Flag Everywhere Displayed and Parades Testify to Loyalty of Citizens.

LEDGE SELVES TO NATION

Kansas City, March 25.—Thousands of persons brought to climax last night their observance of "loyalty day" by crowding into Convention hall to acclaim their patriotism.

Parades of state militia organizations and civilians tonight, preceded the mass meeting.

The Convention hall gathering had placed before it resolutions expressing support of the president and the nation and approval of the plans for universal training.

United States Senator James A. Reed said:

"If America is forced into the war its entrance will absolutely determine the result and the houses of Hobenzollern and Hapsburg will follow the Romanoffs into obscurity."

The support of Kansas City was pledged by Mayor George H. Edwards.

RUTHLESS ZEP-WAR AT DEN INITIATION

Horrors of War, With Every Atrocity, to Be Practiced Upon 1917 Candidates.

MAKING MUNITIONS NOW

Zeppelins may drop bombs upon the Ak-Sar-Ben members and visitors at the Den this year; Taubes and biplanes may swoop down upon them, ripping the hats and wings off the men in the audience; torpedoes may bore their way through the floor and explode directly beneath the chairs; and bayonet charges may be made upon the multitude with shining, glittering, cold and polished bayonets.

In these strenuous times, with militarism in the air, no initiation thrill now will thrill like the torpedo or the Zeppelin, says Gus Renze. No mere goat riding will furnish the proper sensation. Renze is nearly scratching a pathway down the center of his scalp, cogitating over the problems of this year's initiation. With "Dad" Weaver he has decided they want the show and initiation this year to have none of the features of former years, but that they want it to be entirely new, and they are giving military and naval features a great deal of thought.

Knighthood Recruiting Lively. Nearly 700 men have already walked into the office and handed out their \$10 for this year's memberships and they cannot come any too fast to suit Samson. Samson wants them to come trooping right along with those said ten.

"Don't wait until the hustling committee calls on you," said Samson. "Don't make these fellows hustle and hustle after you and coax and coax you. They are as busy as you are and they are giving their own time to this without pay. Why should you ask them to keep running after you, when you could just as well pay your \$10 at once?"

There is an added inducement, too, for those who join now are exempt from the initiation. They will be neither "Zepped" nor torpedoeed.

The men who receive those diplomas will step from the academy halls to the decks of warships. There are 183 members in the class, the official roster showing those from Nebraska to be Francis A. Smith, Edward Sparrow and Clarence O. Ward.

THIRTY-THREE DEAD IN INDIANA STORM

Less Than Dozen of Hundred Injured Said to Be in Serious Condition.

RELIEF WORK IS PROMPT

New Albany, Ind., March 25.—Two additional deaths reported today made a total of thirty-three persons who lost their lives because of the storm here Friday. Three-fourths of the wrecked area has been explored and the list of missing is being reduced almost hourly by reports from missing persons, who have been cared for in private homes.

Of the 100 or more who were injured, it was said probably seventy-five were badly hurt, but that less than a dozen were in a serious condition.

The institution of relief measures was prompt. Citizens of Louisville subscribed \$12,000 and sent motor trucks loaded with food and clothing. Later in the day the Chamber of Commerce here issued an appeal to the county for aid, estimating that \$200,000 was needed. State troops are supervising the work of clearing away the wreckage and searching the ruins for bodies.

The first organized effort to estimate the property loss was made late today by a committee appointed by the Chamber of Commerce, the New Albany Real Estate board and Red Cross representatives. The committee after an examination of the devastated districts placed the loss, including damaged or destroyed homes and contents, at \$1,133,000.

When rescuers today examined the ruins of a negro school house, which was expected to yield a number of bodies, they found only a badly frightened but practically unharmed negro boy. He had been pinioned beneath the debris, but was protected from harm by overhanging timbers.

HUSBAND'S CLERK IS SUED BY WIFE

Miss Hattie Bowby Defendant in Action Brought by Mrs. Beverly.

ACCOUNTING SOUGHT FOR

Kansas City, March 25.—(Special Telegram.)—Mrs. J. A. Beverly, who a week ago ousted Miss Hattie Bowby from her husband's apartments and resumed her place in his home after a separation of ten years, filed suit today against Miss Bowby for \$5,000.

Beverly, former Omaha politician, and until a year ago prominent in insurance circles, was declared irresponsible last week in the probate court, and placed under the guardianship of his wife. He now is in a sanitarium.

Mrs. Beverly and her adopted daughter, Miss Bernice De Pierre, came hurriedly to Kansas City from Omaha when they were advised that Beverly was acting queerly. They found Miss Bowby in charge of his apartments. She had been his secretary and housekeeper for seven years and had entire charge of his business affairs.

Mrs. Beverly charges that about \$5,000 worth of property which formerly had belonged to Mr. Beverly is in Miss Bowby's possession. This is the property involved.

Two weeks ago it is asserted by Mrs. Beverly's attorneys that Beverly had \$5,000 in his credit in a bank. When the husband's affairs were put under a guardianship it was found the \$5,000 had dwindled to \$100. Among the checks which had been drawn and cashed was one of \$1,600 to Miss Bowby. Beverly's wealth is estimated at \$50,000.

China Moves to Break With Austrian Empire

Peking, China, Thursday, March 22.—(Delayed.)—The Chinese foreign office has directed the Chinese minister at Vienna to ask the Austro-Hungarian government if it approves of the German submarine policy, because of which China has severed diplomatic relations with Germany. Should a satisfactory reply not be forthcoming, diplomatic relations between China and Austria-Hungary probably will be severed.

France to Protest Against The Devastation of Country

Paris, March 25.—The French government gave notice of its intention to address neutral countries in protest against acts of barbarism and devastation on the part of the Germans in the French territory which they are evacuating.

The official note announcing this says: "Entire villages have been pillaged and destroyed. The acts of the Germans are not destined to check the operations of the French armies, but have as their object the ruining for many years of one of the most fertile regions of France."

U. S. Prepares To Strike With All Its Power

The details of the steps to be recommended are held in closest confidence, but officials let it be known today that among the rest a general military budget, co-ordinating items of expense deemed imperative will be laid before the house and senate when the extra session begins a week from Monday.

AMERICANS QUIT BELGIAN AID TASK

Will Withdraw From German Territory Because of Promises Disregarded.

WHITLOCK OFF TO HAVRE

Washington, March 24.—Because of "the German government's disregard of its written undertakings," for the protection of Americans and American relief work in Belgium, the State department announced today that American Minister Brand Whitlock had been withdrawn from Brussels and the staff of the American commission for relief in Belgium advised that they should not remain longer in German occupied territory.

Minister Whitlock, who has been kept on Belgium territory chiefly to aid the relief work, will go to Havre, the temporary capital of the Belgian government. The withdrawn American relief workers will be replaced by Dutch citizens, and the commission through that means will continue from outside bases as best it can the work of carrying for 10,000,000 dependent Belgians.

The department's announcement, one of the most severe indictments of Germany yet drawn by the United States, recites that restrictions have been imposed on the Americans, "which under ordinary conditions would never have been tolerated," and that Minister Whitlock has been denied diplomatic privileges and courtesies. It says that the most serious disappointment, however, has come within the last ten days, when several of the commission's relief ships have been attacked without warning by German submarines in flagrant violation of agreements of the German government.

Whether Germany will continue to make the relief work difficult for other administrators is not known here. The general American executives, headed by Chairman Herbert C. Hoover, will continue their efforts for Belgium and northern France outside German jurisdiction.

Washington, March 25.—A statement urging that as a patriotic duty city residents transform their yards into gardens and farmers so diversify their crops as to make each section self-sustaining, was issued last night by Carl Vrooman, assistant secretary of agriculture.

The great need in war time, Mr. Vrooman said, would be a surplus of wheat with which the nation could feed its allies. He also declared acreage of soy beans and cow peas should be increased to augment the resources for protein, which in emergency could replace meat for human consumption. Two or three crops of some sort should be raised during the coming summer, he said, on every vacant foot in the cities.

GIVES \$1,000,000 TO RELIEF OF JEWS IN EUROPE.

JULIUS ROSENWALD

Julius Rosenwald, president of Sears, Roebuck & Co., Chicago, has notified the American Jewish relief committee in New York that he will give \$1,000,000 to feed and clothe Jewish war sufferers. This is the largest individual cash contribution ever made to a charity. The relief committee has announced that \$10,000,000 must be raised immediately if 3,000,000 Jews in the eastern war zone are to be saved from death. Mr. Rosenwald will pay \$100,000 as each million is raised.

A new element for the consideration of the national defense council was called to its attention by Richard M. Bissell and W. E. Mallalieu of New York, president and general manager, respectively, of the National Board of Fire Underwriters. The board has offered to organize and direct for the government the working out of a broad plan for dealing with fire prevention requirements. The theory on which the suggestion was based was that a campaign of incendiarism might follow an outbreak of hostilities with Germany.

Governor Capper of Kansas Is for War, Tells Methodists

Topeka, Kan., March 25.—Declaring that the United States can no longer endure the ruthless conduct of Germany in sinking American ships and in taking the lives of American citizens, Governor Arthur Capper yesterday, at a speech before the Kansas conference of the Methodist Episcopal church, urged Kansans to stand together and stand by President Wilson and congress in a national crisis.

"I have talked against war because I considered it a wrong against the masses," said the governor. "But the conduct of Germany is so unjustifiable, so indefensible, so criminal, that all patriotic citizens feel our government can no longer conduct it without loss of self-respect for life and liberty that is dearer than life itself. It would maintain American honor, and American traditions, we must defend them and ourselves against these murderous assaults on human life and human rights. What the situation calls for in this emergency is that we should stand by the president and his program."

At the point where the explosion occurred the men were at work 135 feet below the river bed. The great Queensboro bridge spans the river near there.

Inmates of the two hospitals, penitentiary and workhouse on Blackwells Island, were thrown into a panic by the explosion.
