

FARMERS OF WAYNE EXPRESS LOYALTY

Send Word to Secretary Houston They Will Do Utmost to Aid in Crisis.

ASK ONLY SQUARE DEAL

Wayne, Neb., April 22.—(Special.)—A letter has been sent to Secretary of Agriculture David F. Houston from Wayne, Neb., by the Northeast Nebraska Live Stock Breeders' association...

"In this hour of grave national complications," says the letter, "the members of the Northeast Nebraska Livestock Breeders' and Shippers' association desire to express their loyalty, and through you say to the administration that in common with all patriotic Americans we are anxious to render service to our country in every possible way..."

"We note the suggestion of J. Ogden Armour on the part of the packers that the government fix arbitrarily the price of the packers' products, and also the proffer to turn over to the government the packing plants of the country..."

Government to Fix Prices.

"We submit, however, that when the packers ask the government to fix the price of their finished product it is essentially a request to have the government fix the price which they shall pay the stock raiser and farmer for their finished product..."

"With all the emphasis we can muster we maintain that we are the victims of high prices rather than the beneficiaries. With an active demand for corn at \$1.40 per bushel, and an average of \$12 per ton for alfalfa, the pound of corn fed beef that is made today costs the feeder 25 cents..."

Odds on Flesh.

"This bushel of corn will put onto the steer five pounds of flesh, which will bring on the market, present time, 60 cents. Since this 60 cents worth of beef costs the producer \$1.40, or putting it another way and leaving wide margins, costs twice as much to produce as it brings on the market..."

Loss Falls on Farmer.

"Again we submit that to arbitrarily fix the price of beef and pork is to put all the risk and all the loss upon the farmer and stock raiser. He has every chance to lose, but no chance to make. He alone must bear the entire loss of ravaging diseases among stock, and short crops..."

No Easy Fortune.

"But this is not the only point at which the farmer and stock raiser is attacked by abnormal conditions. Farming and stock raising today is not, as many suppose, a rose-paved highway to easy fortune..."

Handicap on Producer.

"This will put a still greater handicap on the producers of farm products. We have noted the suggestion that the cities be combed for idlers and unemployed and that they be sent to the farms..."

Best Medicine for Constipation.

Mrs. Charles Crim, Charleston, Ill., states that Chamberlain's Tablets are the best medicine for constipation that she has ever used. There are hundreds of others who are of the same opinion. These tablets are easy to take and most agreeable in effect.

Will Offer Farms.

"If Mr. Armour proposes to turn over the packers' plants to the government and run them for the benefit of the government, for a minimum profit, we will not allow him to be more magnanimous than we. We, too, will turn over our plants. We will turn our farms over to the government and operate them for the government."

NO "EMBALMED BEEF" FOR ARMY IN THIS WAR.

J. Ogden Armour of the Armour Packing company, who has tendered the entire billion-dollar beef industry of Chicago to the United States government for the duration of the war...

on a basis of 3 per cent on the investment.

"We do not believe, however, that the government is prepared to go into either the farming business or the packing business, nor do we believe that the government is disposed to fix the price of one product without fixing all the way down the line..."

"We desire some security for the future. No stockman today knows what to do. The tendency is to cash corn and quit the producing of finished beef. This would be a national calamity and in some way must be averted..."

Films Show Characters in History to Children

Do Omaha children know United States history? If you think not you should have been at the Museum Saturday morning when a show house full of enthusiastic children clapped their hands, whistled and stamped their feet in great uproar when slides of the famous ride of Paul Revere were thrown on the screen before them...

Omaha Banks to Carry Over Million U. S. Notes

The Omaha banks yesterday jointly agreed to take up \$1,100,000 of the 3 per cent treasury notes the federal government has issued to tide it over until July 1. The \$1,100,000 worth of notes is the sum Omaha banks were asked by the federal reserve bank of this district to take. The amount to be raised by the sale of these notes was apportioned over all the national banks in the country.

Electric Light Company Buys South Side Property

The Omaha Electric Light and Power company has purchased a three-story brick building on the east side of Twenty-fourth street just north of N street. F. J. Lewis of Moline, Ill., was the former owner.

HAPPENINGS IN THE MAGIC CITY

Advance Guard of Eagles Left Yesterday for Nebraska City.

SWIFT CO. GARDEN PLAN

The advance guard of local Eagles left early yesterday for Nebraska City where they will be in attendance at the state convention Monday and Tuesday. The remainder of the Omaha group will entrain Monday morning. The entire delegation numbers 200.

Patrick J. Burnett, grand trustee of the national eagle council, will be prominent on the program. With Henry Rothholz, also a South Sider, who holds the office of deputy grand worthy president, the two will be conspicuous guests. Earl Conrad, C. Christenson, George Roberts and Phil Riley, officials of the local aerie, will lead the delegation. Frank's band will make the trip. The band will lead an Arbor day parade to take place Monday morning.

Billy Uvick, well-known Omaha pugilist, will engage Bud Logan, another fighter of repute in a no-decision combat Tuesday evening, after the close of the official session. Four hundred delegates from all parts of the state will be front seat fans at this relay.

Garden Land Plotted.

A thousand garden lots have been plotted by Swift & Co. officials for employees. The garden ground is north of the packing house yards at Twenty-seventh and Q streets.

New Scenery for Concert.

New stage scenery has arrived at the South High school for the glee club concert, which will be given Friday evening in the school auditorium at Twenty-third and J streets.

Mr. Pyke, leader of the singers, gave out parts in the mock trial and other features of the program Thursday. Rehearsals are being held nightly.

Waise-McAdams Entertain.

Mrs. James Waise and Mrs. McAdams entertained at a miscellaneous shower at the home of the latter on Thursday evening in honor of Miss Elizabeth Padgett, whose marriage to William Waise has recently been announced. The wedding is to take place Wednesday. Music and dancing were amusements.

Fix First Week In August for the Big Tractor Show

Fremont, Neb., April 22.—(Special Telegram.)—The week of August 6 to 10, was decided upon as the date for holding the fourth annual meet of the National Power Farming Demonstration, by the committee that met with the Commercial club directors here yesterday.

This will be the only meet of the kind to be held in the country under the auspices of the National association. The Commercial club has secured 3,000 acres of land in the vicinity of the headquarters of the demonstration in 1916.

The new Pathfinder hotel will be completed by that time, so that Fremont will be able to take care of the crowds. Among those who were here are: J. B. Bartholomew, President of the National Power Farming Demonstration, Chicago; G. B. Gunlogson, vice president, Milwaukee; W. H. Haggard, Rockford, Ill.; E. J. Gittings, Racine, Wis., and others.

Northwestern Employes Asked to Turn Gardeners

Employes of the Northwestern railroad are urged by the road executives to go to g-rdening and follow plans laid down by agricultural and civic societies in carrying on the work, thus increasing food production.

Employes of the local headquarters, however, became inoculated with the garden bug long before the letter from their superiors arrived and most of them have gardens planted. Even Harry Snyder, chief clerk to General Manager Walters, though he lives in an apartment house, has his garden. It is not a real one, but Mr. Snyder is proud of it as his crop of lettuce and radish is looking well. This particular garden is a window box.

Elks' Rum Demon's "Wake" To Be Held Monday Night

The Omaha Elks will give a farewell stag social at the Elks' home on Monday evening, the same being Arbor day. They have secured the services of the Postoffice band, the Armour quartet and Glee club and volunteer entertainers from all the theaters, a total of over 100, who will contribute to the program, which will be the last of its kind in this city. "It will be a grand farewell gambol for the local herd, and they will be permitted to kick up their heels to their heart's content in the well-moistened pasture, for the days of their after May 1 will be long and many," says Secretary Ike Miner, mournfully.

1,200-Pound Torpedo is New Omaha War Exhibit

A regular torpedo is the newest war exhibit to attract attention of prospective recruits. It was received here Saturday and set up on the sidewalk in front of the navy substation at Sixteenth and Farnam streets. Chief Quartermaster John Brady was kept busy answering question. The death engine is of the Whitehead 1,200-pound type, and if loaded would be capable of piercing the armor plate of the heaviest warship afloat.

AMBULANCE CORPS MOVIES TO OMAHA

Pictures Showing Work of Young Americans in Europe to Be Shown Here.

LOCAL BOYS IN FILMS

Two moving pictures showing the work being done by the American ambulance and flying corps on European battle fields will be shown in Omaha May 3 under the auspices of the Franco-Belgian Relief society and the Alliance Francaise. These pictures are being shown in the larger cities from coast to coast for the purpose of raising funds for the ambulance and flying corps. Lieutenant George Roeder, a Harvard student, accompanies the pictures and lectures on them. One of the pictures is entitled "Our

American Boys in the European War.

The other shows the daily life of the American ambulance field corps and the Lafayette flying corps, which are now under the American flag. It has not been decided where the pictures will be shown. In the east the exhibitions were made social affairs, being shown in such homes as those of Miss Anna Morgan, daughter of the late J. Pierpont Morgan and sister of the present capitalist of that name; Mrs. W. K. Vanderbilt, Vincent Astor, George Gould, of New York, and Edward Stotesbury, of Philadelphia.

Several Omaha young men, who are said to be easily recognized in the pictures, have seen service with the ambulance corps. They are Carl Ringwalt, Vic Caldwell, Paul Horning and Carl Connell. Miss Helen Morton has also done Red Cross work in Europe. Of the 300 young Americans in the ambulance corps, most of whom are college men, four have been killed and forty wounded.

Gem-Encrusted Court Gown Left by Woman's Will

Denver, Colo., April 22.—(Special.)—A court costume, decorated with pearls, made for King Ludwig II of Bavaria, is made in the will of Mrs. Anita Koeck, presented to the Denver county court yesterday. The costume which is said to be literally encrusted with the gems, is valued at \$80,000. How it came into Mrs. Koeck's possession or on what she bases her claim to it is unknown. The costume now is in the hands of customs officers at New York, who seized it when Mrs. Koeck brought it to this country. Mrs. Koeck died here last May, almost penniless.

Nebraska Sportsmen Make Tournament Plans

Fremont, Neb., April 22.—(Special.)—The Fremont Gun club plans to entertain 200 shooters at the annual tournament of the Nebraska Sportsmen's association to be held here May 22, 23, 24 and 25. The traps will be used to throw the targets. The shoot for the state championship will be held the last day.

Simplified Truck Construction means Lower Operating Cost. As with everything else, the opportunity for mechanical trouble in a motor truck increases with the number and complexity of its parts. The fewer the units and the less involved their assemblage the less likelihood of disorder. With such trucks there are fewer delays, less loss of truck and driver's time by the machine being laid up in a shop, fewer repairs and replacements—in fact, lower operating expense all around on the truck that is simple in construction and that the driver can understand so as to make necessary adjustments on without undue trouble or labor.
