Her husband died from injuries following an accident in the Omaha railroad yards on November 24, 1916, while he was employed as a car inspector.

Koch's widow alleges that a train crew made a "flying switch," causing a string of cars to be thrown with

great violence against another string of cars which her husband was inspecting. Her petition asserts that no warning signal was given nor any safeguards taken to prevent an accident.

Wrinkles On And Off The Stage

A Valuable Secret How to Look Young Though You May Be Old, Told by America's Beauty Star of Screen and Stage, Valeska Suratt.

COMPLAINING—It took a long time to perfect the face powder which I had prepared after my own formula—one that would be finer than any other powder ever made, that would stay on when applied, that would be invisible, and produce an exquisite bloom on the skin. I succeeded, and now this being sold as "Valeska Suratt Face Powder" at drugists, for fifty cents in flesh, white and bronzes tint.

DOROTHY N.—Your hair is brittle because of the soaps and soapy shampoos you use to wash them. These contain oil-consuming alkali, and are injurious to hair. The filmy secretions which form on the scalp, and dandruff scales are all "dissolved" away in remarkable fashion by eggol, a teaspoonful of which dissolved in half a cup of water gives a glorious rich, creamy, latherly shampoo. For twenty-five cents you can get enough eggol from your druggist to give a dozen or more head-washes.

MISS F. N. T.—You must stop pinching out blackheads and spotting up your skin. You'll get rid of them that way. Sprinkle some nerolin on a wet sponge. Then rub the blackheads with the tip of your finger, and you will find that they have all disappeared. Nerolin is the only thing known that will do this. Any druggist can supply you with the nerolin.

MRS. F. V.—All sorry you could not obtain the eggol for the head-wash I mentioned, but if you will in such cases send the price, twenty-five cents, to "Secretary to Valeska Suratt, Thompson Bldg., Chicago, Ill., my secretary will send it to you by mail at once.

THIN SPOTS—You will never get any real results on your hair until you stop using the usual hair preparations. Take this hint, and make up your own preparation at home, from the following formula. After using it for a short time you will find a tremendous difference in the length of your hair. It will be glossy, full of life, and it will stop falling. It will be a revelation to you, too, how the thin spots will fill out. To: half pint of water and half pint of alcohol (or to one pint of "dry rum") add one ounce of betanquinol, obtained from the drug store. This makes over a pint of this unsurpassed hair tonic, very economical, as you see.

MISS J. W. R.—No, my dear, those creams you use won't do it. I know because I have tried, and to my sorrow and disappointment. On the other hand, with my formula given below, you know before you begin that you are going to have a complexion of surpassing beauty, that every blemish, all mud-diness and the patches and sallowness that ruin complexions will disappear. It's an easy matter, more economical, too, than using anything else I know. To one ounce of stibone, obtained from your druggist, add two tablespoonfuls of glycerine, and mix in a pint of water. A thick, rich cream results. Now you have it.

EMBARRASSED—Hydrolyzed talc applied to the arm pits is wonderful in relieving excessive arm pit perspiration and in destroying at once all objectionable odors. It can be secured at any drug store.—Advertisement.
