased last year. Mr. Withnell states that the Bluffs fire would have been much more disastrous had it not been for the timely arrival of these pumpers.

Thirty-Six Dead In Sunday Storms In Ohio and Indiana
Newcastle, Ind., March 13.—Food supplies and money began to reach here tonight to alleviate suffering following in the wake of the tornado, which yesterday swept through the city causing the deaths of nineteen persons and a property damage of more than \$1,000,000.
In addition to the nineteen, two of whom succumbed to injuries today, there are two persons missing and a score in hospitals seriously injured. It is not believed there are other bodies in the wreckage caused by the tornado.
The food problem began to take on a serious aspect early in the day. Crackers sold at 2 cents each and bananas at 5 cents apiece. The gas supply was shut off and many places were without means of preparing food that was at hand and canned goods were at a premium.
In answer to the appeal for financial aid, sent broadcast over the state by a citizen's committee, relief funds have been started in many cities of the state.
Thirteen lives were lost in other towns nearby.
Cincinnati, O., March 12.—Three lives were lost here and one at Brookville, O., as a result of Sunday's storm.

China on Verge of Break With Kaiser; May Be Revolution
Washington, March 13.—News was received here that both houses of the Chinese parliament have approved the government's policy to break with Germany. A report from Peking dated Sunday said the government was expected to break off relations Monday.
The appeal by the former president, Dr. Sun Yat Sen to Premier Lloyd George of England to stop the allies from trying to bring China into the war provoked discussion as to whether drastic action by the Chinese government would be supported by the people or would lead to popular uprising. Dr. Sun is believed to have tremendous influence in the south of China.
According to the delayed report from Peking, the German minister presented a note to the foreign office offering to negotiate for the protection of Chinese lives and property in the submarine zone. It had no influence on the cabinet and the senate.
Over 100,000 Tons Shipping Is Sunk During Three Days
Berlin, March 13.—(By Wireless to Sayville.)—The following statement on submarine operations was issued today by the Overseas News Agency (the official German news bureau):
"The official report for March 11 states that 42,000 tons of shipping were sunk. Together with the reports of March 7 and 8, this gives a total of more than 114,000 tons.
To Collect Three Hundred Million in Income Taxes
Washington, March 13.—Preliminary reports to the Treasury department indicate the government will collect \$300,000,000 in income taxes during the current fiscal year, or about two and one-half times as much as during the pending twelve months. Internal revenue receipts are expected to exceed \$200,000,000, an increase of nearly \$200,000,000.
War Upon Pain.
Shan's Lintment prepares you for every emergency. Keep it handy—it's the greatest pain killer ever discovered. At all drug stores. 25c.—Advertisement.

AMERICAN PATROLS IN CUBAN STATIONS

Marines and Bluejackets Are in Other Places Besides the Port of Santiago.

SITUATION IN THE INTERIOR

Santiago, Cuba, March 13.—From his base at Guantanamo Admiral Henry T. Mayo, commander of the United States Atlantic fleet, received reports today from at least five Cuban shore stations where American forces have been landed. From none of them, however, came any evidence that the putting ashore of the Americans was the beginning of intervention.
Five hundred marines and bluejackets are in Santiago patrolling the city, while smaller detachments are doing similar duty in Guantanamo, Manzanillo and Neuviatas. The only interior station where American men-of-war-men have been placed is El Combre mine, a few miles from Santiago. The Americans here have been careful not to interfere in the least particular with the conduct of the civil government, the officials appointed by the liberals before the evacuation of the city by their troops remaining in control.

Situation in Interior.
Just what the situation is in the interior is not known by the Americans. The government advance forces, commanded by Pablo and Fausto Menocal, brothers of President Menocal, arrived at San Luis today, which was evacuated yesterday by General Comacho, after brief fighting in which there were a few casualties. Rigoberto Fernandez, with his force of rebels, is at Songo, southeast of San Luis. This district is about 20 miles north of Santiago. The Menocal brothers said they would await reinforcements before advancing further.
The banks here remain closed under orders from their main offices. It is thought that the most practical reason for the closing of the banks is that much of the funds have been withdrawn by depositors, and that all the government funds, something in excess of \$800,000 have been taken by the rebels.
Ceases to Be Closed Port.
Santiago ceased to be a closed port yesterday. The Cuban gunboat Mantanzas, which had been at the mouth of the harbor for two days, left this morning for Guantanamo. It had not been permitted to enter Santiago by Commander Reginald R. Belknap, commanding the American naval forces, who has the mine layer San Francisco and the cruiser Olympia in the harbor.

Retail Food Prices Rise Nineteen Per Cent in Year
Washington, March 13.—The retail food prices in the United States advanced 19 per cent in the year ending with January 15, as shown in statistics prepared today by the Bureau of Labor Statistics. The increase was greater than for the three years previous combined. The four years' gain was 30 per cent. Every food staple except coffee and tea advanced during the year. Onions and potatoes led with increase of more than 50 per cent.
Some of the advances were:
Steak, 8 per cent; round steak, 8 per cent; rib roast, 8 per cent; chuck roast, 7 per cent; pork chops, 10 per cent; bacon, 8 per cent; ham, 4 per cent; lard, 22 per cent; bone, 14 per cent; salmon, 7 per cent; eggs, 22 per cent; butter, 18 per cent; cheese, 27 per cent; milk, 11 per cent; bread, 12 per cent; flour, 28 per cent; cornmeal, 22 per cent; potatoes, 47 per cent; onions, 58 per cent; beans, 29 per cent; prunes, 6 per cent; raisins, 16 per cent; sugar, 16 per cent.

Tariff Upon Indian Cotton Goods Will Precipitate Battle

London, March 13.—The new Lloyd George government will meet the first difficult hurdle in the House of Commons Wednesday when Parliament will be asked to authorize a new policy in Indian affairs, placing a protective duty on cotton goods. Special preparations are being made by all parties in anticipation of a critical division.
The reply of J. Austen Chamberlain, secretary for Indian affairs, to a deputation representing all sections of the Lancashire cotton industry today seemed to imply that the government intended to stand fast by its decision, in which case there would be a straight fight between the protectionists and free traders in Parliament and at the moment it is impossible to foresee the result, the ordinary party cleavages being disturbed by the war. Mr. Chamberlain appealed to the Lancashire deputation, saying that India's financial assistance in the war is needed and that the members ought, in a spirit of patriotism, to waive their objections to the cotton duties, which were required to enable India to meet the interest on the war loan.

I. W. W. Captives Made to Run Gauntlet of Clubs
Seattle, Wash., March 13.—In reviewing conditions that culminated in the riot at Everett, Wash., last November 5, when two members of a sheriff's posse and five members of a free speech expedition were killed, W. R. Booth, a member of the posse, testified at the trial in the superior court here today, of Thomas H. Tracy, accused of murder of Deputy Sheriff Beard, that on last October 30, he and other citizens escorted a party of "free speech" advocates to Beverley Park, a suburb of Everett, and that while he did not participate in beating the captives, he heard from subsequent reports that they were made to run a gauntlet of clubs, wielded by their captors, and then were warned not to return to Everett.

Smuts Would Not Give Up the African Colonies
London, March 13.—Lieutenant General Jan Christian Smuts, former commander of the expedition against the German forces in East Africa, and who recently was made a privy councillor, arrived in England today. General Smuts said the campaign in East Africa is virtually ended and that the operations against the remnants of the Germans will be undertaken by native troops, as white troops are unable to stand the climate long. He said East Africa is enormously valuable, the Germans having spent millions developing it. He declared the mere suggestion that any part of it be returned to Germany is preposterous.

ALLIES HIT DUAL BLOW IN THE WEST

French Gain in Champagne and British Advance on Their Front in France.

TURK GUNS FLUNG IN TIGRIS

(By Associated Press.)
Again the French and British war offices record gains against the Germans in France. Striking in the Champagne region on a front of 1,500 meters, west of Maisons de Champagne, the French recaptured all the positions previously taken by the Germans on Ridge 185 and also invaded a German fortified work. One hundred prisoners were taken in the operation. In the Woerwe region, near Seicheprey, a rail on a German trench was successfully carried out, while attacks by the Germans between Soissons and Rheims were repulsed.
The British entered German trenches near Bouchavesnes, north of Peronne, and also carried out raids successfully south of Arras. In the latter sector the German positions were bombed and many casualties were inflicted on their occupants.
Two Stories of Air Battle.
Heavy artillery activity is in progress in the Ancre and Somme sectors, according to Berlin. The German war office reports the stopping of a French attack south of Ripont, in Champagne, and also the destruction of sixteen entente airplanes and two captive balloons in attacks by the Germans. The London war office announces that nine German machines were brought down or driven down damaged, and admits that five British machines are missing.
On the other fronts, except in Mesopotamia and Persia, where it is assumed that both the British and Russians are still harassing the Turks, only minor operations have been reported. As yet the full details of the capture of Bagdad by the

British have not been made public, although announcement was made in the British House of Commons that there was reason to believe two-thirds of the Turkish artillery had been captured by the British or thrown into the Tigris, and that in addition large numbers of prisoners and quantities of materials of all kinds were taken. Again the Turks are reported by Petrograd to have made a further retreat in Persia, this time leaving a position near Bisitun, twenty miles northeast of Kermanshah, and retreating toward Hadjiabad. Bisitun was occupied by the Russians.
In Macedonia there has been an increase in the artillery activity in the Presha lake and Cerna river sectors, probably presaging an early

recommencement of hard fighting in this region.
The possibility that Germany is to have another foe arrayed against it is indicated in an unofficial dispatch from Peking, which says the Chinese House of Representatives has approved the government's diplomatic course, which includes the severance of diplomatic relations with Germany.
Woman and Two Children Killed as Auto Ditched
Milton, Ia., March 13.—Mrs. Staatter and two small children were killed and Dr. Staatter and son perhaps fatally injured when the automobile in which they were riding went into a ditch here tonight during a sleet storm.

Hope Almost Abandoned When She Found Remedy

Dr. Caldwell's Syrup Pepsin Relieves Chronic Cases of Long Standing.

After a long period of suffering with liver and bowel trouble that brought on piles, during which she had tried many remedies without obtaining relief, Mrs. Mary J. Jewell of Berrien Springs, Mich., heard of Dr. Caldwell's Syrup Pepsin and obtained a bottle from her druggist. This simple, inexpensive laxative compound brought almost immediate relief and Mrs. Jewell wrote to Dr. Caldwell about her case.
In her letter Mrs. Jewell says, "I had tried so many things for the piles, without being helped at all, I had about given up hope of ever being any better. I knew it was the condition of my bowels that caused them, and after I had taken a bottle of your Syrup Pepsin I knew it was just the medicine I needed. I am very grateful to you for sending me the little book—the advice and instructions it gives would teach anyone how to get well and how to keep well."
Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, free from opiate or narcotic drugs, and is mild and gentle in its action, bringing relief in an easy,

natural way, without griping, or other pain or discomfort.
Druggists everywhere sell Dr. Caldwell's Syrup Pepsin for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.
