# LIVE STOCK MARKET GRAIN AND PRODUCE NEW

Wheat Market Shows an Extremely Bullish Tendency Again and Hits 5c Raise.

Omaha, March 27, 1917. Omaha, March 27, 1917.
The wheat market was extremely bullian today and the spot wheat in the local market was quoted from 24,95c higher.
The demand was excellent on the advance and, as the receipts were very light, the sollers had no trouble in getting rid of their samples. A sale of No. 2 hard dark wheat at \$2.08 was made at a rid advance over the previous high mark rided around \$2.02, \$4.00 and one ear of choice No. 18 and 18 and

The corn market was very active and the demand for this article was excellent, with prices quoted from unchanged to lighther.

The bulk of the offerings of white corn advanced and the premium which the white held over the yellow entirely disappeared.

The commercial grades of yellow corn brought from \$1.14 \( \frac{1} \) \$1.17, but yellow corn advanced and the premium which the white held over the yellow entirely disappeared.

The commercial grades of yellow corn brought from \$1.14 \( \frac{1} \) \$1.7 and a few saise of mixed corn were made at \$1.16 \( \frac{1} \).

The costs market was quoted from steady to the higher, but the bulk of the offerings, which graded No. 2 white sold at practically unchanged prices.

Handard cats was quoted around \$2.5 \( \frac{1}{2} \) \$0.2 white brought \$2.5 \( \frac{1}{2} \) \$0.5 \( \frac{1}{2} \).

Hy was quiet at a maminal advance, but there was an active trade in barley at prices ruilog several cents higher.

Clearances were: Wheat and flour, equal to \$12.000 bushels and shipments \$10,000 bushels and shipments \$10,000 bushels and shipments of \$65,000 bushels and shipmen

lower, but part of the buyers raised their hands before midforesonous and bought quites number of heers at prices that were steady to not ever be lower. Later on the trade attitled down to about a mickel lower bake. Chere buyers, however, stood pat on their carry 196 lower hide, and at moon were still trying to buy hoge that way.

Late trains and a draggy market made it impossible to get much of a representation of the hoge weighed up in time to be quotest in this column. Most of the hoge sold up in midday landed at \$14.50 and up, quite a granking reaching \$14.75, that 100.

Representative sales:

No. A. Sh. Pr.

Chicago. Ill. March 77.—doaring prices for the high as leave as yeaterday's anish under the high as leave as yeaterday's intal runned were smaller even than yeaterday's actual offerings. About thirty-six cars, or \$7.50 head, were reported in. This makes the total for the two days 25.931 head, which is more than 11.000 larger than last week and almost 6.000 heavier than a year ago, but is smaller than two weeks ago by about 1,100 head.

Sellers started out asking higher prices, but while packers seemed to want the lambs and in the bay hofer much was done Bulk was finally sold at good, arreng figures, and to the heavier seemed to want the lambs and in the bay hofer much was done Bulk was finally sold at good, arreng figures, and to choles, \$13.400 [1.50] [1.5

the season radial in the main appeared to be a due to profit taking.

Corn, like wheat, advanced to new high values for the present crep. The fact was pointed out that available supplies were less than half as large as the total of a year ago. Outs shared only to a moderate exist in the strength of other cervels. Spring seeding was said to be making good progress in the south. Damand for provisions lacked volume. Declines, however, were checked by the bulge in the value of grain.

Market Settles Down to Dull Routine During Day.

## NO OFF-GRADE WHEAT SOLD DEALINGS THE LIGHTEST

New York, March 27.-The market settle down to a dull routine today preliminary to the coming session of congress and a more definite adjustment of conditions hear-ing directly upon intrinsic values. Dealings

ing directly upon intrinate values. Dealings were the lightest of any full day for almost a fortnight, the absence of public interest being a marked feature.

Occasionally spells of activity derived their chief impulse from the operations of pools interested in special stocks, notably those more or less remately related to the war groups. Low priced monitions and equipments figured to an unwouted degree, but failed to slicit outside response.

Additional adverse crop reports, rumors dealing with the international situation, the failure of the Central Lesther directors to increase the common dividend and the Union Pacific sistement for February, which showed a large decrease in net earnings, were among the restraining jabures final

showed a large decrease in net earnings, were among the restraining influences of the day.

Opening prices were well above final quiestions of the preceding day, especially in industrials and rails. Equipments were next taken up with sugars and marines, but the inquiry flattened out by midday after which prices drifted idly save for another spurt in sugars toward the close.

Pressure was again alserved in United States Steel, Reading, and a few other potential leaders, steel, however, railying from its fractional decline before the end. Other prominent shares made partial receivery on short covering, rails, however, hadding back. Total sales, par value, 419, 600 shares.

Further withdrawal of gold from the subtreasury for shipments to Spain called attenuity. Another small importation of gold was reported from London, but foreign remittances in general were without material change.

Successful fiostations of the new French

change. Successful floatations of the new French lean imparted some strength to other international bonds, but dealings in that quarter were nominal. Total sales, per value, 27, 250,000. United States coupon is advanced

# ALL GRAINS REACH **NEW HIGH MARKS**

Winter Wheat Must Be Plowed Up-Meeting Here to Consider New Seeding.

### UNI PROFESSORS COMING

Reports of serious damage to the vinter wheat plant and not war gave wheat prices the greatest boost in the history of the Omaha grain market. These reports indicated that win ter wheat throughout a large portion ter wheat throughout a large portion of southern Nebraska and northern Kansas, so far as the coming season's crop is concerned, is gone, that fields will be plowed up and the ground planted to corn or some other grain. The Omaha market opened a cent higher than the close Monday and ran rapidly up, closing 3½/m5 cents above any previous top. Prices generally rauged from \$2 to \$2.06 per bushel, with one carload of No. 2 hard selling at \$2.08. This carload of wheat came from \$1. Francis, Kan., consigned to the Vincent Grain company and sold to O. M. Smith, Missougi Valley, Ia., for milling purposes. No. 3 hard, on which the previous high has been \$2, sold at \$2.06 per bushel.

Meeting Here Wednesday.

### Meeting Here Wednesday.

Meeting Here Wednesday.

The wheat crop situation is looked upon as being so serious that Wednesday afternoon a meeting of grain men, farmers and University of Nebraska crop and soil experts will be held in the trading room of the Omaha Grain exchange at 3 o'clock to consider conditions relative as to what is to be done in the matter of cropping the wheat fields that will have to be plowed up.

Like wheat, corn went to another high mark, selling up to \$1.17 per bushel 1½ cents over the previous high price. The receipts for the day were forty-one carloads and the prices

were forty-one carloads and the prices ranged between \$1.16@1.17 per hushel.
Oats reached another top price, selling at 63½ cents per bushel, with all the sales being made at 62½ or better.
The receipts were fifteen carloads.

### Many Americans Subscribe To the Canadian War Loan

Ottawa, Ont., March 27.-American subscriptions to the latest Canadian war loan were estimated today at \$25,000,000 to \$30,000,000. Canadian subscriptions will be considerably beyond the \$150,000,000 asked for. The Canadian finance minister de-clared he was "much pleased at the friendly interest of the citizens of the

United States in the issue"
It is estimated that out of the revenue from the loan Canada will be able to advance the British government for munitions at least \$50,000,000. AMUSEMENTS.

# Get the Right Number From the Telephone Directory

Whenever a wrong number is given to the telephone operator, your time is wasted, your service is delayed and its value decreased, and the party called is uselessly annoyed.

Quite often a personal telephone list, not kept up-to-date, furnishes a wrong number, or a hasty glance at the directory results in a call for the number on the line below or above the one wanted.

The largest number of errors result from dependence upon memory. Frequently 4-5-6 is called for when 5.4.6 is wanted. If you are in doubt about a telephone number, please look it up in the directory.

### Please Speak Distinctly

Not talking directly into the transmitter, not speaking clearly, or calling your number too rapidly, frequently causes the operator to misunderstand.

If you acknowledge the operator's repetition of the number and correct her if she repeats it incorrectly, many misdirected calls will be pre-

If you speak in an ordinary tone of voice. giving the desired number slowly and distinctly, after looking it up in the directory, you may be surprised how it will improve your telephone service.
