Plans to Quicken Recruiting By Means of Street Spectacle. Captain Frith, assistant officer in charge of army recruiting, wants to know if the spirit of 1917 is as patriotic and responsive as those of 1776 and 1861. He plans to find out by means of a novel street spectacle, which will probably be held some time next week. The spirit of '76 will be depicted by costumed impersonators, acting as depicted in the famous painting of that name. Civil war veterans in autos will represent the spirit of '61. Then it will be up to the young men on the streets at the noon hour to show what the spirit of today is. Captain Frith wants all able bodied men who can follow the flag to the recruiting office and join the army. THEY FEEL RESPONSIBILITY. "Fellow citizens of Omaha" was the title by which speakers at the closing luncheon of the political and social science department of the Omaha Woman's club Monday afternoon addressed each other. On the program were such prominent suffrage workers as Mrs. Draper Smith, Mrs. J. H. Dumont, Mrs. E. J. Biss and Mrs. D. G. Craighead. Mrs. Craighead said: "I am glad that you who have preceded me gave me the cue. I hardly know whether to say sister citizens or fellow citizens, but I had to say something, for this is the first time I have had an opportunity in public to let out the hurrahs that is within me." At a business meeting which preceded the luncheon Mrs. E. E. Crane was elected secretary of the department to succeed Mrs. T. E. Brady, who leaves that place to become secretary of the club as a whole. The \$42 now collected by the club for the summer camp fund will be used as the basis of a fund to which anyone can contribute and which will be used to send sick girls to the camp for recuperation. Mother Remains in Jail Comforting Accused Son. Mrs. William Schneider, 2013 Elm street, talked for two hours Monday morning with her son, Ray, who is charged with having shot and killed a street car conductor in Des Moines five years ago. Mrs. Schneider, well past 60 years of age, stood during the entire conversation. Her son was locked behind iron bars. "Put your trust in God, Ray, and all will come out right," advised the prisoner's mother. "Pray as fervently as you used to do when you were a choir boy in St. Mathias church." The son's eyes were moist as he promised. Just before Des Moines' detectives led Schneider away, Turkey Wade opened the door which separated the prisoner from his mother. He embraced her then they kissed. The turkey then led Mrs. Schneider to a chair. She was so weak from her long vigil that it was several minutes after her son had left the building before she could rise from the chair. "I'm with you to the end," she sobbed to her son. "I am trying now to sell our home and get money to fight for you in the courts." Mrs. Schneider brought a big box of foodstuffs to the city jail Monday morning. "It is my boy's breakfast," she said, "and perhaps the last meal I can give him." Schneider agreed to return to Des Moines for trial without requisition papers. Twenty-nine From Cole ridge Volunteer for Army Service. Fifteen army recruits have come within the last two or three days from each of these towns: Harrington, Neb.; Manning, Harlan and Marshalltown, Ia. MACHINIST'S MATES AND FIREMEN ARE NEEDED NOW IN THE NAVY. Machinist's mates and qualified firemen are especially needed in the navy now, according to information Lieutenant Waddell has just received from Washington. Attractive pay and possibility of quick promotions are held out as inducements, and the lieutenant hopes to have at least 20 per cent of enlistments from now on fall within these two special classes. FUNERAL SERVICE FOR W. H. BUCHOLZ WEDNESDAY. Funeral services for W. H. WAR REVENUE BILL TO RAISE MILLIONS. Corporation Profits to be Taxed With Heavy Duties on Raw Materials Imported. FOLLOW M'ADOO'S PLAN. Washington, April 24.—Inability of democratic and republican members of the ways and means committee to agree on tariff schedules probably will result in omission from the new war revenue measure now in the making all proposed levies on goods now admitted into this country free. A sub-committee consisting of Chairman Kitchin and Representatives Ramey, of Illinois, and Dixon, of Indiana; Fordney, of Michigan, and Longworth, of Ohio, conferred today. It developed that they were at variance on most features of the proposed emergency tariff. Later Mr. Kitchin declared there appeared to be little chance of tariff features being included in the bill. Inclusion of the tariff section will make necessary the raising of approximately \$206,000,000 additional revenue from other sources under the suggestions submitted to the committee by Secretary McAdoo. Taxing such imports as tea and coffee, crude rubber, hides and skins, tanned leather and boots and shoes, raw wool and silk, unmanufactured cotton, crude manufactures of iron and steel had been contemplated. Although committee members say they have not decided definitely where the additional revenue shall come from, in case of no tariff changes, it is generally reported that they plan to make the increases on corporation profits. In general it is said Mr. McAdoo's suggestions are being closely followed. Some changes have been advanced in his proposed tax plan, but the basis of this tax will be as suggested, the factory price of machines. DRESHER BROTHERS. Large Woolen Plant at Disposal of Uncle Sam

A letter from the American Woolen company has been received by local buyers, stating that prospective government demands on their machinery will interfere with the delivery of goods to private consumers. Deliveries will be made as nearly as possible in time, but the firm advises that these must always be subject to demands of the government.

All Railroads to Give Right-of-Way for Crops

After the employees have made their selections, every acre of land along the Union Pacific right-of-way of the lines in Nebraska, Iowa, Kansas and South Dakota may be had for the asking, providing the applicants will promise to plant it to some kind of crop.

The Union Pacific a week ago urged the planting of the right-of-way along its lines and now the Burlington, Northwestern, Rock Island, Missouri Pacific, Great Western, Wabash, Milwaukee and Illinois Central are out with circulars from the executive offices urging company employees and others to do gardening and help increase the food supply for next winter.

All the railroads give their employees first selection of land and what remains is to be free to all others who will agree to plant and cultivate. The only thing necessary to acquire possession of the land is to make application to the nearest station agent.

Rejected by Navy Because Too Small, He Will 'Feed Up' Some

When refused enlistment in the navy, because he was under weight and under height, Frank Krejci, 16 years, of Plattsmouth, said he would go home and "feed up" and return and enlist. He is only five feet tall and weighs only ninety-two pounds, whereas the minimum requirements for one of his age are five feet two inches and 110 pounds.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

This Leaves the Skin Free From Hairy Growths

(Toilet Talks.) A simple method for completely removing every trace of hair or luzz is here given. This is harmless and usually a single treatment will banish even stubborn growths. To remove hairs make a thick paste with some powdered delatone and water, spread on hairy surface and after about 2 minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment be certain you get delatone.—Advertisement.
