SAYS HOT WATER WASHES POISONS FROM THE LIVER

with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to pre-vent its sponge-like pores from clog-ging with indigestible material, sour bile and poisonous toxins, says a noted physician.

noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanliness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning be-fore breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indi-gestible material, the poisons, sour bile and toxins; thus cleansing, sweet-

LEADING MEN BATTERED UP

Baltimore, April 2.-After an en thusiastic patriotic demonstration several thousand persons stormed the Academy of Music tonight, swept a cordon of police aside and routed a big pacifist meeting, stopping Dr David Starr Jordan in the middle of a word and refusing to allow the speak ing to continue.

Temper of Crowd Warms.

Meanwhile the main action was around the center door. The few members of the crowd who had entered at the side door under the leadership of Louis Merryman were seized by the police inside and taken to the middle door, where they were pushed down the steps. Trouble was brewing at the bottom of these steps. Nearly 1,000 men were howling, hissing and shaking their fists at the police, who stood at the top of the steps, determined not to allow an entrance to be forced. A few tentative rushes were made, but there was no concerted action behind them and the police succeeded in repulsing them.

Lincoln Pacifists Hold Big Meeting Opposing War Move

Opposing War Move

INCOLN, April 2.—As an offset to the patriot mass meetings held here Saturday night, Lincoln pacifists this evening held a largely attended meeting at the First Christian church where addresses were made, deploring a manifestation of war spirit and declaring it more patriotic to remain at home than go to the frunt.

Resolutions were adopted reciting in part that "we would have the president and congress continue to realize that the great heart of the nation is still for peace and not for war, unless refraining from war means submitting to evils greater, if that is possible, than war itself. And if it be possible, by any means short of war, to cause Germany to refrain from destruction of American lives, even though it continue to destroy the property of American citizens, we urge war be avoided and the adjustment of such property questions be deferred, as we are properly doing in the case of England, until after the war." At the conclusion of the meet-

ing State Treasurer George E. Hall, sent telegrams to President Wilson, Senator Hitchcock and Congressman Shallenberger, urging them to do their utmo to keep the country out of war.
