STATE HOUSE BILL
REJECTED IN SENATE

Upper House Adopts Minority Report, Which Puts Matter Up to Referendum.

NOW PRACTICALLY DEAD

(From a Staff Correspondent.)
Lincoln, Neb., April 20.—(Special Telegram.)—Unexpected opposition to the state house bill, led by Senator Howell, resulted this morning in the adoption of the minority report of the conference committee, which puts the matter up to the people to vote on at the next election. This practically kills the bill unless the house should recede from its action yesterday. The vote was 19 to 12.

Senators Frame Deal.
The defeat of the bill followed a quiet meeting of senators Thursday evening, in which Adams and Daves pulled the wires with such success that when the report came up it was apparent that the opposition was fully organized. Senator Howell adopted the tactics of attacking both reports, both of which he contended killed the intent of the original bill.

The vote on the bill was as follows: For the Minority Report—Adams, Albert, Bennett, Bubbron, Chappell, Hasso, Hager, Hammond, Henry, Howell, Kahl, Mattes, Moriarty, Neal, Rasmussen, Soot, Tanner, Wilson of Dodge and Wilson of Frontier—12.
Against the Minority Report—Boat, Hughes, Drathoff, Gates, Lathrop, McAllister, McMillin, Rowen, Robertson, Sandall, Sawyer, Spink—19.

Spring Roast in Resolution.
Condemnation of members of the state senate for their action in defeating the state house bill was made the subject of a resolution introduced in the senate by Senator Spick of Saline county this afternoon, which went over one day under the rules.

Senate Refuses to Strike Out Censor Clause From Bill

Washington, April 20.—By a vote of 43 to 33 the senate today defeated a motion to strike the entire press censorship clause from the espionage bill. It also rejected, 40 to 34, a substitute by Senator Cummins of Iowa, designed to modify the provisions.

Hall County Farmer Dies of Acid Poisoning

Grand Island, Neb., April 20.—(Special.)—Walter Dubbs, an old-time and prominent farmer residing in the western part of Hall county, died yesterday as the result of an effort to commit suicide by taking carbolic acid on the day before. For several weeks past he had been more or less despondent. About two weeks ago he went to Wood River, where he put up a team of horses in the barn and did not return for them. When found he was in Kimball county. He remained there until Tuesday of this week when he was brought home. Wednesday he went to the barn and there drank the poison. He was removed to the house and every effort was made to save his life, but death resulted about eighteen hours later. He leaves a wife and two sons.

The Myer company is the same firm which constructed the Boelus dam and power plant and controls many other public utilities. C. E. Collins, vice president of the Chicago corporation, stated that from \$500,000 up would be spent on additions to the present plant here, including widening of the canal and creation of more power for extension lines.

The four men escaped with slight bruises, but both cars were badly smashed. The officers say they found two sacks of booze in the car.

House Waiting Upon Senate to Finish Its Work

(From a Staff Correspondent.)
Lincoln, April 20.—(Special.)—The house simply "played horse" today, waiting for the senate to act on bills before them so the lower body could take action on conference reports.
A resolution deploring the death of T. J. Mahoney was unanimously adopted and the house then adjourned until tomorrow.
Members are beginning to leave, but should too many go the speaker has promised they must come back as he will not order adjournment unless the required majority is present and "capable of doing business."

The following resolution was unanimously adopted by a standing vote and copies of the same at once telegraphed to the senators and congressmen at Washington:
"The patriots of Red Willow county desire to express to their representatives in congress, G. W. Norris, G. M. Hitchcock and A. C. The bill establishing a state bureau of printing and supplies was recommended for third reading after the salary of the state printing commissioner was cut from \$2,000 to \$1,500. Other bills brought out but not yet acted upon:

Regulating proposed hard road transit companies. Lancaster delegation bill to validate titles and conveyances. Ten-cent bounty on pocket gofers. Giving the Board of Control full authority to name institution heads.

Austrian Minister of War Will Retire From Office

Amsterdam, April 20.—(Via London.)—The Neue Freie Presse of Vienna says that General Bobrzyński, minister of war, will retire from office. Dr. Urban, Austrian minister of communications, and Dr. Baernreither, minister without portfolio, members of the German party, whose impending resignation was reported, will remain in office.

London, April 20.—The Austrian political crisis has its origin, it is said, in the desire of the Austrian government to solve political questions, such as that of language in Bohemia, along parliamentary lines instead of by autocratic measures, so as not to run counter to democratic feelings, especially in Russia, hopes of peace negotiations with which nation are prevalent.
