ROTARIANS HEAR TALK BY ZEHRUNG

Western League Prexie Urges More Active Support of Base Ball.

BOOST FOR OPENING DAY

A stirring appeal for more active support of base ball in Omaha was made by President Zeprung of the Western league before the Omaha Rotary club yesterday.

President Zeprung told of the need of the aid of not only the Rotary club, but all the other civic organizations, if base ball is to prosper this year. He pointed out the good of base ball in such trying times as the present.

"In such critical times," said Mr. Zeprung, "we are likely to become too sober, too serious. Base ball gives us something to ease and lighten our minds and forget our troubles for a few hours."

The Western league president has visited Joplin, St. Joseph and Wichita already this spring. He says he found the enthusiasm at fever pitch in all three towns.

"Joplin," he said, "is simply wild. The surrounding towns which connect with Joplin by trolley car are just as enthusiastic, and I expect to see the Missouri town one of the best in the league."

Wichita, the prexie says, has come into its own with the return of Frank Isbell. "Wichita is crazy about Isbell," he said. "He's almost a king down there. We need have no fear of Wichita with Isbell leading the parade."

St. Joseph to come back. That St. Joseph will come back is the president's belief. "The Booster club is working overtime," he said, "and the fans are enthusiastic over the prospects of the team."

"Indeed, as a whole I look for a year of prosperity for the league," concluded Zeprung. At noon today Zeprung will speak at a base ball meeting at the Commercial club. The purpose of the Rotary meeting yesterday and the Commercial club luncheon today is to bring out a large attendance at the opening game so Omaha can retain the Capper cup won last spring.

Thirteen-Year-Old Alfred Fowler

of 412 N. 28th St., was declared the winner of the contest entitled "Why every boy and girl should ride a Harley-Davidson bicycle."

Here is his story:

"Every boy and girl should ride a Harley-Davidson bicycle, not only because it has several features not found in other bicycles, but because it is the strongest made and the most dependable bicycle on the market."

"When a boy or girl goes on a long hike on a Harley-Davidson bicycle they go with the feeling that the bicycle will not give any trouble on the trip. Also the New Departure Coaster Brake takes half the work out of pedaling, while the one-piece hanger, the roller chain, the regulation motor-cycle rubber pedals, the strong frame, the extension handle bars and the large springy saddle tend to give a greater riding comfort than was ever known before. The stand saves much inconvenience when parking the bicycle, while the military finish catches the eye of everyone. The Firestone non-skid tires insure against skidding and the mud guards keep the mud from flying up to the rider. The complete tool box which fastens out of the way on the saddle is a great help should any adjustments be needed. All together I think the Harley-Davidson is the only bicycle that the average boy and girl should ride."

"Mr. H. H. Allan of the Chicago Lumber Co., Mr. Joe Wolf, Gen's Furnisher, and Mr. C. C. Radwell, branch manager of the Firestone Tire and Rubber Company, were the judges."

TO ALL OTHER CONTESTANTS: Nearly all stories received were very good and our only regret was that we cannot award a nice new Harley-Davidson bicycle to each and every one of you.

Perfect Health Is Yours

If the Blood Is Kept Pure

Almost Every Human Ailment Is Directly Traceable to Impurities in the Blood.

You cannot overestimate the importance of keeping the blood free of impurities. When you realize that the heart is constantly pumping this vital fluid to all parts of the body, you can easily see that any impurity in the blood will cause serious complications.

Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pain; Catarrh, often a forerunner of dread consumption; Scrofula, Eczema, Tetter, Erysipelas and other disfiguring skin diseases; Malaria, which makes the strongest men helpless, and many other diseases are the direct result of impure blood. You can easily avoid all of these diseases, and rid the system of them, by the use of S. S. S., the wonderful blood remedy that has been in constant use for more than fifty years. S. S. S. cleanses the blood thoroughly, and routs every vestige of impurity. It is sold by druggists everywhere.
