

### Nebraska CAPITOL VISITOR SUSPECTED AS SPY

Extremely Inquisitive Visitor  
From Chicago Held by  
Guardsmen.

#### INSPECTS BUILDING DOME

(From a Staff Correspondent.)  
Lincoln, April 3.—(Special.)—The legislature had its first insight into what may happen if war is declared, when two plain clothes men came to the building today and arrested a man on suspicion of being a German spy.

It appears the man visited the senate when that body was discussing a resolution re-enacting its allegiance to the president. The man showed considerable interest in the matter and it is said expressed himself in such terms that George Emery, former deputy land commissioner, who was standing near, became suspicious. Later the man went to those chambers and while there conversed with State Treasurer Hall. He appeared to be deeply interested in the state house and according to bystanders, expressed strong sentiments against the United States going to war with Germany.

He then told Mr. Hall that he was a stranger, but would like to go to the dome of the state house and look over the city. It is said that he expressed this desire so often that suspicion was aroused and Max Kattelmann of the secretary of state's office was asked to get in communication with the police department. He called them up and they at once sent a couple of detectives who followed the man to the dome and arrested him.

He was taken to the police station and gave his name as Joseph Kloss of Chicago. He said that he had not intended to say or do anything which might lead anyone to think he was a spy, but he was turned over to Adjutant General Hall and is being held pending instructions from higher authority.

### Bills for District Judges and Print Plant Go Through

(From a Staff Correspondent.)

The Flansburg bill, House Roll 111, creating new district judges in Lancaster county, and the Tenth district and changing the boundaries of the Twelfth, Thirteenth and Seventeenth districts, passed the house without any opposition this afternoon. It is intended to take the place of the Beal bill, as fixed up in conference last week, which Governor Neville is objecting to, because of a proviso requiring one of the two judges in the Eleventh district to reside west of the one hundredth meridian. This clause is omitted from the Flansburg bill.

Despite persistent opposition that it has met at every stage, the Bates bill, appropriating \$100,000 for a state printing plant went through on third reading, by 61 to 24. It is House Roll 151.

Following are some of the other bills which the house passed.  
H. R. 691—For experiments in pump irrigation, \$5,000.  
H. R. 496—For Bessey memorial fund, \$4,000.  
H. R. 801—Medals for Nebraska Guardsmen, \$1,000.

The only vote cast against the Guardsmen's medal bill, was that of Mr. Beal, who had previously tried to get through a cash appropriation of \$75 for each man.

### Rush for Naturalization Papers at West Point

West Point, Neb., April 3.—(Special.)—Applications for citizenship of foreign-born residents are pouring into the district clerk's office in streams. The department is doing more naturalization business than ever before in any given time in its history. All nationalities are represented, the feeling among all of them being that they feel it a good thing and great comfort to be under the protecting wing of Uncle Sam.

### House Members Request Appointment for Chaplain

(From a Staff Correspondent.)  
Lincoln, April 3.—(Special.)—Nearly every member of the house joined in a petition to the state Board of Control for the appointment of Chaplain Davis of the house as chaplain of the state penitentiary, a place which has been vacant since the first of the year.

### Legislative Notes

(From a Staff Correspondent.)  
The Nebraska senate, as a jury passing in the qualifications of Edward E. Howell of Omaha to hold a seat in that body, admitted him to final membership today by a vote of 13 to 7. Mortuary of Douglas led the fight against the acceptance of the report of the privileges and elections committee, favorable to Howell, while Senator Sawyer, chairman of the committee, defended the senator.

Another large bunch of petitions from different counties, urging the house to stand by its own prohibition bill and reject the senate amendments, came up to the clerk's desk.

Senator Robertson recalled to his senate school land committee Tuesday morning two house bills which the presiding officer had referred to other committees. One bill, House Roll 465, to give the city of Lincoln forty acres of saline land for park purposes, was at the moment of its recall being reported out favorably by the committee on public institutions. The other bill, House Roll 462, reduced a few leases on school land in western Nebraska to a basis of 4 per cent of the appraised value.

The Nebraska senate has congratulated the new republic of Russia, and Governor Neville has been requested to cable the good wishes of that body to the Russian Duma. This is in accordance with a resolution introduced by Senator Stark of Saline and passed unanimously after a suspension of the rules.

### His Dander Up

### Nebraska Solons Vote to Stand by President Wilson

(From a Staff Correspondent.)

Lincoln, Neb., April 3.—(Special Telegram.)—The senate and house this morning renewed their allegiance to the president unanimously in a resolution which commended Senator Hitchcock for his stand as the mouthpiece of the president. The senate attempted to eliminate the paragraph referring to Hitchcock, but it lost by a strictly party vote.

### Plan to Bring Swedish Farmers to Nebraska

North Platte, Neb., April 3.—(Special.)—Several prominent Swedes of North Platte and Lincoln county have just completed the organization of the Swedish Colony association, the purpose of which is to bring to Lincoln county Scandinavian renters and factory workers from eastern states and to give them an opportunity of buying farms of their own. Every effort will be made to assist the prospective emigrants, such as finding suitable homes for them and obtaining loans for those who cannot meet the initial payments on their farms from their own resources. Eastern Scandinavian papers have been flooded with advertisements of the project and a large number of inquiries have already been obtained by officers of the association. It is planned to conduct several excursions from eastern points to Lincoln county during the summer months.

### Man Found Dead in Bed.

Avoca, Neb., April 3.—(Special.)—Cornelius Bogard, aged 91 years, was found dead in bed this morning at the home of his son, John Bogard, north of town. Mr. Bogard was a pioneer resident of this vicinity. He is survived by three sons and three daughters. The body of Henry Bossing, who was killed by a train near Lexington Saturday, was brought here Tuesday and interment made in the cemetery west of town. Mr. Bossing resided for a number of years southeast of town.

### Kearney School Board Faces Large Deficit

Kearney, Neb., April 3.—(Special.)—The Board of Education at its regular meeting held last night was confronted with the treasurer's report, which indicated that the city school fund is \$17,000 to the bad and will be about \$20,000 overdrawn at the end of the fiscal year. This money has been given into building upkeep, temporary improvements and into salary increases for the teachers. The salaries of Kearney teachers have been increased steadily until they take up practically all of the money raised by taxation and state apportionment. The condition financially is the poorest in which the local school fund has been in many years.

### Injured Fremont Girl Is Given Compensation

Fremont, Neb., April 3.—(Special.)—Miss Anna Johnson, who became hysterical while testifying in her own behalf in district court in the action she brought to recover damages from H. Gus Gumpert under the compensation law, was given a judgment by Judge Patton when the hearing was resumed. Two physicians who examined Miss Johnson testified that her condition was caused by the injury. She was awarded \$5 a week for 300 weeks. She tripped and fell over a toy automobile while in the employ of the defendant.

### Allen Minister Goes to China as Missionary

Allen, Neb., April 3.—(Special.)—Miss Bessie Franc Brown, for the last two years pastor of the Friends church at Springbank, two miles east of here, has resigned and will go to China to become a missionary. Rev. William R. Kent, a former pastor, has been selected to fill the vacancy.

### Valley County Drys Write To Governor Neville

Loup City, Neb., April 3.—(Special.)—A largely attended mass meeting held here Sunday evening sent a petition to Governor Neville asking him to support a dry law that will meet with the approval of the people of the state. The letter says the senate amendments ruthlessly violate the confidence of the people.

### HOUSE TO COLLECT RESERVE GUARANTY

Attorney General Directed to  
Collect Money From Liquidated Banks.

#### TAKES UP OMAHA CASE

(From a Staff Correspondent.)

Lincoln, April 3.—(Special.)—Having previously amended a senate bill so as to require banks going out of business to pay over their accumulated guaranty fund assessments to the state treasurer to be held by him a special reserve fund for guaranty purposes, the house today adopted the resolution passed by the senate last week, which calls upon the attorney general to take the proper steps for collecting about \$1,750 of such assessments from kans at Waterloo, Merna and Callaway, which have liquidated without turning the money over.

The report of the senate committee on banks and banking, as the result of its investigation into these matters, was adopted in the house along with the resolution. This report criticizes the former State Banking board for allowing the German-American State bank of Omaha, after going out of business, to transfer its charter to another bank and give the second institution credit for an \$8,000 advance deposit to the guaranty fund that had been put up in the first place by the German-American bank.

Under the resolutions adopted by the two branches of the legislature, this \$8,000 ought to go into the special reserve fund and another \$8,000 required to be paid in by the American State bank of Omaha, which took over the charter of the other institution. The report of the senate committee directs the attorney general to take action along this line.

The resolutions and report were adopted in the house on a motion by Mr. Ollis.

#### Four Bills Passed.

The house passed the following bills:  
R. P. 88—Creating permanent state forestation commission. This was indefinitely postponed a few days ago, but was later revived and sent to third reading.

R. P. 114—Authorizing counties to buy or establish county fair tracts and operate fairs, subject to a vote of the people.

R. P. 115—Limited city manager plan, and miscellaneous charter amendments for cities of 5,000 to 25,000 population.

R. P. 116—Repeal of Douglas county commissioners by districts.

### Notes from Beatrice And Gage County

Beatrice, Neb., April 3.—(Special.)—The Board of Education at its regular monthly meeting last evening elected sixty-one teachers for the Beatrice schools for the coming year. According to the report of Superintendent Bodwell, the attendance in the high school is 493 and the grade schools 1,719, making a total of 2,212. Guy Hill, who was seriously injured in an auto accident north of town Saturday night, which cost Hanson Day and Harvey Calvin their lives, was operated upon yesterday, and it is now thought he will recover. He was driver and owner of the car, which was reduced to scrap iron. The funeral of Mr. Day was held yesterday afternoon, and that of Calvin today. His body was taken to Tate, Neb., for interment.

District Clerk Lenhart reports that since January 1 there have been fifty-nine applications for citizenship filed in his office. This is by far the largest number ever filed in Gage county.

### Christian Endeavor Convention at Genoa

Genoa, Neb., April 3.—(Special.)—This community has been host for three days to the south district Christian Endeavor convention. Young people were present from ten counties of north central Nebraska. Stanton won the convention for next year. Miss Chloe C. Baldrige of Fullerton, for four terms district president, was re-elected to that office. Columbus carried away the banner for its seventeen delegates covering the greatest mileage. Among the young people leaders from outside the district were Miss Grace Hooper of Crete, who conducted a series of conferences, and Rev. R. H. Houseman of Omaha, who gave four addresses.
