Tt Just Works Like Magic On The Skin!

"Easy Secrets That Make the Mirror Tell Wonderful Stories of Beauty," Says Valeska Suratt, the Fashion and Beauty Queen of America's Stares

BY VALESKA SUBATT.

plesion are in sery skin. It exists in your face, just the same as in that of the most beautiful woman in the world. It's aimply that the beautiful woman in the world. It's aimply that the beautiful tints of the skin are hidden as by a veil. Some of the results accomplished in a five days by a method which I adopted long ago read almost like a fairy tale, the magic of it is so astomdime. And I find that it successes even on the most motley, distingued, usly akins, making hiemishes disappear as clouds dee from the face of the suit. A skin, spendar one of the suit. A skin, spendar on the face of the suit. A skin, spendar on the suit of the suit of

MARIONETTE — I wasted several years of my life using up "hair tenics" that did about as much good as water. Finally I devised my own formula, which has produced remarkable results. I'll say here that I am known as the enly woman on the American stage who good to make no use of hair switches or other makeshifts. So you can get an idea now of what this formula has brought me. My friends are a unit in saying it is magic in its power, making hair long, silky and beautiful, without fail and stopping falling of hair. Just mix one ounce of beta-quinol with a haif pint each of water and alcohol, or one pint of bay rum instead of the water and alcohol. It is then ready to use.

MRR P. E. C.—Cheer up, you can go to that dance, without blackheads. Get from your druggist some powdered nervain. Sprinkle some on a wet sponge. With this rub the blackheads rather hriskly for a faw moments. Now prepare yourself for a surprise. Lock in the mirror and the blackheads will be roue. This is the only thing that will do this.

MAGNETIC—Brittle hair, you know, is caused by alkall in soaps and soap shampoos. I think too much of my hair to use any of these things. If you want a head-weak that is positively glorious, that dissolves away every bit of greasy film from the hair and scale as no soap shampoo can ever do, just dissolve a lesspoonful of eggel in haif a cup of water and use. Is this way from 12 to 15 head wantes can be chained from twenty-five cents worth of eggol.

MISS ANXIETY—Why, it's a shame for you to have all those wrinkles even at your age, 56. If you only knew how easy it was to get rid of them, yes, wonderfully easy. There are thousands who know how easy it is by the use of the formula which I will give here. You'll see the difference, not in months, but its days. Those wrinkles about the

eyes and sagging of fissh will disappear, your sidn will become vigorous and plump. You'll not fail if you try life simple, and remarkably economical. To a half pint of water and a table spoonful of giverine and two ounces of eptol. Use it liberally every day.

ONE BROW—Two evelvews grown in one certainly looks "herce." Whatever you do, don't use any pube to wirring hair removers sold. Use the burning hair removers sold. Use the burning hair removers sold. The state of dissolve away those superfluous hairs, on the body. It never falls and never leaves a red "burned" spot. The skin is left smooth and soft. You dissolve away the hairs by moistening them with sulfe solution in a few moments. This femuees sweet hair, no matter how thick, or how aensitive the skin.

MRS. F. T. C.—It is very seidom a druggiat hasn't suifo solution for disciving away superstuous hair quickity and surely, but should you still find difficulty in obtaining it, just send the price, one dollar, to "decretary to Valeska Suratt, Thompson Bilds. Chicago." and my secretary will see that you are supplied.

HOME LIKE—So you heard about them, too. Yes, the new 'movie' pij-iow tops in orange and purple, with my photograph and signature in the center, are certainly eigent. I have made arrangements to supply a certain number of them at the special price of fitty cents each. Just send the price to my secretary as indicated, in the address in the preceding paragraph.

CHALK-CHALK — That's the big trouble, all too chalky. So I have now my own face powder, if you please, finer in texture than anything ever before produced. It slays on beautifully, gives an extraordinary bloom to the skin. It is sold by druggists at 50 cents, in white, fiesh and brunette, and called "Valenka Suratt Face Powder."

MRS LOST—The only safe way to try for bust development is to dissolve two ounces of rustone and haif a cup of sugar in half a plit of water, and of this mixture take two teaspoontuls after meals and at beddime. Nebody can promise you success absolutely, but this is the surest way.

Mr.S. O. H. L.—For arm pit perspira-tion, get from your drugglet some la-drollised tale and apply to the arm pits. You'll set relief at once, and the odor also will immediately disappear. The is eafe and sure—Advertisament.
