Put Stomach in Fine Condition

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or, rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by hyper-acidity, meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation.

He tells us to lay aside all digestive aids and instead get from any pharmacy four ounces of Jad. Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and, furthermore, to continue this for a week.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Advertisement.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coconut oil (which is pure and not a greasy substance) is much better than any other else you can use for shampooing, as this can't possibly injure the hair.

You can get mulsified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Advertisement.

HOW TO JUDGE A WOMAN BY HER HAIR

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness or good taste. If you are one of the few who try to make the most of your hair remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good preparation made expressly for shampooing.

This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Adv.

Eczema Is Conquered

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 25c or \$1.00 for extra large size, get a bottle of zemo. When applied as directed, it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

Brand New Way to Remove Hairy Growths Actually Removes Roots and All

The vexed question of how to completely banish superfluous hair has been solved at last! By means of a new electro-chemical process, the hairs entire, roots and all, come out before your very eyes—easily, painlessly, "quick as a wink." It is so different from the depilatory, electrical and shaving methods, you simply must try it to fully appreciate its remarkable advantages. Prolactin is perfectly odorless, non-irritating, non-poisonous—a child could use it without the least injury. It leaves the skin so soft, smooth and hairless, no one could tell you ever had a mole, wart, or hairy growth. It is so effective and satisfying. The B. W. Ross Co., Cleveland, O.

DANIELS APPEALS TO THE YOUNG MEN

Navy, First Line of Defense, Must Be Brought to Its Best Condition.

EMERGENCY IS NOW HERE

Secretary of Navy Josephus Daniels last night sent out to the editors of newspapers throughout the country a telegram, asking for assistance in making effective the order issued by the president, that the navy be brought up to its full war strength of 87,000 men at once. This amounts to a call for volunteers, although it is for the sea service and not the land.

A state of war practically exists, and the navy is the first line of defense for the United States. That is why stress is being laid on the urgency for greater recruiting for the service at this time.

The secretary's dispatch to The Bee reads:

"The president last night signed an executive order, directing that the authorized enlisted strength of the navy be increased to 87,000 men. He was authorized by congress, in case of emergency, to direct such increase in enlistment. New ships and ships in reserve are being fully commissioned as rapidly as possible, and the need is imperative for a larger enlistment to man them. There has been a net increase of over 6,500 in enlistment since congress recently authorized an increase, but many more are needed now.

"The navy offers exceptional advantages to young men of stuff and ambition to serve in the first line for national defense.

"JOSEPHUS DANIELS."

Robbers Get Just Sixty Pennies in One House Sixty pennies was the loot two robbers got when they pried open a window of L. Shiller, Thirty-third and California street, Saturday evening.

Mrs. J. W. Bowen, 3171 Grand avenue, reported to the police the theft of a rag sack containing 75 pennies, a child's saving bank containing \$1 and a manuring set from her home Saturday evening. Police arrested Boyd Fuller, brother of Mrs. Bowen, who is charged with the robbery.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Adv.

STOMACH UPSET? Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 15c and 25c per box. All druggists.
