HIGH COURT AIDES MAY RUN FOR JUDGE

House Cuts Down Length of Term of Supreme Commissioners.

ONE MORE STENOGRAPHER

Lincoln, March 31.—(Special.)—Members of the Supreme Court commission may be candidates for the supreme court, if a bill which received the approval of the house today finally reaches the last stage and receives the signature of the governor, but the bill cuts the salaries from \$3,000, fixed by the senate, to the present salaries of \$3,000.

The bill also gives the commission only two years more to live instead of four as the original bill provided, but gives the commissioners the privilege of having an additional stenographer, making two for the three judges.

The house indefinitely postponed a bill giving the state auditor authority to provide a uniform accounting system for all cities and towns.

Three Nebraskans Find Long Missing Brother

Buffalo, N. Y., March 31.—(Special Telegram.)—A twenty-year search for their brother, Henry, has ended successfully for James, George and John Morrissey of Wann, Neb. They found him in Albany, N. Y. The four brothers are henceforth going to live together in Henry's home there.

The Morrissey boys are natives of Norwich, N. Y. Their parents died when the boys were quite young and all four were sent to the Binghamton orphan asylum. Henry was later transferred as a state charge to an orphan's home in Albany, N. Y., from which institution he was taken and adopted by friends. He later joined the army and his brothers lost track of him.

George and John, who are twins, and James migrated to Nebraska and settled in Wann, Saunders county. They continued their search for their brother, Henry, and just as all hope seemed to have disappeared they found him in Albany, N. Y., last Friday.

Southwest Nebraska Teachers Close Record Convention

Holdrege, Neb., March 31.—(Special Telegram.)—The convention of the Southwest Nebraska Teachers' association with a total registration of 727, a net gain of 267, came to a close last night.

Retiring President Chadderton of Oxford, reported a balance of \$1,300 to the treasury.

The teachers passed a resolution vigorously protesting against action of the state senate on the prohibition bill and urging the present house to stand firm.

Officers for next year: President, J. R. Overturn, Beaver City; vice president, Miss Dishrow, Arapahoe; secretary, Eva Morlan, Franklin; treasurer, Lloyd Peterson, Loomis.

Next year's meeting will be held at McCook. Declamatory contest winners: Oratorical, William McBride, Red Cloud; dramatic, Ethel Rasmussen, Alma; humorous, Mary McCoy, Imperial.

City of Broken Bow Wins Dierks Water Rental Suit

Broken Bow, Neb., March 31.—(Special.)—The water rental suit brought by the Dierks Lumber and Coal company against the city of Broken Bow and which has started a good deal of attention here, has been decided by County Judge Ford in favor of the city. The suit started in July, 1916, the Dierks people claiming they had overpaid the city on water rental for the Dierks block to the amount of \$171.20. This block contains stores occupied by business firms, family suites and offices. The water is furnished by the city through one meter. The Dierks people contended that they should pay only one minimum rate for all the water consumed in the building. The city contended that each business firm and each family should pay a minimum rate as provided by the city ordinance.

Authority to Change Name Of Bank Given by Board

Lincoln, March 31.—(Special.)—Authority has been given by the State Banking board for changing the German-American National bank to the German-American State bank at Johnson, with the same capital, \$25,000.

The officers are: A. N. Dafeo, president; J. P. Kelley, cashier, and J. Johnson, assistant cashier. Mr. Dafeo is interested in several banks in Johnson county and is the present representative in the legislature from that county.

TRY SOME SWEET MILK ON THOSE UGLY WRINKLES

Way Discovered to Make an Elegant Rolling Massage Cream at Little Expense.

(By DALE WINTERS)

The sudden return of youth to an aged, wrinkled skin is a feminine secret, that like magic, is traveling night and day with the speed of the wind.

Cow's milk is the rejuvenator, and instead of investing a fancy sum for a small jar of face cream, the woman who possesses this secret, makes her own massage cream with sweet milk.

To prepare this very superior rolling massage cream, take one-half pint of sweet unskimmed milk to which has been added about two ounces of plain powdered lard and heat to near the boiling point as you stir it slowly. The result will truly prove a revelation, indeed, for the smoothest and best rolling massage cream you ever saw.

A few minutes each day devoted to massaging the skin with this simple cream will make those unsightly laugh-wrinkles and ugly lines grow dimmer and dimmer until they vanish completely. At the same time the skin grows clear, soft and velvety, taking on a delightful rose-tint. See that the milk you use is perfectly sweet and unskimmed. The powdered lard, of course, should be purchased from the druggist in its original unbroken package.—Advt.

Wayne Citizens Buy Typewriter for Guards

Wayne, Neb., March 31.—(Special.)—Captain James H. Pile of Company E, Fourth Nebraska regiment National Guard, left Wayne Thursday morning with a few of his men for an unannounced destination. First and second lieutenants, E. C. Mahaffey and Richard G. Hunter, state that the other members of the company will probably leave Wayne sometime today. Fifty-one of the boys, who saw service on the Mexican border are back in the company. With the addition of recruits the strength of the company has been increased to seventy men. They are: P. Barnett, W. Moran, W. Miller and Glen Miner of Wayne; C. Westran and R. Cates of Lyons; W. Davis, G. Major and F. Young of Decatur; Luther Hypse, Carl Bloomberg, John W. Ebersole, Ernest Mitchell, Walter Johnson, Cecil Clark, Harry G. Borg, Clarence Kay, Carl R. Mullen, Clarence G. Hypse, Wakefield. A petition circulated among the business men and citizens of Wayne resulted in a sufficient fund being raised to buy the company a typewriter.

North Platte Blaze Of Fluttering Flags

North Platte, Neb., March 31.—(Special.)—North Platte today is a blaze of flying, fluttering flags. Despite the spirit that has swept the state this city has heretofore been content to sit quiet, listen to war rumors and keep the flags in the lockers. The coming of Adjutant General Hall's order to recruit Company E of the Fifth regiment to war strength and the intimation that North Platte's boys would soon be called for field duty has at last roused the spirit of the citizens and Old Glory is floating from practically every public building and private residence in the city.

At a meeting of Company E, called here, First Sergeant S. S. Spillman was elected first lieutenant and First Duty Sergeant Percy Schott, second lieutenant, to succeed Mac Abbott of Beatrice and Aubrey Kenworthy of Omaha, resigned.

Notes From Gage County

Beatrice, Neb., March 31.—(Special.)—The committee of five business men of this city who visited Omaha yesterday for the purpose of conferring with M. E. Smith & Co. relative to establishing a shirt factory in this city returned home last evening with the assurance that the plant would be started here soon, which will employ 200 girls.

F. M. Champ, for the last thirty-eight years a resident of the Odell vicinity, died Wednesday night, aged 68 years. Mr. Champ always took an active part in politics at Odell and for years served as township assessor. He is survived by a widow and six children.

Cheyenne County Wheat Is in Good Condition

Sidney, Neb., March 31.—(Special Telegram.)—Reports from seventy-one wheat fields in Cheyenne county show that sixty-two of them on last year's breaking are in perfect condition, five that have not been plowed for two years, rate about 60 per cent and balance about 80 per cent. All ground throughout county in excellent condition for spring plowing. A very large acreage of spring wheat will be sowed.

Legislative Notes

Lincoln, March 31.—(Special.)—In the absence of Chaplain James Huff of Omaha, Lieutenant Governor Edgar Howard asked Senator Oberlies of Lancaster to lead in the morning prayer in the senate today. Senator Oberlies closed with the Lord's prayer, in which the senate members joined.

The senate adjourned today at noon until 1 o'clock Monday afternoon, after a flight as to whether that body would keep on working in the afternoon, and then adjourn until Wednesday afternoon, to give the members a chance to go home for the city elections. The senate decided the work at hand was more important than city elections.

Added to the mechanics' and inkspapers' lien is a proposed drayman's lien law, sponsored by Senator Oberlies of Lancaster, as S. F. 202. It was considered in committee of the whole today, but was passed until later. A landlord's lien law supported by Senator Strehlow was killed by the house this week. Oberlies bill gives draymen and transfer men a preferred claim on the goods they handle for freight, storage charges and the setting up of machinery and the like.

STATE HAS NO RIGHT TO CENSOR M.P. PAPER

Attorney General Reed Holds Nebraska Commission Lacks Authority.

NOT DOMESTIC COMPANY

Lincoln, March 31.—(Special.)—The Nebraska state railway commission has no authority to issue or no jurisdiction over the issuance of securities by the Missouri Pacific Railway company, according to an opinion of Attorney General Reed given out today in response to a request from the commission for authority. The new organization of the Missouri Pacific had held a conference with the state railway commission to ascertain the steps necessary for authority to issue securities in the sum of \$385,000,000.

The attorney general holds further that such securities, if in conformity to the law of the state of Missouri, would be valid without any approval whatever from the Nebraska commission, and should the Missouri Pacific in the future become domesticated, the validity of the bonds issued by such corporation would not in any manner be affected by the omission, failure or refusal of the Nebraska commission to approve the same, it being beyond the power and authority of the commission of this state to act and likewise of the legislature to authorize the commission so to act.

Attorney General Reed cites several opinions of the United States courts and also the constitution of the state regarding the matter to justify the opinion.

Laborer Burned Under Two Feet of Hot Cinders

North Platte, Neb., March 31.—(Special.)—Completely buried beneath two feet of hot cinders, John Sullivan, a track laborer employed near the Union Pacific roundhouse here, narrowly escaped being literally roasted alive. Only the quick action of fellow laborers in pulling him from his precarious position saved his life.

Sullivan had crawled under a cinder dump car to do some work and the man in charge of the car, not knowing of his presence, pulled the lever that emptied the hot embers. Covered by the cinders, Sullivan managed to uncover his head and scream for help. Several laborers, hearing his cries, rushed to his aid and pulled him from the cinder bed. Because some of the cinders had cooled, Sullivan escaped any burn about the head and face, but both hands and feet and

State House Notes

Lincoln, March 31.—(Special.)—A memorial from officers of the Hall county federation, read in the house today, protested against the senate's amendments to the prohibition bill and declared in favor of killing the "emasculated" bill entirely rather than passing it in the amended form.

The house declined to concur in senate amendments to the food commission's emergency bill, and a conference committee comprising Messrs. Fries, Reifnorath and Manser was named.

A motion to raise the \$25,000 appropriation for a water power survey, over the unfavorable report of the finance committee, failed to carry in the house.

MERCHANT'S WIFE ADVISES OMAHA WOMEN

"I had stomach trouble so bad I could eat nothing but toast, fruit and hot water. Everything else soured and formed gas. Dieting did no good. I was miserable until I tried buckthorn bark, glycerine, etc., as mixed in Adler-Ika. ONE SPOONFUL benefited me INSTANTLY." Because Adler-Ika empties BOTH large and small intestine it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST ACTION of anything we ever sold.—The Sherman & McConner Drug Co., 16th and Dodge Sts., and The Owl Drug Co., 16th and Harney Sts.

a number of places upon his body were severely burned. Physicians who attended the man say that his condition is not critical, but that he will be unable to leave the hospital for several weeks.

Notes From York and York County

York, Neb., March 31.—(Special.)—Rev. T. F. B. Smith, pastor of the First Presbyterian church, has tendered his resignation. He has accepted a call to Central City. His resignation will take effect April 29. Henry Mauer was given a judgment against Emmett and Jesse Tharp for \$2,000 in district court. This was a suit brought by Henry Mauer for an assault upon him in a garage at Gresham about a year ago. The Tharps have left the county since the assault was committed and no one knows their whereabouts at this time.

Hugh Pickrel, son of Mr. and Mrs. William Pickrel, and Miss Alta Wilkins of Waco were married at the Methodist parsonage Wednesday afternoon. Rev. W. C. Wasser officiated.

Cecil Gannon and Miss Grace Mungle, both of Seward, were married at the United Brethren parsonage by Rev. L. F. John. Mr. Gannon is a member of the Fourth Nebraska regiment.

Keeping Up Majorities For Bond Issue Votes

Lincoln, March 31.—(Special.)—The majorities that it shall take to carry a bond issue in units of the state of Nebraska have variegated careers in the 1917 legislature. For instance, H. R. 406, relative to country school bonds, now requires a two-thirds vote. Under the original bill this was not changed.

A house standing committee reduced the proportion to carry such a bond to 50 per cent. The house committee of the whole advanced it a notch and made it 55 per cent.

The senate committee of the whole today grafted another 5 per cent on, making a three-fifths vote necessary.

Commercial Club Buys Precious Spuds for Gardens

Potatoes will be purchased by the Commercial club of Omaha. The club does not venture into this field for speculation, but will buy seed potatoes to be given free to persons on the South Side who want to plant the tubers in their gardens in connection with the vacant lot gardening movement conducted there under the Social Settlement.
