Smart Tailored --- Dressy Hats
Styles to Suit Every Woman

TIME NOW for the "second" Hat, and we are splendidly prepared to cater to your every want here.

FOR THE TAILORED MAID we show Smart Sailors, with pastel feather bands, in wonderful colorings or liere straw facings with the top of the hat softly swathed in crepe, with perhaps a long pheasant tail laid flat on the crepe or the crown. Also others with flowers that blend with the crepe.

FOR THE DRESSIER TYPE we have Transparent Hats of Tulle or Hair Lace, in some instances with solid crowns with a beautiful wreath of flowers or lacquered fruit, or a smart trimming of burnt plumage or aigrette.

Yesterday's Style Letter From New York had this very interesting thing to say:

"Last Sunday, on the 'Avenue,' we noted the unusual number of American Beauty or Cherry Red Hats that were worn. They stand out brilliantly from the mass of 'blacks.'"

We have both of these lively colors here—**\$10 to \$22.50**
