HOUSE FIXES UP
SENATE BANK BILL

Adopts Numerous Amendments to Bushee-Adams Measure on State Deposits.

TO AID WESTERN BANKERS

(From a Staff Correspondent.)
Lincoln, April 5.—(Special.)—The house today got into another of its celebrated arguments in the committee of the whole, the bill under consideration being Senate File 79, another of the Bushee-Adams bills, covering disposition of state funds.

The bill provided that state funds deposited in banks should be let to the highest bidder.

The first thing done was the adoption of an amendment proposed by Murtey, under which every bank receiving state funds must file a depository bond with the state treasurer, to be approved by the state banking board. At present, national banks give such bonds, but state banks do not, owing to the fact that all their deposits are protected by the guaranty fund.

An amendment offered by Mr. Swanson, limiting an "inactive" deposit by the state in any bank to 20 per cent of its capital, and an "active" deposit, on which checks may be drawn for current purposes, to 50 per cent, was adopted. Then came one by Mr. Leidigh, putting a maximum limit of 5 per cent on the interest to be paid to the state. This was intended to prevent national banks getting the bulk of state funds by offering to pay a trifle over 5 per cent, which is the limit allowed by the Nebraska banking laws for the state banks to pay on deposits. It was also adopted. Deposits are to be made on competitive basis.

In this form the bill was advanced to third reading. The alterations do not altogether please its chief supporters, who are western Nebraska members. The purpose of the bill, as commonly understood, was to give western and northern banks, which are willing to pay 3 per cent interest, a chance to get more state funds than they do now.

No bank, under the terms of the bill as amended, can have more than \$100,000 of state funds on deposit, and in order to have that amount it must have \$500,000 capital. A bank with \$100,000 capital is limited to \$20,000 of state money on deposit; and one with \$25,000 capital cannot have in excess of \$5,000 of state funds at one time. At the present time, the interest rate collected by the state on its funds deposited in banks is 3 per cent, except in a few instances, where money is left on time deposit at a higher rate.

House Member Says Session Laughing Stock of State

(From a Staff Correspondent.)
Lincoln, April 5.—(Special.)—This legislature has been the laughing-stock of the whole state and it is time we began cutting out the monkey business and made up our minds where we are going to head in," were the remarks of Mr. Greenwalt, Custer county member, when a motion was made in the house today to kill all bills remaining in the hands of the sitting committee and the standing committees when adjournment is taken Saturday.

Mr. Ollis joined with Mr. Greenwalt in opposition to the motion, saying that the house should proceed with caution, "We have a large number of house bills still in standing committees of the senate and that body would be sure to retaliate if we should make a wholesale killing of their bills over here."

"It's a shame and a disgrace the way we have been carrying on," remarked Mr. Tracewell.

Workman's Compensation Bill Made Special Order

(From a Staff Correspondent.)
Lincoln, April 5.—(Special Telegram.)—Senator Walter R. Hager of Adams has "something" on House Roll No. 525, the new workmen's compensation bill, which he is convinced will kill the measure in a hurry if it were known, he says. This is the bill endorsed by the Nebraska Manufacturers' association and by labor leaders of the state.

Senator Hager, in the course of one of his talks, said the bill had no finger and toe schedule and that it did the wrong thing in compelling full payment when the injury occurred. Senator Beal, the introducer, pointed to the schedule. Hager would not argue his point.

"If this comes to a head I'll bring out the viciousness of this act," declared Senator Hager threateningly. Senator Hager moved the measure for indefinite postponement. Senator McMullen moved as a substitute that it be made a special order of business at 10:30 Friday morning. The substitute carried.

Senators Kill Bill Relating To Omaha Water Mains

(From a Staff Correspondent.)
Lincoln, April 5.—(Special.)—The senate today killed Senate File No. 56, by Strehlow, to require the Metropolitan Water district of Omaha to pay for installing mains when the revenue of any division reached 7 per cent of the cost of installation.

The senate passed by a vote of 25 to 7 House Roll No. 720, appropriating \$50,000 for "new industries" at the state penitentiary. A bitter fight was staged in committee of the whole, on the supposition that the board of control was going to install a broom factory at the prison, in competition with several others over the state.

Senate Takes Adjournment Until Monday Afternoon

Lincoln, April 5.—(Special.)—The senate appears to be pretty well satisfied with the progress it is making and this afternoon passed a motion to recess until 2 o'clock Monday upon adjournment this afternoon. This adjournment to give the conference committees plenty of time to work.

He will be assisted in the task by Senators John Mattes of Otoe and John Moriarty of Douglas. Under a motion made earlier in the session the power to appoint conference committees was taken from the lieutenant governor and given to the senate as a body and so on motion of Senator Henry the three men were named.

National Vacuum Washer
Why You Should Use It

Because it washes quicker, cleaner and with less work than others.

Because, by the vacuum principle, the dirt is all forced OUT instead of rubbing it into the clothes.

Because, by the vacuum principle, it requires only power to handle the water, not the clothes. This doesn't wear the clothes and makes the machine run easier.

The cure has been permanent... neither had to have a doctor or take any medicine since." If you suffer from any of the ailments common to women, try Cardul, The Woman's Tonic.
