Omaha and Chicago Unite To Avert Road Strike

The Chicago Commercial club wants the Omaha Commercial club to telegraph President Wilson about the threatened railway strike. A telegram from President John W. O'Leary of the Chicago Commercial club reached the Omaha Commercial club Friday morning. It asked that the president be urged to use all his influence with the two factions to persuade them to maintain the status quo pending the decision of the supreme court on the issue involved. The Chicago club has already sent such telegrams to Washington and has been influential in getting scores of individuals in Chicago to send similar telegrams. The matter will be referred to the officials of the Commercial club here, though there is a feeling the time is now too short to do much in the way of influencing action.

AN EXPERT ON COLDS Comparatively few people realize that a cold is a signal of physical weakness. To treat a cold with weakening physics, alcoholic syrups or drugged pills, may smother the cold but they also reduce the body powers still further and invite more serious sickness. Scott's Emulsion has always been an expert on colds, because it peculiarly enriches the blood, quickly tones up the forces and strengthens both throat and chest. Try Scott's, Refuse Substitutes.
