

## MAKE YOUR GARDEN HELP THE NATION

Now Is the Time for All Patriots to Do Some Planting and Hoeing.

### GROW ANYTHING EATABLE

By A. R. GROH.

If this article results in 1,000 extra acres of foodstuffs being planted this spring it shall not have been written in vain.

This extra acreage would add, for example, 25,000 to 50,000 bushels of corn to the nation's store; it would add from 75,000 to 300,000 bushels of potatoes.

"Now is the time for all good men to come to the aid of the country," as the typewriter practice line runs.

Planting time is right now. The seed must be put into the ground without delay in order that it may yield bountiful food for the nourishment of our people and for the cargoes of hundreds of ships that shall sail across the ocean, carrying the food that the allied countries need from us.

No part is too small to play in this work. You, King Farmer, have the biggest part. Upon you the eyes of the world are directed. You have the land, labor and machinery to produce this food.

In the past you have planted and cultivated, thinking chiefly of your own profit. This year a higher responsibility, a patriotic duty rests upon you.

#### Use Every Acre.

You must use every possible acre of your farm for raising food—grains, vegetables, meat. Don't let a single acre "loaf."

If you have a ten-acre patch or a five-acre patch or even one acre that you let lie fallow in other years, get into it with the plow this year. Unless you do, you are unfaithful to your trust.

If you raise an extra five acres of corn or potatoes this summer, you will be providing food for several hundred people for a month. Can't you just see those people? If you don't raise that extra five acres of food these hundreds may go hungry, or even starve. There's your responsibility.

Don't say to yourself, "The little extra that I could raise won't make any difference." Suppose a million of our farmers each put in five extra acres of corn and raise twenty-five bushels to the acre (the average yield), it will mean 125,000,000 bushels of corn. And that will feed a lot of people, or produce a lot of meat.

**Soldier vs. Farmer.**  
If your son wants to enlist as a soldier or sailor and if you can't raise as much foodstuffs without his help, then it is his duty to stay on the farm. He can serve his country best, under those conditions, by plowing and harvesting.

You may have to work extra hard. But you will have the pleasant thought that you are doing a most useful work, that you are feeding the hungry and that you are serving your country as a patriot of the first order. All this in addition to the extra big prices you will get for everything you raise this year.

Around the city here, nearly every vacant lot and back yard and suburban acre is under cultivation this spring. Never before has there been so much small gardening.

Work early and late. Put forth the supreme effort for your country, for the world and for yourself.

America is watching you. America expects you to do your duty.

### Benson Folks Try To Stop Races at Track Near There

Ernest L. Underwood, Louis F. Tripp, John W. Kurtz and Arthur H. Marvin, Benson property owners, have started injunction proceedings in district court in an attempt to enjoin the Omaha Driving club from holding harness race meetings at the former Douglas County Agricultural society's track. The agricultural society and the Metropolitan Water board are named as co-defendants. The Omaha Driving club recently took over all the agricultural society's interests at the Benson racing plant.

The property owners allege that the race track is a "public nuisance on account of the large crowds which will be attracted to the track by the horse races." They seek to enjoin the driving club from making further improvements at the track and ask that the court order the present barns to be torn down.

Ois M. Smith, superintendent of speed and a member of the board of directors of the driving club, which holds memberships in the Great Western circuit, Iowa-Nebraska-Minnesota circuit and the Nebraska Speed association, said that he welcomed the suit, inasmuch as it will give the courts a chance to settle the matter before the scheduled dates of the important race meetings.

"I don't know of a metropolitan city in the country where high class harness racing is regarded as a nuisance," said Mr. Smith. "The big cities of the east certainly do not think so. Harness racing, backed by reputable business men, is as high class a sport as base ball, and I can't see why property owners should have any objections to it."

### Summer Camp Fund is Much Nearer the Goal

M. C. Peters' donation of \$100, that of the Hotel Men's association for \$40, and \$203.49 collected Wednesday, brings the Young Women's Christian association summer camp fund up to \$13,642.92. The goal is \$20,000.

#### A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.—Advertisement.

### YOUNGEST AND LIGHTEST NAVAL RECRUIT.

NOAH W. SHAW.

Although he has a "high brow" name, Noah Webster Shaw, of Callaway, Neb., has military and patriotic spirit. Monday he joined the navy in Omaha. He was just as eager to fight for Old Glory as lads with names that sounded more like war, including Theodore Roosevelt, Berry of Neligh and William Jennings Bryan Ohlson of Forestburg, S. D., who enlisted at the same time. Young Shaw is now under training at the Great Lakes station.

### BANK TELLER SHOT BELOW THE HEART

Carl Flodman Found Dying in Cage of Nebraska National Says it Was Accidental.

#### WENT OFF WHILE LOADING

Carl Flodman, receiving teller in the Nebraska National bank, Twelfth and Farnam streets, was found in the teller's cage yesterday badly wounded with a bullet beneath his heart. He is at Immanuel hospital and Police Surgeon Nigro says his chances for recovery are slight.

A. W. Francis, another employe of the bank, found Flodman there when he came to work in the morning. Flodman was still able to speak and told Francis and policemen that the revolver had been accidentally discharged in his hand while he was loading it last night. He said he went back to the bank last night to work on his books, as the balances had slightly varied and he had hoped to find the error by working after hours.

He has been an employe of the bank for twenty years. He is 30 years old, has a wife and one child. His home is at 1102 North Thirty-first street.

### Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advertisement.

### New, Positive Treatment to Remove Hair or Fuzz

(Beauty Notes)

Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 or 3 minutes it is rubbed off, the skin washed and every bit of hair has disappeared. No failure will result if you are careful to buy genuine delatone.—Adv.

### Influenza or La Grippe

It is quite refreshing these days to read of a clearly defined treatment for Influenza or La Grippe. In an article in the "Lancet-Clinic," Dr. James Bell of New York City says he is convinced that too much medication is both unnecessary and injurious. When called to a case of la grippe, the patient is usually seen when the fever is present, as the chill which occasionally ushers in the disease has practically passed away. Dr. Bell then orders that the bowels be opened freely with salts, or citrate of magnesium. For the high fever, severe headache, pain and general soreness, one anti-rheumatic tablet every three hours is quickly followed by complete relief. Ask for T-8 Tablets. They are also unexcelled for headache, neuralgia and all pains.

### ENTIRE CITY GETS A GOOD SCRUBBING

No Spot to Be Overlooked Through United Efforts of Many Clans.

#### CITY DIVIDED INTO PARTS

Omaha Woman's club, improvement clubs, Boy Scouts, Omaha Civic league and city street department have co-ordinated their energies in developing a system which will be used during the cleanup campaign beginning on Friday.

The city has been divided into districts. Depressions have been designated as dumping places to which wagons and trucks will be assigned on an efficiency basis. Superintendent Parks of the street department will have charge of the hauling. He will make the hauls as short as possible.

Each district will have a central office which will keep in touch with headquarters. Boy Scouts will serve as messengers.

#### To Clean Entire City.

The general committee issued the following statement:

"The entire city is included in this general removal of rubbish. It is urged that citizens co-operate with the city drivers. Wagons will remove only such rubbish as is permitted in the

### Red Cross Applicants Prefer the Nursing Branch to the Cooking

Why don't Omaha women apply for Red Cross dietetics classes? Not a single application has been made.

"We are swamped with requests for first aid, surgical dressings and home nursing classes, but no one has asked for a class in dietetics," said Mrs. C. T. Kountze, chairman of instruction for women.

Dietetics is the only other subject taught in the Red Cross classes.

"The women all want to go to the front. That's why they're all studying nursing," ventured one woman at headquarters.

"Any woman can make something

for an invalid to eat. They don't have to study it," remarked another.

"It's not nearly so interesting," said a third.

Mrs. Ross Towle has the newest first aid class in charge. Dr. W. Y. Thompson will instruct the class Tuesdays and Thursdays between 11 and 12 o'clock at the Nurses' club.

Miss Della Coutts, just registered, is one of the few who will give her services freely, in case of need. "I will go anywhere at any time and do any work there is to do," Miss Coutts expressed preference for motor driving.

#### Rain Cripples Lumber

##### Market, Omahans Say

George Rasmussen and J. E. Dodds have returned from Tennessee and Alabama, where they sought to purchase lumber stock at the mills. They report the heavy rains in Tennessee have made it exceedingly difficult to get red cedar posts, poles and piling. At some places the wagons hauling the lumber out of the woods have been running hub-deep in mud, they say.

city dumps. Tin cans, bottle and yard rakes will be collected. Ashes will not be hauled by the city. Do not throw rubbish on the ash heap and expect the driver to separate it. Rubbish and cans should be put in piles at the alley or just inside the fence convenient for the teamster to shove into the wagon. City wagons will not haul away broken furniture, old bed springs or junk iron.

Wagons and trucks will be started early Friday morning.

Ralph Kitchen has sold the vacant lot at Nineteenth and Dodge streets which he bought a few months ago from Elmer S. Redick. The name of

### Heavy Rains Swell the Streams and Delay Trains

With the exception of a limited area in the eastern portion, rain Wednesday night was general over Nebraska. The precipitation ranged from one-fourth to two inches, the heaviest downpour being out along the North-western, in Holt county.

Stromsburg and numerous stations in the South Platte country report an inch to an inch and one-half.

As a result of the torrential rains, trains are late in arriving from the west, the delay being caused by soft tracks.

In the Republican river valley the streams are high, a number of the smaller ones being out of their banks.
