Touching this point, Hugo Engle, A.M., M.D., of Omaha, says: "Anti-kamts tablets have become favorites with members of the medical profession; they are very reliable in all kinds of pain, and act once. To stop pain quickly, this is one of the best remedies repeated two or three times if required."

TIME TO KEEP COOL DECLARES SLOAN

Congressman From Fourth
District Talks to the
Legislature.

KEEP FEET UPON EARTH

(From a Staff Correspondent.)

Lincoln, March 29.—(Special)—"The nation is facing a crisis and the American people should keep their heads," said Congressman Sloan, in the senate today.

"National affairs are drifting rapidly toward an end, which it has not been difficult to forecast when we keep in mind the controlling policies of the last two years.

"However, that drift may continue or eventuate, I am convinced that the course of congress deliberately taken and the administration's activity to vitalize that course, will find behind them a united citizenship whose policy of peace, if it be adopted, will be approved, or whose wrath, if war should come, will be effectively felt by any nation which may incur it.

"It is a good time now for both citizens and those granted a brief measure of authority to keep their feet firmly upon solid earth and cool heads upon well set shoulders. At this time meeting the pressing problems of the time, as they will come, sober judgment dictated by a due sense of grave responsibility to the people now, and the country hereafter, should prevail rather than the insistent voice of the 'eace at any price,' advocate or the demand of those who would have 'war at any price.'

**Representatives Sidestep
Appropriation for Guard**

(From a Staff Correspondent.)

Lincoln, March 29.—(Special Telegram).—The house had another oratorical fireworks display this afternoon in the presence of Congressman Charles Sloan, who afterward addressed that body.

During discussion of the governor's special bill appropriating \$10,000 to buy medals for members of the National Guard who served on the border, an amendment was offered by Shannon to raise the amount to \$113,000 to reimburse the soldiers for property destroyed and ruined while they were away and which was left in the armories.

Trumble, Cronin, Shannon and one or two others lifted their voices so that the timbers fairly shook. The amendment was defeated because many of the members believed it better to put the appropriation on another bill providing funds for the mobilization of the guard, which will probably come up tomorrow.

**Church Quarrel Nearly
Results in Violence**

Petersburg, Neb., March 29.—(Special)—For the last two years there have been ominous rumblings and occasional outbreaks in the Catholic congregation here, and a culmination was reached Sunday when the pastor in charge undertook to enforce a new ruling which forbids some of the members from having a seat in the church. The attempt provoked angry talk, and after the priest had attempted to push one man out of the church by force, a number of others were kept from blows only by the quick interference of friends. The original quarrel between the pastor and a number of the people was once fought out in the district court, where the priest lost. He has taken it to the supreme court.

Fifth Nebraska Ordered to Fill To War Strength

Lincoln, Neb., March 29.—(Special)—Regarding the situation as covered by the call of the president for troops, Adjutant General Hall this afternoon gave out the following information:

Eight hundred men comprising the Fourth Nebraska infantry, machine gun companies, etc., have been ordered out at once to guard the national borders and to meet the state limits. This is a general order in all the states in the union. Appearances at Washington indicate that our nation is at this time in a critical condition and a general mobilization may be expected in the very near future.

The Fifth Nebraska infantry, signal corps and field hospital have been ordered to recruit to war strength immediately and be in readiness.

The Nebraska National Guard needs at once 3,000 men in addition to its present strength. There will be no volunteers outside of the National Guard, for they are to be called into the service as national citizen soldiers, and when recruited to war strength in all states will total one million.

Heavy guns will be placed on the arsenals at Lincoln and elsewhere as well as government recruiting stations.

General recruiting stations will be opened at once at Lincoln and Omaha and all camps of the National Guard.
