SKINNER'S GUARANTEED MACARONI

"Genuine Macaroni is made only from the golden flour obtained from Durum wheat, otherwise called 'Macaroni Wheat.' It is the excess of gluten and sucrose it contains above the ordinary soft wheats which commends Durum wheat, especially to the manufacturer of Macaroni.

"Macaroni made from Durum cooks quickly, will stand boiling and retain its form and consistency perfectly.

"Fake Macaroni, made from soft, starch flours, must be cooked thirty minutes or longer, becomes disintegrated even to mushiness when cooked, splitting up and becoming a pulpy mass at times."—From the March Issue Housewives Magazine.

Letters From World's Greatest Millers

Skinner Manufacturing Co., Omaha, Neb. Gentlemen:

We have had business dealings with your Company for several years, and are pleased to say that our business relations have at all times been exceedingly pleasant, and being believers ourselves in high-quality products, we are glad to say that all purchases of Durum wheat products made by your Company of us have invariably called for the highest quality Durum Patent flour that we manufacture, and nothing but the highest quality that we manufacture has ever been shipped by us for your account.

Inasmuch as we were the pioneer millers in the matter of grinding especially selected Durum wheat for the exclusive manufacture of Macaroni and kindred products, we felt that in view of the magnificent increase in the domestic manufacture of Macaroni, we have been well repaid for having advocated the use of high-class raw materials.

Your Company is entitled to congratulations for adhering strictly to a policy of using nothing but high quality Durum products, and the growth of your Company is the best evidence to be had of the value of this determination.

Yours truly,
PILLSBURY FLOUR MILLS COMPANY.
By V. V. Corbin.

Skinner Manufacturing Co., Omaha, Neb. Gentlemen:

Answering your recent inquiry as to the quality of flour we are supplying for your Macaroni factory, will state it is absolutely the best grade of flour that we can make and is ground especially from the purest and best quality Durum wheat that we can buy on the Minneapolis market, which, you may be interested to know, is the biggest primary wheat market in the world, so that we get a considerable supply coming here to draw from and have the selection of the best wheats available.

The wheat is thoroughly cleaned, and even washed, before it is allowed to go to our rolls. From there on it is ground and purified until the highest grade product we can make is produced and shipped to you regularly. It is our aim to keep this flour up to the very highest degree of excellence, and it thus enables you to produce the high quality goods found in SKINNER'S Macaroni Products.

Yours very truly,
YERXA, ANDREWS & THURSTON.
Jas. C. Andrews, President.
