### U. S. MOBILIZES GOLDEN LEGIONS TO AID ENTENTE

Administration Leaders in Congress Plan to Rush Legislation for Loan of at Least Two Billions.

NOT A PENNY OF PROFIT This Will Be Followed by More Money, as Well as Shells, Guns and Food.

### INSIDE OF THIRTY DAYS

Washington, April 7.—Administration leaders in conference today decided to unlock at once the vast financial resources of the United States to the allies.

To relieve the economic needs of the entente governments a huge loan of dimensions yet undetermined, but not less than \$2,000,000,000, will be forthcoming from this country as speedily as congress can pass the necessary legislation.

Not a penny profit, it was authoritatively stated, will be expected or received by this country on the loan. The loan will be America's immediate contribution to the allied cause, with the promise of other bountiful contributions of money, munitions and food-stuffs to come as needed.

Immediate Bond Issue. An immediate bond issue, possibly totaling \$5,000,000,000 is forecast by today's action. The exact amount is yet to be determined.

Legislation providing for the issue will be introduced in congress speedily, not later than next week, and within thirty days, possibly before the end of the present month, a substantial portion of the great loan is expected to be available for the entente governments.

The forthcoming loans, it is authoritatively said, will be placed before the public as quickly as possible in denominations down to \$100, possibly \$25, will be "a reasonable interest rate," and the entire army of American investors—banks, corporations and individuals—will be afforded an opportunity to subscribe.

What Plan Calls For. Treasury department and federal reserve board officials, believe that a \$5,000,000,000 bond issue can be absorbed without difficulty by American investors and it is likely that this will be the first sum offered.

The present plan calls for the exchange of American money, dollar for dollar, for foreign bonds at par. Bonds of the entente governments would be accepted by the American government as security for the loan. The interest rate on the foreign bonds, it was said, will be the same as on the bonds to be issued by this government in raising the big loan.

### Washes His Hands With Gasoline and He and Son Burned

Mistaking a jug of gasoline for a jug of water almost proved fatal to William Howard, 808 North Fifteenth street, and his 8-year-old son, Cornelius.

Howard used the gasoline to wash his hands, believing it was water. Then he held his hands over a coal stove, with the result that an explosion occurred and Howard was badly burned about the hands and arms while the boy was so painfully burned about the back, shoulders and arms that he had to be taken to St. Joseph hospital.

Goldie Howard, brother of William, had his clothes burned, but he extinguished the flames before he was himself burned.

### Training Camps for Citizens Are Suspended

Chicago, April 7.—There will be no citizens' military training camps this summer, it was announced at army headquarters here today. General Barry stated that all arrangements for the camps had been suspended and those who had expected to attend can best further the interests of the government by enlisting.

### Our Flag BIG REALTY DEAL ON DOUGLAS STREET

Brandises Buy Northwest Corner of Fifteenth for Modern Structure.

### MAY BE EIGHTEEN STORIES

Another big deal in downtown Omaha real estate is sprung by the purchase by the Brandises interests of the northwest corner of Fifteenth and Douglas streets, who intend to erect an office and store building sixteen to eighteen stories, of most modern type. The property is part of the endowment holdings of Creighton university. It has not been determined when construction will be started, but the nature of the improvements is already decided on.

This property has a Douglas street frontage of 110 feet, including the Julius Orkin store, and extends on Fifteenth street 132 feet back to the alley. George Brandise, head of the Brandises stores, states that the new building will be erected as soon as present leases shall have expired.

This transfer marks another step in the development of Douglas street as a main business thoroughfare. The Brandise company are now extensive owners on Douglas street, including the Brandise store, the Brandise theater, the former Boston store, the Courtney corner on the north side, the Empress theater and the Strand theater. George Brandise took the lead in making possible the Omaha Athletic club building to be erected this year on Douglas, between Seventeenth and Eighteenth streets, part of the site, now occupied by the Douglas Auditorium, having been part of the Brandise property.

Stores on Main Floor. The new building at Fifteenth and Douglas streets will have stores on main floor and offices above. The grain exchange was moved out of the Brandise building a year ago, vacating 200 offices, and all of these offices have since been filled by new tenants and from ten to fifteen applications are received every day for offices.

The Wells Fargo Express company has rented a suite of rooms in the Brandise theater building. Thomas J. Quinlan, general manager for the Brandise interests, states that there is a real demand for high-class offices and that the interests he represents are simply following out their policy of investing their money in Omaha property, having full confidence in the future of the city and especially that portion where their stores are located.

C. W. Calkins represented the Brandise interests in the deal and Mark Martin of the Payne & Slater Co., represented Creighton university.

Colonel Baehr Talks Like an Oyster Just Now

The secrecy and censorship surrounding the war situation was emphasized here Saturday morning when Colonel Baehr of the Fourth Nebraska National Guard came from headquarters. Although intimating that a secret military mission brought him here, he did not divulge its nature till noon. Then he made the simple announcement that guard recruiting would be resumed.
