

### BARBERS PLEASED AT SUNDAY CLOSING

Big Majority in this City Had Signed the Petition to Urge Its Passage.

#### HOTELS ARE HARDEST HIT

Omaha journeymen barbers and shop proprietors are strong in their support of the Bennett bill to close barber shops on Sunday in Nebraska. The barbers are particularly interested in the measure, which was passed by the house in the state legislature on Tuesday by an unanimous vote of all representatives at the session.

The local union of journeymen barbers, represented by Secretary John Decker, worked hard for the passage of the measure, which will go into effect on July 1, assuming that it will be signed by the governor.

Mr. Decker made this statement: "I secured the signature of 115 of 135 barber shop proprietors in Greater Omaha on a petition urging passage of the bill. I feel confident in stating that between 90 and 95 per cent of the barbers of the state favor the Sunday closing of their business. There are 400 barbers in Greater Omaha."

Harry Miller, proprietor of a local shop, said he believed more than 80 per cent of the bosses favor the bill. The chief opposition in Omaha was from proprietors of shops in large hotels.

The bill makes an exception for "cases of necessity" on Sunday, explained by Mr. Decker to mean that if a man is confined to his room or in a hospital he may send for a barber.

"We have been fighting for fifteen years for a Sunday closing law and now we feel we have won the fight," added the secretary of the local union.

#### Twenty-Five Prizes at Letter Carriers' Ball

Twenty-five prizes will be given at the grand masquerade ball which will be held by the Omaha Letter Carriers' auxiliary No. 78 Saturday evening at the muni. Auditorium. The grand prize for the best costume at the ball will be a mahogany rocker. Ladies' prizes include a toilet set, two silk waists, silk skirt, coffee percolator and a gas iron. For the men, a silk umbrella, six books, ten pounds of coffee, an elephant, \$5 in cash and a pair of shoes are offered.

Other prizes include a case of tomatoes, berry set, a vase, box of crackers, cake box, picture, pipe, macaroni, towels and candy. Mayor Dahlman, Commissioners Butler and Jardine, Oscar Leiben, Gus Renze, Fred Faffourath and Tom Flynn will be judges.

#### Stage Dancer Gets Work Here as a Domestic

Gladys Davenport, claiming to have been a stage dancer with operatic companies, has been placed in domestic work by Mrs. Rose Ohaus of the Board of Public Welfare. This tiny miss said her home is in Shreveport, La., and explained that she was stranded in Kansas City and came to Omaha in search of professional work.

"I'm not ashamed of housework as a temporary means of making my living, but I hope that I will be able to join a company before long," she remarked. She had never been "north" before and expressed the belief that she would like this part of the world.

#### Old-Time Friends Will Attend Dellone Funeral

Funeral services for Fred K. Dellone, pioneer Omahan, who died Tuesday, will be held from St. Peter's church at 9 o'clock Thursday morning. Interment will be in Holy Sepulcher cemetery. The following old-time friends of Mr. Dellone are to act as pallbearers:

J. J. O'Connor, T. P. Hill, John Withnell, Edward S. Riley, Andrew Murphy, Edward A. Smith

### FORMER SEATTLE MAYOR TO LECTURE HERE

MAX WARDALL

This evening at 8 o'clock Hon. Max Wardall of Seattle, lawyer, editor and student of sociology, and recall mayor of Seattle, will deliver a free lecture at 701 Bee building. The subjects of his lectures are: "The Sward of Fate," "Magic in Service," "Esoteric Christianity." The lecturer speaks under the auspices of the Omaha branch of the Theosophical society, of which he is national lecturer.

#### Place Military Guard at the Bertschy Plant

A military guard will be placed at the plant of the A. J. P. Bertschy Manufacturing company, Twentieth and Harney streets, as a precaution against cranks. A threatening letter was received there Wednesday morning. It is written in red ink. Some of the letters are in German script and some in English. It was slipped under the door after midnight Tuesday.

The letter makes threats against the proprietor if he does not "stop this war business." The note is anonymous.

Six hydrogen trucks are being built in the plant for the aviation corps at Fort Omaha. These are used for inflating balloons.

#### Ashland Park School Folks Are Entertained

More than 300 pupils and parents attended an entertainment given at Ashland Park school, west of the South Side, Tuesday evening. Leo McShane of the extension department of the University of Nebraska, gave an illustrated talk on gardening. A quartet sang. County Superintendent of Schools Keenan and Miss Bird Claybaugh, principal of the school, were in charge of the affair.

### TO FORM RED CROSS SOCIETY IN COUNTY

Gould Dietz is Authorized by Wire to Start Organization Here at Once.

#### TO SELECT DIRECTORS

By wire from Washington, D. C., headquarters yesterday Gould Dietz was officially authorized to organize Douglas county for the Red Cross society, the work to be extended through the state later. The charter will be received later. W. G. Ure will serve as secretary and W. H. Bucholz as treasurer.

Mr. Dietz has already secured seventy-five men who subscribed \$10 each to carry on the work. He will name an executive committee of seven or eight men in a few days, with a directorate of thirty-five or forty men.

Thomas Kimball has offered the old Hellman property at Twentieth street and St. Mary's avenue for any use the Red Cross society may put it to.

#### To Head Women's Section.

Mrs. Charles T. Kountze will head the women's section of the Red Cross. Her committee includes: Mrs. E. H. Sprague, Mrs. Ward Burgess, Mrs. W. A. C. Johnson, Mrs. A. L. Reed, Miss Gertrude Smith, Mrs. Howard H. Baldrige, Mrs. Arthur Remington, Mrs. L. L. Kountze, Mrs. J. T. Stewart, 2d; Miss Katherine McCormick, Mrs. George Prinz, Mrs. E. M. Morsman, jr.; Mrs. Lowrie Childs, Mrs. Arthur C. Smith, Mrs. C. M.

Wilhelm, Mrs. C. H. Aull, Mrs. William Archibald Smith, Mrs. Dan Wheeler, Mrs. William Tracy Burns, Mrs. W. A. Redick, Mrs. Herbert Wheeler, Mrs. O. T. Eastman, Mrs. F. W. Judson, Mrs. E. A. Nash, Mrs. Joseph Barker, Miss Daisy Doane, Miss Kate Worley, Mrs. K. R. J. Edholm, Miss Jessie Inches. Mr. Dietz is deluged with correspondence from out in the state by men and women who wish to give their services for the Red Cross.

#### Public Invited to Free Exhibit of Fine Paintings

From 10 to 10 today in the ballroom of the Fontenelle thirty exceptionally fine paintings from all parts of the country, New York, Chicago, Boston and elsewhere, by international artists, will be on exhibit to the public free of charge. This exhibition has been assembled under the auspices of the Omaha Society of Friends of Art by the president, John Lee Webster. Before the stern realities of war take all the beauty out of our lives the people of Omaha are asked to avail themselves of the privilege of seeing these really beautiful and famous pictures. Members of the Omaha Fine Arts society will be in charge during the day.

#### Riots Reported in Many Cities in Bulgaria

London, April 11.—Rioting in several towns in Bulgaria is reported in a Reuter dispatch from the French headquarters on the Macedonian front. In Sofia German cavalry is said to have charged the rioters, occasioning many casualties. In some cases, the dispatch reports, Bulgarian troops have taken sides with the manifestants.

**If it saves gasoline it is a real benefit to the world—these booming days. And that is just what the Twin-six motor does—saves gasoline. By all the tests of continued and wide range use it has demonstrated its ability to give the greatest possible service at lowest possible cost.**

### Life Companies Issue New Premium Rates

New York, April 11.—New rates on policies containing war clauses have been announced thus far by eleven of the great life insurance companies. In most cases military service within

continental United States entails no extra premiums. For service abroad all payments are suspended unless policyholders agree to pay extra premiums amounting to an average of 10 per cent of the face value of the policy.

## Trucks that paid for themselves in 14 months

Every Pierce-Arrow Motor Truck sold helps us sell another, and every Pierce-Arrow truck bought helps the owner buy more.

Practically all the big Pierce-Arrow fleets in service have grown up slowly from small installations of one or two trucks. These Pierce-Arrow trucks have done much more than pay their way. Many of them have not only paid for themselves, but by surplus earnings have helped pay for more Pierce-Arrows.

## PIERCE-ARROW Motor Trucks

for example:

Grand Union Tea Company, of Brooklyn, operating 4 Pierce-Arrow trucks, report that they have found that each of these trucks by economies effected has paid for itself in less than 14 months.

## The Trail of the Motor Wise

EACH year you will find the motor-wise watching the achievement of some one manufacturer with keen interest because he has furnished them with a new conception of motor construction—a new value.

#### This Year It Is the Briscoe.

The much-talked-of Half-Million-Dollar Motor has furnished them, at a low price, the qualities which they sought. A motor designed for speed and low fuel consumption—one which performs powerfully, smoothly and rhythmically in high or low speed. **No car will run further on a gallon of gasoline than the Briscoe.**

But with all the attention given to the motor, the body lines and finish have not been overlooked. Its appearance is snappy and rakish. With long, straight streamline, high sides and wide doors, it offers an appearance not found in cars under one thousand dollars.

## Make This Test

**It Will Open Your Eyes—Will Show How You Have Been, Unintentionally of Course, Working Great Havoc in Your Mouth—How to Avoid Injuring Your Teeth and Gums.**

Put into a small bottle a brushful of tooth powder, paste or cream. Add a little warm water, shake well, let stand a few minutes. Then note the sediment at bottom of bottle. That sediment is insoluble grit. If that grit won't dissolve in the bottle it won't dissolve in your mouth! Minute, hard, sharp particles get into pyorrhea pockets, under the gums at the necks of the teeth, and remain there. What happens? Irritation, inflammation, with more or less serious consequences.

This, in fact, is one of the chief factors that keep up the irritation of pyorrhea, which is responsible for the loss of millions of teeth every year. The injured gum tissues provide lodging places for the pyorrhea parasite—the "ameba buccalis"—and these parasites continue the work of destroying the gums and the bone which holds the teeth.

Your dentist will verify these statements. He knows the damage done by dentifrices containing insoluble grits. He also knows that to keep the teeth perfectly clean and free from stains, some abrasive or grit is really necessary. What, then, are you to do?

### Soluble Avatol Has Solved This Problem!

The grit in Soluble Avatol, after doing its work, dissolves! It completely disappears one minute after coming in contact with the saliva, leaving no irritant material behind.

You can easily prove this by the same test above mentioned. You will see the grit dissolve—no sediment will remain at the bottom of the bottle!

A soluble tooth cream is a brand new thing. The introduction of this product marks an important step forward in dental hygiene.

It may truthfully be said that Soluble Avatol is the only safe, effective tooth cleanser in the market. There is nothing better to keep the teeth antiseptically clean, spotless, sparkling—and absolutely no harm can result from its daily use. It is germicidal and a pyorrhea preventive. Yet it costs no more than ordinary dentifrices.

SOLUBLE AVATOL sells at 25 cents per tube. Your druggist has it, or will get it for you. Buy a tube today—test its cleansing power—prove its solubility—and you'll never brush your teeth with anything else.

Put up solely by
