

## GRAND DUKE WILL TAKE COMMAND

General Who Was Relegated to Caucuses by Reactionaries Arrives at Petrograd.

### CAPITAL IS NOW ORDERLY

London, March 10.—Grand Duke Nicholas is reported in a Reuter dispatch from Petrograd, to have reached the Russian capital, probably to take command of the troops.

The question of replacing officers who were dismissed by their own troops is one which must be decided most promptly. In the meantime the provisional government is doing its utmost to straighten out the numerous tangles. The Duma and the Zemstvo council are working hand in hand, although issuing separate proclamations.

Despite the nonappearance of newspapers, the public is better informed of what is going on than ever before. For this purpose a special squadron of motor cars have been commandeered by the executive committee and these cars go about the city distributing printed bulletins free to everybody. The most authentic news gains speedy circulation.

Through this bulletin service President Rodzianko has appealed earnestly to the people not to injure government buildings, telegraphs, the water supply equipment, factories, etc., and also to continue the public services and avoid bloodshed. In the meantime he is energetically tackling the food problem and the public is confident that the combined efforts of the Duma and the Zemstvo will soon assure an adequate supply. Large stores of flour have been uncovered in various parts of the city. The factories have formed a police service for patrolling the factory districts, enrolling one out of every ten of their workmen.

## RAILROADS SEE MUTINY AMONG BROTHERHOODS

(Continued from Page One.)

have to make. Meantime there will be no change in the situation.

The national conference committee of railways announced that it was ready to co-operate with the president's mediation committee in efforts to prevent a strike. Several of the managers were about to leave for their headquarters in the west when news of the coming of the mediation committee was received.

The managers were informed that the engineers on the Santa Fe system had wired their grand chief they had withdrawn and would refuse to obey the strike order.

The conductors and engineers on the St. Louis & Southwestern have withdrawn, according to word reaching the managers, and on the Illinois Central the firemen have announced their intention to withdraw.

"I don't believe it," said G. H. Sines, vice president of the Brotherhood of Trainmen, when the managers' reports of withdrawals were called to his attention. "The last reports we had from St. Louis and the railroads entering there showed the vote there for a strike was solid."

Mr. Lee, when informed later of the reports, discredited them. He insisted that all the men who took the strike vote would stand by it and strike.

The sixth floor of the Grand Central terminal was being fitted up by the New York Central this afternoon with cots and other facilities for strike breakers and men who do not go on strike. It was learned that other eastern roads were making similar preparations.

New York, March 16.—Both sides in the threatened railroad strike controversy expressed a willingness today to hold further joint conferences, although the situation this morning was devoid of any suggestion that a compromise would be reached which would avert a nation-wide transportation tieup.

Indications were unofficially that both the railroad managers and the brotherhood chiefs were marking time pending any possible action by President Wilson, and with each group prepared to respond to overtures from the other side.

As one of the first steps to deal with the disorganization of transportation which will be caused by the railroad strike, the national conference committee of railway managers has informed the individual railroads that an embargo on all perishable freight is advisable.

The one hundred general chairmen of the eastern lines met here today to arrange details for the strike.

Appeal to Men to Stay.

Plans to combat such a strike were completed by the railroads of the country last winter when the crisis was averted by the action of President Wilson and the passage of the Adamson law. Each road apparently will work out its individual methods.

## WHAT IS LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA

A DIGESTIVE LAXATIVE

CATHARTIC AND LIVER TONIC

LAX-FOS is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:

CASCARA BARK

BLUE FLAG ROOT

RHUBARB ROOT

BLACK ROOT

MAY APPLE ROOT

SENNA LEAVES

AND PEPSIN

In LAX-FOS the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic.

Syrup laxatives are weak, but LAX-FOS combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-FOS is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

Indications today are that the managers hope a large percentage of their men will refuse to obey a strike order and that a partial service will be maintained notwithstanding the efforts of the brotherhoods.

Appeals to employees to remain loyal were issued last night by the New York Central and the Baltimore & Ohio roads which would be among the first affected by the walkout. One railroad authority said today that if the railroads could keep six trains in movement every day on their main lines they would break the strike. The roads expect to accomplish this and perhaps more by manning trains with pensioned employees, foremen, dispatchers and traffic and office men not members of the striking brotherhoods. Thus far the railroads have announced no plans for recruiting strike breakers outside the service.

The effect of the railroad situation was apparent here today in the rising prices of provisions. Hotels and restaurants and many individual consumers are laying in large stocks of food in anticipation of a tieup of freight facilities.

Reports from Kansas City and other points in the west that some of the employees were unwilling to obey a strike call were met by a statement by W. G. Lee, president of the Brotherhood of Railway Trainmen, that the leaders expected at least one in twelve to refuse to strike.

"Don't forget history says our Saviour found one Judas among the twelve He selected," Mr. Lee said. "We therefore do not hope to beat His record and we look for at least one in twelve. The only way to determine whether our men are in earnest is to count noses Sunday and thereafter."

"Don't forget that we left the entire matter to President Wilson last August and agreed to abide by his proposal then. The railroads refused to settle the question. I have since publicly proposed to leave the entire controversy to President Wilson to say personally whether we should have the eight-hour day in freight and yard service without reduction of the present daily rates."

"The railroads seemingly prefer a strike rather than abide by President Wilson's suggested method of settlement. Who is disloyal to the government?"

## IDOL OF RUSSIAN ARMY LOOMS UP AS MAN OF HOUR

(Continued from Page One.)

of the people. It is due to Prof. Milukoff that revelations regarding the political intrigue and corruption of the old reactionary government were brought before the public.

New Cabinet Appointments.

While the Duma and the workingmen's committee agreed upon the cabinet, they still remained somewhat at odds regarding the form the new government shall assume. The workingmen's deputies wished to leave this question undecided until after the holding of a constitutional assembly, which will be charged with revising the present constitution, desiring to call this assembly without delay. The Duma group, fearing dangers to the country in the absence of a definite government, suggested abdication of the emperor and the regency of Grand Duke Michael.

This will be the temporary arrangement pending the decision of the constitutional assembly. The following additional cabinet appointments have been made:

Minister of trade commerce, A. I. Konovaloff.

Procurator general of the holy synod, M. Lvoff.

Prince Lvoff, the new premier, is president of the central committee of all Russian Zemstvo unions.

Will Make Russia Real Power.

"The problems which we are going to solve consist of the re-establishment in Russia of a power capable of giving the people final victory over the enemy," said Prof. Paul Milukoff, the new foreign minister and one of the most prominent liberal leaders of Russia, in a statement today to the Associated Press.

"The great crime of the late government consisted of throwing the country into complete disorganization and subjecting it to the hardest trials. This state of affairs might even have had dangerous effects on the issue of the war. The increase

## Dress Warm and Keep Feet Dry

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of the impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.—Advertisement.

of popular discontent was the cause of the turn which events have taken. The anger of the people was such that the Russian revolution was almost the shortest and most bloodless in history.

"The late government was completely isolated, which confirms the fact that no one had confidence in it. The great events of the last few days make it possible for the people to gain fresh confidence. These events will increase popular enthusiasm and multiply the national forces, giving them at last power to win the war."

Duma in Full Control.

"During a few days the Duma attracted to itself the attention of the whole nation and was the center of enormous moral force. Today it had material forces also at its disposal, seeing that the army had taken its side. Every hour brings news bearing witness to the continual growth of power of the forces of the national representation."

The new government considers it indispensable that the abdication of the emperor be confirmed and the regency temporarily entrusted to Grand Duke Michael Alexandrovitch. Such is our decision. We consider it impossible to alter it.

"According to the latest news, the emperor is at Pskov (162 miles southwest of Petrograd). Contrary to certain rumors, his majesty has not been arrested. The empress remains at Tsarskoe Selo, where she is in perfect safety."

## Young Business Man of West Point is Dead

West Point, Neb., March 16.—(Special Telegram.)—Roy W. Holst, a prominent young business man, died suddenly this morning at his home here. Mr. Holst was seized a few days ago with a paralytic stroke and last night a blood clot formed on the brain, which caused his death. He was 22 years of age, the second son of the late Fred Holst, a pioneer merchant of this city. He was married only six months ago to Miss Rose Delmont of Beemer. He is survived by his young wife, one brother and a sister.

## Holy Family School Pupils Accept Vaccination Calmly

Health Commissioner Connell reports that all children attending Holy Family Catholic school were vaccinated without one remonstrance. Exposure to smallpox prompted the vaccination order by the health department.

## FACE BROKE OUT WITH PIMPLES

Disfigured Very Much. Itched and Burned. Cuticura Healed.

"My face broke out with red, sore looking pimples. The pimples festered and irritated very much, and mostly all ways came to a head so that my face was disfigured very much for the time being. Later on they became itchy and burned a lot. This lasted about two or three months."

"One day I sent for a free sample of Cuticura Soap and Ointment. I applied them in the evening and slept better for they cooled my face, so I bought more and in three weeks my face became clear, and I was healed." (Signed) Arthur Brismester, 3057 West 19th Street, Chicago, Ill., Sept. 25, 1916.

Cuticura Soap and Ointment have proved most valuable for the treatment of pimples, blackheads, redness and roughness, dandruff, itching, irritated scales with dry, thin and falling hair, of young and old.

For Free Sample Each by Return Mail address post-card: "Cuticura, Dept. H, Boston." Sold everywhere.
