War Inevitable Now, Asserts Hitchcock, Discussing Message

Washington, April 3.—Some of the comment of senators on the president's address follow:

Senator Hitchcock, democrat, Nebraska: "The president's address presents a masterly review of recent events which have combined to force war upon the United States. I have been opposed to war and have done what I could to avert it. Even within a few days I have sought to dissuade the president from recommending it. All has been in vain. His address contains revelations of facts which he has heretofore kept from the public, but which he was forced to consider in reluctance, reaching his conclusion that the German government by its acts has forced a state of war on us. War is now inevitable and the only question is whether the country will go into it strong and united, or divided and crippled. Under these circumstances I must stand for strength and unity."

PRAIRIE PARKERS MOVE FOR RECALL

Formulate Plans That Will Bring About Action Against Commissioner Kugel.

WARM WORDS SPOKEN

Tom Dennison, Rev. Charles W. Savidge, former Police Judge Charles Foster, and Robert Cowell, who recently resigned from the Board of Education, were mentioned as possible candidates for police commissioner of Omaha at last night's meeting of Prairie Park folks in the Prairie Park club house. Incidentally, Police Commissioner Kugel was the recipient of severe censure for his alleged incompetency.

On the motion of George Timberlake, 2723 Meredith avenue, the persons present adopted the following resolution:

"Resolved, That Commissioner Kugel, having been derelict in the performance of his duty, particularly in the matter of law and health enforcement, that a committee of five be appointed to formulate such plans and to take such steps as may be necessary for his recall."

Wants An Outsider.

Karl R. Ogden, 2013 Fowler avenue, precipitated a warm discussion, when he declared, "There's not a man in Omaha big enough for the job of police commissioner." He suggested that a man from some other city be drafted for the duties of the office. It was this suggestion which brought about the mention of the names of the R. A. Mr. Savidge and Messrs. Foster, Cowell and Dennison, as men "big enough."

R. J. Sutton of the West Leavenworth Improvement club, predicted that when Prairie Park people started to circulate the recall petition against Mr. Kugel, Omaha would be visited with one of the greatest "crime waves" in its history.

Among others who adversely criticized the administration of Commissioner Kugel were Thomas Hollister, H. E. Cochrane and J. H. Sinclair.

Suspicion was directed last evening upon fourteen men who sat in the first two rows. Somebody tipped C. F. McLane, 2012 Fowler avenue, that they were henchmen of the sworn enemy and had been sent there to "pack" the meeting and prevent a vote against Mr. Kugel. Hence it was with a sense of the parliamentary tactician that Chairman McLane announced, just previous to the vote in favor of circulating a recall petition for the police commissioner, that "only those who have attended previous meetings are empowered to vote on this resolution."

The suspected fourteen rose from their seats and filed out of the hall.

Will Buy New Flag Poles For Five Omaha Schools

A patriotic suggestion was heard at the Board of Education meeting yesterday evening when an appropriation of \$300 was allowed for sixty-foot flagpoles at Columbian, New Bancroft, Franklin, South Central and West Side schools.

Laura B. Sylvest and Blanche D. Robinson on behalf of the civil service reform and educational committee of the Omaha Woman's club, asked the board to provide students of the high school with laboratory training in chemistry, to prepare them for public service on account of the present demand for efficiency in army and navy.

The building and grounds committee was given power to act in the matter of advertising for bids and letting a contract for erection of an addition to Train school.

Says Simple Remedy Prolonged His Life

Dr. Caldwell's Syrup Pepsin Effective as a Remedy for Constipation

Among older people the various organs of the body have a tendency to slow up and weaken and this is usually first manifest in a pronounced inactivity of the bowels.

Good health is dependent on regularity in this important function; whenever there is the slightest indication of constipation a mild laxative should be taken to relieve the congestion and dispose of the accumulated waste. Cathartics or purgatives should not be employed, however; these are too violent in action and their effect is only temporary.

A mild laxative such as the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin, is the ideal remedy. It is gentle in its action, bringing relief in an easy, natural manner, without griping or other pain or discomfort; is pleasant to the taste and can be obtained in any drug store.

Mr. Robert LeForgee, 918 Kirkwood Boulevard, Davenport, Iowa, says he has always had a bottle of Dr. Caldwell's Syrup Pepsin in the house for the past eighteen years and that by using it occasionally, as the

Sixteen-Year-Old Boy Runs Away to Omaha to Join Navy

Harold Bennett, son of a wealthy business man in Clarinda, a star athlete and a junior in high school, saw all his hopes blasted when he was arrested at the depot Monday evening upon request of his father who said that he ran away from home to join the navy. Attired in a neat fitting tailored suit in the matron's ward at the city jail, he told the following about himself:

"I wanted to join the navy just as soon as I heard there was a possibility of war. Dad strenuously objected. He said that I could serve just as well by staying home and spending my allowance in Clarinda."

The lad said he wanted to become a wireless operator. He is only 16 years old.

BURLINGTON HIT BY ARMY COMPLAINT

Colonel Bingham Says Road Refuses to Haul Camp Equipment as Baggage.

ON FIRST CLASS TICKET

Colonel C. S. Bingham, depot quartermaster for this department, has filed a complaint at Washington with the war committee on transportation, against the action of the Burlington road in refusing to haul as baggage the camp equipment and paraphernalia which the soldiers must take with them when ordered out.

Company L, Fourth infantry, composed of sixty-five men, was ordered from Kearney to guard the Burlington bridge at Ashland. Colonel Bingham ordered the full fare tickets which under ordinary circumstances would entitle the holder to take with him 150 pounds of baggage. When the Burlington refused to take the camp equipment as baggage Colonel Bingham was forced to order this carried as express, for which an extra charge was made.

Company M, Fourth infantry, stationed at York, was ordered to Grand Island to guard the Burlington bridge at that point and Colonel Bingham has reported to Washington that the Burlington made the same ruling in that case.

Company H, Fourth infantry, was ordered from Madison to guard the Union Pacific bridge at Columbus and Colonel Bingham informed Washington that General Passenger Agent Basinger said that his road would haul the camp equipment as baggage, as first class ticket holders are entitled to 150 pounds of baggage.

May Not Push the, Charges Against Mrs. Manchester

Memphis, April 3.—(Special Telegram.)—Charges preferred against Mrs. Emma B. Manchester, supreme guardian of the Woodman Circle which grew out of the attempts of seven "insurgent" members of the executive committee of its supreme forest to oust Mrs. Manchester from her office, will not be considered by the special convention of delegates now in session in Memphis, according to the opinion of the leading spirits in this the largest woman's insurance order in the United States.

The convention which was called to order in Memphis today and is attended by sixty-two delegates from the different states, was called by Supreme Guardian Manchester upon the application of the insurgents of the executive committee.

Today's session consisted only of a report of the credentials committee, which was made to the delegates at the 11 o'clock session. Adjournment followed until Tuesday morning at 10 o'clock at which it remains to be seen if the insurgents will further prosecute their fight against Mrs. Manchester.

Most of today was spent by the delegates discussing the situation, many of whom evinced much peevishness at the presence of Sovereign Commander W. A. Fraser and the supreme board of directors of the Woodmen of the World, which also loomed up on the horizon at the Hotel Chisca to consider certain proposed amendments.

Mrs. Manchester's attorneys, Arthur S. Mullen and Halleck Rose, both of Omaha, are in Memphis to conserve Mrs. Manchester's interest provided the charges are considered by the delegates.

William B. Price, attorney for the supreme forest, is also in attendance.
