PREPAREDNESS FOR FARMER THE THEME

. Special Train to Carry Experts Talking on Need of More Production.

OVER THE U. P. LINES

Instead of the usual "Dairy Special," run over the Union Pacific lines by officials of the company in cooperation with the College of Agri-

tional campaign, and College of Agri-culture professors took part. This change to a "Preparedness Special" came in response to the imperative need of the nation for an increase of food production, which need pro-mises to become important in view of a probable short wheat crop and the certain withdrawl of large numbers of men now engaged in productive

Four crews of speakers will be

"Four crews of speakers will be sent on this tour, one crew to speak in each town and the other three crews to speak in rural school houses in territory near each stop. This plan was used with success last year."

The tour will last from May 7 to May 12, inclusive, thirty towns being included in the itinerary. More than 1,000 miles of track on branch lines of the Union Pacific will be covered in this tru. The train will consist of of the Union Pacific will be covered in this trip. The train will consist of seven or eight cars, among them two sleepers, one diner and a day coach. Time Table for the Week.

The complete itinerary follows: MONDAY, MAY 7.

Ashland, Neb., April 15.—(Special.).

—Teachers for Ashland achools have been elected by the Board of Education for the ensuing year as follows: Duty von Mansfelde, mathematics, Elizabeth Scott, English and normal training; Charlotte Jenkins, domestic science and history; James E. Knox, language; Lilliag Bell, eighth; Hazel language; Lilliag Bell, eighth; Hazel Alyea, seventh; Janet Beetison, sixth; Mignon Marcy, fifth; Florence Whipple, fourth; Audra Moss, second; Josephine McCormick, third; Elsie Goodfellow, primary and music; Myrtle Hendrickson and Lucy Goldmith, East Side school. Superintendent James T. Anderson, who has been at Ashland two years, was not a candidate for re-election, and will retire from teaching and take the management of a large farm near Ragan, Harlan county. The board elected as his successor Prof. R. B. Carey, princepal of the city schools at Fairbury.

Frank Hale Shoots an 80 Over the Field Club Links,

Despite the chilly winds, which, tended to send the shivers up the minal column, seventy-five golfers were out on the Omaha Field-clubificks Saturday afternoon. Some pretty good scores were marked up, too, F. W. Hale shot an 80, C. E. Griffy 31, J. A. Abbott 82, Karl Bock 83, Joe Williams, M. J. Coakley and O. H. Menold 87.

An Excellent Remedy for Coughs and Colds.

You will look a good while before you find a better preparation for coughs and colds than Chamberlain's Cough Remedy. Mrs. George Bryant. Charleston, Ill., in speaking of this preparation, savs. "My husband caught a hard cold that settled on his lungs and he coughed terribly. A neighbor advised him to try Chamberlain's Cough Remedy. He bought a bottle of it at the drug store and the first dose relieved him. Before he had taken the contents of the one bottle his cough and cold had entirely disappeared."—Adv.

the city smoke could be observed pouring from tall chimneys, as if the industrial activities of the Germans in the French factories were progressing as usual. British patrols were pressing toward the city from all directions this afternoon

Mine Towers Dot Country. operation with the College of Agriculture each spring, Nebraskans are to have a "Preparedness Special" this year, the object being to promote agricultural production and prevent agricultural waste.

This decision was reached at the university farm Friday afternoon in a conference is which Dean E. A. Burnett, of the College of Agriculture; S. M. Brooks, agent of the Union Pacific railroad; J. B. Lamson, advance agent in charge of the International Harvester company's educational campaign, and College of Agriculture professors took part. This charge to a "Preparedness Special" walls and gray towers of the cathedral. From the northern slopes of Vimy in the distance as one great slotch of red-red walls, red roofs, red chimneys—out of which loom the gray walls and gray towers of the cathedral.

came in response to the imperative need of the nation for an increase of food production, which need promises to become important in view of a probable short wheat crop and the certain withdrawl of large numbers of men, now engaged in productive work, for military service.

To Stimulate Production.

"The plan is now to make the train an instrument for stimulating production," said Dean Burnett, following the conference. "The program of speeches will include anything that tends to further production.

Emphasis will be placed on wheat, corn, potatoes, dary and meat production.

"Four crews of speakers will be conference." The program of speeches will include anything that tends to further production.

Emphasis will be placed on wheat, corn, potatoes, dary and meat production.

"Four crews of speakers will be placed black puffs the sure mingled denselved black puffs the sure mingled denselved black puffs."

Above Lens occasional shrapnel shells broke. With the usual British white puff balls were mingled densely black puffs, the latter being the German 5.9 shrapnel recently captured and turned against the Germans. Several times previously during the war German light field pieces have been turned against them, but this was the first time the heavier calibres were

loosed.

Some of the points surrounding Lens, which are already occupied by the British were thorns in the side of these same soldiers during the famions battles of the Loos salient. It was impossible at that time to blow the Germans out of their stronger positions. But now all this is changed. The difference between the bombardment with which the offensive began last Monday and that when the British inaugurated the battles of the Somme last July was so great that it is difficult to realize they came from the same army. came from the same army

WE MUST MAKE WAR WITH ALL OUR FORCE

So Deilares Rev. Edwin Hart Jenks at First Presbyterian Churih Sunday.

GERMANS WOULD GO LIMIT

Rev. Edwin Hart Jenks of the First Presbyterian church is ready to serve his country in any way it may be able to use him during the war. He said so in a sermon on "Duty of Patriotism" y sterday morning.

He reviewed the situation and succession of events that led to our breaking relations and declaration of a state of war with Germany. He delivered a strong indictment of the imperial German government in this way, reviewing the subsea campaigns, the notes exchanged diplomatically. notes exchanged diplomatically, patience and forbearance exhibited President Wilson in his effort for over two years to remain neutral and avoid entanglement in the European

Laws Are Fractured.

He showed the many instances in which international law was fractured by the German government in the conflict, and pointed out that inter-national law and rules of warfare were the things intended to make war as little offensive as possible to non-combatants, and that international law should thus stand as a protection to the non-combatants.

to the non-combatants.

"Germany is willing to destroy even Christian civilization, if necessary, to win," said Dr. Jenks. The obligation rests with us to defend the principles of humanity. The world has upon us a larger claim than on any other nation, because of our superior power, to help remove an object of terror from the earth."

He wend upon the people to sustain.

from the earth.

He urged upon the people to sustain
the war with all possible resources
and means. "We should not make
war ignobly, but make war with all
the force at our command," he said,

Board of Agriculture Urges Farmer To Utmost Effort in World Crisis

Lincoln, April 15 .- (Special.) Resolutions adopted by the board of

Resolutions adopted by the board of managers of the Nebraska State Board of Agriculture has urged the farmer to do his utmost to aid the nation at this period of food crisis.

"Having at heart the agricultural interests not only of the state of Nebraska but of the United States;" the resolutions declare, "and realizing that in the world crisis it is not only necessary for this nation to make the proper provision for the feeding of its own citizens, but also to help furnish food for its allies, be it.

"Resolved, That upon the farmer rests in large measure the final responsibility of winning the war in which we are now involved. The importance to the nation of an adequate food supply, especially for the present year, cannot be overemphasized. The world's food reserve is very low. Not only our own consumers, but much of the world at large, must rely more completely than ever upon the American farmer. Therefore, the man who tills the foil and supports the soldier in the field, and the family at home, is rendering as noble and patriotic a service as is the man who bears the brunt of the battle.

"The American farmer has long

to experiment with new and untried to experiment with new and untried to experiment with new and untried to experiment that the farmer devote his principal efforts to the production of such crops and the employment of such methods as are well established on the citizens of our state."

Amsterdam (Via London), April 15.—Appeals to the Poles from the German emepor and Emperor Charles of Austria, have been made public, according to Warsaw dispatches. The German emperor announces the transfer to the governor-general of Warsaw of the Polish auxiliary corps with which to form the nucleus of

Obituary Notes

"GRANDMA" JACKMAN, an old resident of Peru, died at her home last Wednesday, following a paralytic stroke. She was \$4 years of age.

MRS, ELLA C, LITTLE, wife of George W. Little, president of the First National Bank of Lyons, died at Lincoln Sunday morning of neuritis. She was born in Williamsville, III., in 1860, and was the daughter of N. M. Ramey, one of the early settlors of Burt county. Mrs. Little was married in 1865 and leaves a husband and three daughters. Mrs. Herbert Rheades of Tekamah, Mrs. John N. Spicker of Omaha and Miss Esher Little, a student at the University of Nebraska. The funeral will probably be held Tuesday.

Community and as, are likely to yield the maximum return in food and clothing material.

"Within the next sixty days the final measure of crop acreage and food production for this year will have been established. We urge the importance of the immediate co-operation of the people of the state, particularly including the farmers' or canizations, commercial organizations. ticularly including the farmers' or-ganizations, commercial organizations, religious and social societies and the press of Nebraska, that all may-heartily join with the farmer in per-forming the patriotic duty of provid-ing and conseasing food. Because of the world shortage of food, it is scarcely possible that the production of staple crops by the farmers of the United States can be too great this United States can be too great this year. There is every reason to believe that a generous price will be paid for the harvest of their fields.

paid for the harvest of their fields.

"In the districts where the wheat is winter killed replanting is suggested with oats and corn and sorghum, as climatic conditions may determine. Where barley and oats are proved and reliable crops they should be planted to the maximum that can be effectively handled. An important increase in our food supply may be made by enlarging the area planted to navy beans, and by stimulating in every reasonable way an increase in the area planted to potatoes, especially for local use. While it is important to utilize available land in the staple small grains, and tillage to crops, cafe should be taken to avoid undue encroachments in areas used crops, care should be taken to avoid undue encroachments in areas used for pasturage or hay, which is used for live stock production, Therefore, be it further "Resolved, That the Nebraska State Board of Agriculture desires to impress upon the people of the state the truth of the conditions as set forth in these resolutions and requested.

forth in these resolutions and request

Abolish the Truss Forever

Free to the Ruptured

You know by your own experience the truss is a mere makeshift
—a siles prop against a collapsing wall—and that it is undermining
your health. Why, then, continue to wear it? The blinding and
pressure prevent proper blood circulation, thus robbing the
weakened muscles of the nourishment which they must have
if you are ever even to expect them to regain their normal
strength and elasticity.

Weakened muscular tissue—that's the real cause of rupture,
and the logical, commonsense thing to do is to restors the
lost elasticity, tone and contractile strength to the weakened
muscles—in brief, close the hernist opening as nature intended,
so the rupture CANT come down.

STUART'S ADMESIF PLAPAO-PADS are entirely different from the device known as the truss—in the following respects:

FIRST.—The primary and most important object of the PLAPAO-PADS is to keep contantly applied to the relaxed muscles the medication called Plapao, which is contractive in nature, and taken together with the ingredients in the medicated mass, is intended to increase the circulation of the blood, thus revivilying the muscles and restoring them to their normal strength and elasticity. Then, and not until then, can you expect the rupture to disappear.

SECOND.—Being made self-adhesive purposely to prevent the pad from shifting, they have therefore proven to be an important adjunct in retaining rupture that cennot be held by a truss. There is no metal about the PLAPAO-PADS—no straps, buckles or aprings attached. No "digging in" or grinding

buckles or springs stached. No "digging in" or grinding pressure. They are Soft as Velvet-Flexible—Easy to Apply— Inexpensive. Continuously day and night treatment at home. NO DELAY FROM WORK.

Free Trial

We want you to make a personal test of this remarkable scientific reatment at our expense, and the more severe the test the better we will like it. No matter if you have worn truss after truss and tried many "so-called cures" without benefit, do not give up hope. We want to prove to you that you can conquer your rapture, right at homs, while going about your daily duties, and at the same time rid yourself of the disagreeable, torturous truss forever. Send no money. This trial costs you nothing—now or ever. Just mail the Coupon, but don't delay. "Be wise today—"tis madness to defer."

FREE TRIAL COUPON

This trial costs you nothing now or ever. Nothing to be returned. Don't put this off - WRITE TODAY-right now. Use this Coupun. Phone Laborateries, Inc. Block 202 St. Leuis, No. Gestlemen. Without any charge for it, now or ever please send by return mail trial of PLAPAO and your shange illustrated book on crupture.
