Big Eaters Get Kidney Trouble

Take a glass of Salts before break-fast if your Back hurts or Bladder bothers you.

Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result- is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead: your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid atomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.

Wednesday morning visiting the public library with their teacher, Miss Fannie Forsyth. Other children who will soon leave the grades to enter high school will make similar visits to the library this spring.

Their purpose is to become familiar with the institution and learn to use it in connection with debate preparation and other advanced school work. Miss Bertha Baumer and Miss Frances Sawyer of the reference and circulation departments, respectively, give instruction to the visiting pupils. Fifteen high school students came from Logan, Ia., and spent last Saturday at the Omaha library. They arranged in advance with Miss Edith Tobitt, the librarian, to have certain books and material ready for them to use in preparation for a high school debate.

Students from Nebraska City, Plattsmouth, Papillion, Bellevue, Blair, Decatur and other neighboring towns frequently come to the Omaha library to supplement school study, Miss Tobitt says.

Pupils who visit the library before April I will also inspect the display of paintings from the fine arts institute of Tokio, Japan. This exhibit is attracting much attention.

Switchman's lanterns are used as signals in Omaha's mysterious clearing house for stolen auto , according to a signed statement which Fred Davis gave to police. Davis and Page Fite came to court to appear as witnesses in a case concerning the larnesses in a case concerning the larceny of J. T. Hope's Ford car and
police straighway arrested them.
Davis implicates one Thomas Campbell of Council Bluffs as the leader
of the gang responsible for the disappearance of Hope's car, which was
found this week in a town out state.
The detective says Campbell is innocent of any part in the scheme.

FAST TRAIN HITS OMAHA MEN'S AUTO

James E. Brown and Son of County Attorney Magney Have Close Call.

ACCIDENT IS NEAR PORTAL

James E. Brown, 2320 South Thirtysecond street, and Vernon Magney, younger son of the county attorney, Tuesday evening, at Portal station, on the Burlington south of Omaha, narrowly escaped death by jumping from an automobile within a foot of a fast passenger train. The machine was thrown sixty feet and wrecked.

Messrs. Brown and Magney are employed in the same live stock office in South Omaha. Mr. Brown was driving a new roadster to his farm near Portal, having taken the car out for the first time Tuesday morning. The train, Omaha-bound, dashed out of a deep cut and it is said did not give the usual warning. The Burlington crosses the Union Pacific at the point of the accident.
