

### GRAY HAIR RESTORED OR MONEY BACK

Natural Color Brought Back by Q-Ban—A Simple Healthful, Guaranteed Preparation.

The right way to restore hair to a natural color and make your hair really beautiful, soft, luxuriant and healthy, is by the use of Q-Ban Hair Color Restorer and not dangerous, dirty, sticky dyes. Q-Ban is a liquid, all ready to use, and is guaranteed to be harmless, with your money back if not satisfied in any way. It is the only guaranteed preparation for the purpose.

### Keep Uric Acid Out of Joints

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat; but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid, which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity.

### Be Careful in Using Soap on Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mulsified coconut oil, for it is pure and entirely greaseless.

### Guaranteed to Remove Superfluous Hair Roots

Glorious news for women troubled with distressing hairy growth! By means of an entirely new and very simple method you can now remove not only the surface hair, but the roots as well!

### DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can instantly relieve pain, soreness or stiffness with a little clean, white Musterole.

FOR A DRY, TICKLING TROCHEE THE NEW 10¢ BOX PROVES THEIR WORTH BROWN'S BRONCHIAL TROCHES JOHN L. BROWN & SON, Boston, Mass.

### UNCLE SAM WILL PAY WAR BILL AS HE GOES

Government Plans to Make Present Generation Pay Costs of Struggle.

#### TO RAISE IT BY TAXATION

Washington, April 8.—President Wilson's policy, outlined in his address to congress, of paying America's war bill so far as possible while the war is being waged, leaving a minimum debt to posterity, was reflected tonight in a virtual decision by leaders in the house and senate to raise 50 per cent of the first year's expenditures by taxation.

Under this program congress would be called on to raise war revenue of \$1,750,000,000 through new and increased taxation during the fiscal year ending June 30, 1918. This is exclusive of the \$5,000,000,000 bond issue, authorization for which will be sought this week.

Three Billions to Allies. Of the bond issue \$3,000,000,000, it was definitely stated tonight, would be loaned to the entente allies. The entire issue will bear interest of 3 1/2 per cent. It is proposed to make the loan to the allies at this interest rate, which is lower by far than the rate on their previous issues.

The remaining \$2,000,000,000 will be applied, as necessary, on the cost of the military and naval establishments and other war expenses of the United States. Indications are that with the new war revenue measures in effect the full amount, \$2,000,000,000, will not be entirely exhausted at the end of the first year.

In requesting authorization for a \$5,000,000,000 bond issue administration leaders have in mind the necessity of allowing for a slight margin of safety so that the work of the War and Navy departments would not be handicapped by a lack of funds due to the possible failure of proposed tax measures to raise the entire sum of 50 per cent desired.

Details Not All Arranged. Details of the proposed bond issue have not been fully disposed of at present. The proposal that congress authorize immediately the issue of \$3,000,000,000 in bonds to finance a loan to the allies and afterwards take up the request for \$2,000,000,000 for the army and navy is considered in some quarters.

In support of this proposal it is pointed out that the need of the allies for funds is more immediately pressing than American needs. The money to be obtained for the latter purpose being expended over a period of fourteen months. A proposal simply to issue bonds to finance a loan to the allies, it is said, might be passed more speedily by congress than if it were coupled with a proposal to provide for the American war bill at the same time.

In One Lump Sum. Indications are strong, however, that congress will be asked to authorize the \$5,000,000,000 in one lump sum. Legislation to this effect will be considered by the ways and means committee, within the next day or so, possibly tomorrow, and probably will be reported to congress for action before the end of the week.

To Chairman Kitchin, who was called to North Carolina by his brother's death and therefore was not consulted with reference to the details of the proposed legislation, will fall the honor of carrying through in the house the administration's immediate financial program. Recalling Mr. Kitchin's opposition to the war resolution, members of the committee are prepared, however, to relieve him of this duty should he personally oppose the plan. In that event it probably would devolve upon Representative Rainey, ranking majority member of the committee, or Representative Hull of Tennessee to carry through the program.

Confers With McAdoo. Chairman Simmons and his colleagues of the senate finance committee have in recent conference with Secretary McAdoo during the past few days with reference to the program.

Indications are that the administration's financial program will meet with overwhelming support in both houses and that the proposed bond issue will be authorized without loss of time.

Considerably more time, it is thought, will be consumed in the passage of the war revenue measure. Sentiment in congress, apparently crystallized in support of the program of advancing an enormous loan to the allies, varies greatly as to the methods to be pursued in raising revenue through taxation.

Income Tax Probably Revised. In general terms it seems certain that the bulk of the additional revenue will be raised through revision of the income and excess profits tax laws. It is also likely that the tax on whisky, beer and tobacco will be raised.

As to what outlines the income tax law will assume upon emerging from the committee, one man's guess, an official said today, is as good as another's. There appears to be a general sentiment for lowering the present exemption and raising the rates heavily on large incomes. A graduated scale may be adopted in revising the excess profits tax law.

Suggestions that part of the war revenue be raised by the imposition of stamp taxes on checks and other documents and that a consumption tax be placed on sugar, tea and coffee have been made in both branches of congress, and it appears likely that these will be considered.

Officials in charge of the financial program found themselves today the center of a country-wide bombardment of telegrams and letters of approval. Assurances of Support. From every section came assurances of support. Offers of co-operation were received from individuals, organizations, firms and banks. Many of the latter offered to place at the disposal of the proper authorities all means within their power for distributing and aiding in the sale of the bonds.

Expecting the usual variance of opinion generally manifested with the

### FIRST OMAHA WOMEN TO ENLIST FOR THE WAR—Miss Carolyn Barkalow and Mrs. O. S. Goodrich signing up to join Uncle Sam's forces now at war with Germany.

### WOMEN ARE QUICK TO ANSWER CALL

Carolyn Barkalow and Mrs. O. S. Goodrich First to Enlist for Woman Service.

### PLAN BIG MASS MEETING

Miss Carolyn Barkalow, daughter of Mrs. S. D. Barkalow, and Mrs. O. S. Goodrich were the first Omaha women to enroll in the National League for Woman Service which local headquarters were opened in the First National Bank building at 10 o'clock yesterday morning.

Miss Barkalow has just returned from New York, where women's response to the call for service was prompt and generous. Miss Barkalow was urged to join some of the eastern detachments, but waited until she reached home before enrolling. Miss Barkalow, who has had a course in Red Cross nursing, has organized a group of young society girls to prepare surgical dressings under the new Red Cross chapter which Gould Dietz will head.

"We expect the charter to arrive some time today. The local executive committee will then be announced," said Mr. Dietz, who, with W. G. Ure, was among the men who dropped into the women's "recruiting" station during the morning.

In enrolling, women designate what sort of work they can do, how much time they can give to it, and whether they are prepared to go to any locality where needed.

A large meeting is planned for early next week, at which some out-of-town speaker well versed in Red Cross work will outline the league's plan of work. An executive meeting to arrange for a larger one will be held Saturday morning at 10 o'clock.

Mrs. Harvey Newbranch will replace Miss Euphemia Johnson as captain of the general service section, since Miss Johnson will be out of town. Mrs. E. P. Peck, Miss Johnson and Miss Sinclair of Brownell Hall will serve on Mrs. Newbranch's staff.

Mrs. Louis Clarke, captain of the motor driving volunteers, has a staff which includes Mrs. O. S. Goodrich, Mrs. George Redick and Mrs. E. E. Stanfield. Miss Mona Cowell and Miss Irene McKnight are her commanders.

The staff of the commissariat, headed by Mrs. R. Beecher Howell, includes Mrs. E. M. Syfert, Mrs. E. H. Scott and Mrs. C. J. Anderson.

Welfare Section Formed. Mrs. Lawrie Child's social and welfare section is the most completely organized up to date. Her staff includes Mrs. Victor Rosewater, Mrs. Luther L. Kountze, Mrs. Frank T. Hamilton and Mrs. C. M. Wilhelm. Under these are detachments for which the commanders are: Red Cross work, Mrs. C. T. Kountze; Wo-

### Bluejacket Routs Pacifist Speaker And Forces Apology

How one of Uncle Sam's bluejackets, out on recruiting duty, put the quietus on a pacifist speaker and swung a mass meeting of 500 people into line behind Old Glory, is tersely and modestly told in a report to Lieutenant Waddell of the navy recruiting station here.

Boatswain's Mate Frank Harper at Emerson, Neb., to get navy recruits, wrote to his superior officer in effect as follows:

"The postmaster, mayor and citizens of Emerson had arranged a mass meeting, and the schools and all business were suspended for an hour for it.

"The high school principal tried to prevent a patriotic demonstration by opening the meeting with an appeal to the folks to refrain from responding to the war call. He even slandered the men of the army and navy.

"I then took the floor and talked for fifty minutes, and must admit I surprised myself in my speech. I won over everybody and forced the principal to publicly apologize before the whole crowd.

"Got a list of prospective recruits that is lined up, and the first of them will soon reach Omaha for examination and enlistment."

### Minneapolis to Play Host To Thousands of Shriners

Omaha Shriners are making plans to attend the big convention of members of the order at Minneapolis from June 24 to 29, inclusive. Advices from the Minnesota metropolis are that Mill City Shriners intend to entertain visitors on an elaborate scale.

Starting Sunday, June 24, the six days' program will be filled with entertainment for the visiting Shriners and their families. St. Paul is to join with Minneapolis in making the convention of Shriners a notable occasion. One of the features of the convention is to be the laying of the corner stone for a new half-million-dollar home for Zuhrah temple in the presence of the imperial officers and nearly all the past and present potentates of the Ancient Arabic Order, Nobles of the Mystic Shrine.

The Wreckers Are Coming The Parisian Cloak Company, 318-320 South 16th St., in the Schlitz Block, is going out of business. The building is to be torn down soon and new merchandise is coming in daily which must be disposed of. Hurry, come tomorrow and every day hereafter and secure your Spring Apparel at great reductions, for the WRECKERS ARE COMING.—Adv.

man's Press club, Mrs. Myron Learned; Central High school teachers, Miss M. A. Landis; Commercial High teachers, Miss Helen Drummond; Miss M. L. Troup; Mrs. Charles A. Tracy, Miss A. B. Kimball and Mrs. Louis U. Nash.

Mrs. Clarke will ask automobile men to furnish her mechanics for one hour a week to give instruction in the motor driving classes. Dick Stewart has already volunteered the service of one mechanic.

To co-operate with the army and navy, not to do work on its own initiative, the object of the League for Woman Service, the members say. Women may join as many branches of the work as they choose. To centralize all Red Cross and war relief organizations in the city will be the first move. Trained leaders for all departments will be named soon.

### Detroit Sends McKee Out to Pacific Coast

Catcher Ray McKee has been released by the Detroit club to San Francisco, of the Pacific Coast league.

### Nuxated Iron to Make New Age of Beautiful Women and Vigorous Iron Men

Say Physicians—Quickly Puts Roses Into the Cheeks of Women and Most Astonishing Youthful Vitality Into the Veins of Men—It Often Increases the Strength and Endurance of Delicate, Nervous "Run-Down" Folks 100 Per Cent in Two Weeks' Time.

Opinion of Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York City

NEW YORK, N. Y.—Since the remarkable discovery of organic iron, Nuxated Iron, or "Fer Nuxate," as the French call it, has taken the country by storm. It is conservatively estimated that over three million people annually are taking it in this country alone. Most astonishing results are reported from its use by both physicians and laymen.

From so that doctors predict that we shall soon have a new age of far more beautiful, rosy-cheeked women and vigorous iron men.

Dr. Ferdinand King, a New York Physician and Medical Author, when interviewed on this subject, said: "There can be no vigorous iron men without iron. Pallor means anemia. Anemia means iron deficiency. The skin of anemic men and women is pale, the flesh flabby. The muscles lack tone; the brain fags and the memory fails and often they become weak, nervous, irritable, dependent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks.

"In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degenerated cornmeal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these important foods and silly methods of home cooking, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grave iron loss.

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."

Dr. E. Sauer, a Boston physician who has studied both in this country and in great European medical institutions, said: "As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run-down, instead of doing themselves with habit-forming drugs, stimulants and alcoholic beverages, I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases and thereby the lives of thousands might be saved who now die every year from troubles, grippe, kidney, liver, brain and stomach troubles, nervousness, neuritis, the real and true cause which started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood."

"Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of twenty and as full of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age. The secret, he said, was taking iron—Nuxated Iron had filled him with renewed life. At 30 he was in bad health; at 45 he was careworn and nearly all in. Now at 68 after

taking Nuxated Iron, a miracle of vitality and his face beaming with the buoyancy of youth, iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen dozens of nervous, run-down people who were alling all the while would their strength and endurance an entire lot themselves of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate, or iron simply to save a few cents. The iron demanded by Mother Nature for the red coloring matter in the blood of her children is, alas! not that kind of iron. You must take iron in a form that can be easily absorbed and assimilated to do you any good, otherwise it may prove worse than useless. Many an athlete and prize-fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray; while many another has gone down in in-

glorious defeat simply for the lack of iron." Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

NOTE—Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are wide prescribed by eminent physicians, both in Europe and in America. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in nuxated iron that they offer to forfeit \$100 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 100 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Sherman & McConnell Drug Stores and all good druggists.—Advertisement.

### ELECTRIC LIGHTING HELPS MEN TO SUCCEED BY HOME STUDY

There is one remedy that sets 'em 'em to clear away all pimples, blotches, and other skin eruptions, and that makes the skin soft, clear and healthy.

Any druggist can apply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, black heads in most cases give way to zemo. Frequent use, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clear, easy to use and dependable. It costs only 25c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

### THE young men and women who are forging ahead today (as always) are those who equip themselves for responsible positions by well-directed study.

Modern Electric Lighting assists greatly to promote home study with the least strain to the eyes.

The clear, attractive illumination provided by Electric Lighting is an invitation to self improvement.

Two or three cents a night spent for efficient lighting in the home may cause your boy to fit himself for a highly paid profession.

Let us tell you about the modern way of wiring a home—No matter how long ago it may have been built—does not damage walls or floors or interfere in any way with household routine.
