Orient Road Again Placed in Hands of U. S. Receiver

Topeka, Kan., April 17.—(Special Telegram).—The Kansas City, Mexico & Orient Railroad Co. is again in the hands of a receiver. The petition of the note holders' committee last night was filed in the federal court here. Judge J. C. Pollock appointed W. T. Kemper of Kansas City as receiver, and fixed his bond at \$50,000. Mr. Kemper gave the bond and took charge of the property at midnight. The Orient has been on the financial rocks ever since the European war started. When it was taken out of the hands of a receiver the old bondholders evolved a plan of reorganization, which has failed. They issued \$6,000,000 in two-year gold notes to pay the purchase price and take up some other outstanding debts. No part of the gold notes, all of which fell due on July 1, 1916, has been paid, nor has any interest been paid since the day they fell due. Ancillary proceedings will be filed in the federal court of Missouri at Kansas City and the federal court of Oklahoma at Guthrie. The suit is directed against the Orient lines in Kansas and Oklahoma and against the stock and bonds of the Orient in Texas and the bonds of the Orient in Mexico. The receivership suit is a step for a new plan of reorganization, which D. W. Eaton, who filed the papers, says will be worked out within the next six months. "If the new plan succeeds," said he, "the Orient will have the smallest capitalization per mile of any big railroad in the United States."

Opponents of Mrs. Manchester Cited On Contempt Charge

Lincoln, April 17.—On application of Mrs. Emma B. Manchester the Nebraska supreme court Monday issued an order citing Mary E. La Rocca and eleven other members of the executive council of the Woodmen Circle to appear before the court April 23, and show cause why they should not be punished for contempt. Mrs. E. La Rocca was elected supreme guardian of the Woodmen Circle at a recent meeting at Memphis, Tenn., and it is alleged she installed herself in that office, previously held and still claimed by Mrs. Manchester and has taken forcible possession of the quarters in Omaha. In doing this, it is alleged, the members of the executive council are violating a former injunction of the court directing them not to interfere with Mrs. Manchester.

Widow Scorns Black Hand; "Just Want My Apartment"

When Mrs. Anna C. Christiansen, a widow, found a crude "black hand" warning on her door Monday, she did not fear any sort of vendetta or similar plot, but concluded that somebody who wanted her flat was trying to scare her out. She consulted Chief of Detectives Maloney, who told her to have no fear. "I know some people want to rent the flat I live in with my daughter," she said. "I don't intend to give it up, however." Mrs. Christiansen exhibited a piece of corrugated paper board, on which had been drawn a crude black hand and the words, "Beware, Black-hand."

Methodist Episcopal Folks To Have Annual Meeting

Rev. U. G. Brown, superintendent of the Methodist Episcopal City society of Omaha, will attend a national conference of Methodist workers in Chicago April 20, 21 and 22. It is the annual meeting of the Council of Cities. The consolidation of weak churches, the elimination of churches from those sections which have too many, the promotion of evangelistic work and general administrative problems will be discussed.

Prof. Hertzog Praises This Perfect Laxative

Dr. Caldwell's Syrup Pepsin an Ideal Remedy for Constipation. In every family there is more or less occasion for a laxative remedy. It is to meet this need that Dr. Caldwell's Syrup Pepsin is prepared and that this combination of simple laxative herbs with pepsin fulfills its purpose as proven by its place in thousands of American homes.

Farmers of Northwest Are Called on to Plant More Wheat

Washington, April 17.—Farmers of the spring wheat belt, particularly those of North Dakota, Minnesota, South Dakota, Washington, Montana and Idaho, were called upon by Secretary Houston to plant more wheat immediately to make up the serious shortage threatened by unpromising condition of the winter crop.

War Economy for Omaha Club Women

"Stay at Home to Bid the Soldier Boys Good-bye," Mrs. Edholm Advises. COSTLY AFFAIRS ARE TABOO. "In this time of stress and strain it would be unbecoming in the Woman's club to have anything in the nature of the 'blow-out,'" objected Mrs. K. R. J. Edholm when it was proposed that the Omaha Woman's club celebrate its birthday anniversary on April 24.

"I have just returned from a gathering of women in New Orleans, where all plans for festivities were given up. I want to sound the note of economy here. Let the women who are sending boys and men to the front stay at home to bid them good-bye. I don't wish to throw a damper over any party, but I must express myself against entertaining." When it was explained that the idea of the club was only to have a get-together meeting with such light refreshments as punch or ice, Mrs. Edholm signified her approval of the plan. It was decided that the "birthday party" will take the nature of an afternoon reception and musicale at the Blackstone.

Should the war situation be quiet enough to make it expedient, the executive committee will arrange for the annual summer luncheon. Saturday at 2:30 o'clock the club will plant a tree in celebration of Arbor day at the House of Hope. Announcement of the "clean-up" campaign, sponsored by the club, was made by Miss Katherine Worley, chairman of the civics committee.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

Prof. F. J. C. Hertzog, the well-known linguist, 2341 North Orianna St., Philadelphia, Pa., wrote to Dr. Caldwell that he has used Dr. Caldwell's Syrup Pepsin in his household with excellent results and that he and his family consider it indeed a friend in need and always keep a bottle of it on hand. Constipation is the direct cause of much serious illness and is a condition that should never be neglected. Harsh cathartics and violent purgatives should never be employed to relieve constipation, because the very violence of their action shocks the entire system. A mild laxative, such as Dr. Caldwell's Syrup Pepsin, is far preferable, being mild and gentle in its action, without griping or other pain or discomfort; its freedom from all opiate or narcotic drugs makes it an ideal remedy for children.

Amazing Power of Bon-Opto To Make Weak Eyes Strong

Doctor Says It Strengthens Eyesight 50 per cent in One Week's Time in Many Instances. A Free Prescription You Can Have Filled at Home. Victims of eye strain and other eye weaknesses are those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything was clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes, which induced fierce headaches. I have worn glasses for several years, both for distance and work, and without them I could not read my own name on an envelope or the typewriting on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription at home. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With the liquid bath the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start, and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to have them now, before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time. Note: Another prominent physician, to whom the above article was submitted, said: "Yes, the Bon-Opto prescription is truly a wonderful eye remedy. Its constituent ingredients are well known to eminent eye specialists, and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or misfit glasses. I can highly recommend it in case of weak, watery, itching, watering, itching, burning eyes, red lids, blurred vision or for eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very best preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is sold in this city by Sherman & McConnell, C. A. Melcher and others.—Advertisement.
