Goons to Pen for Staging Wild Ride On Railroad Track in Stolen Auto

Lon Caton, a middle-aged man, who motorized a modern "wild ride of Ma zeppa," will spend from one to two years in the penitentiary for his self-inflicted ordeal. Caton may never go down in history as a "wild rider," but his one bid for fame in police circles will linger for years in the memories of those who had any part in the chase that resulted in Caton's capture. Adam J. Pzanosowski left his "five-ver" standing outside a building in the wholesale district on the afternoon of April 11. Caton stole the car, making his getaway up a "blind alley," which he didn't know was "blind" at the time. He found himself pursued by the owner of the car and others who ran out of nearby offices. There was only one avenue of escape—the Burlington railroad tracks. So up the railroad tracks Caton drove the car, bumping along on the ties and holding on to the steering wheel for dear life. A switch engine took up the chase, and for a mile and a half the "five-ver" and the locomotive raced, the automobile keeping a slight lead. Caton was captured at Gibson. The car looked like it had been through a threshing machine. Caton was badly shaken up. Judge Sears, in sentencing the modern Ma zeppa, remarked that "adventures are costly experiences nowadays." "Caton," said the judge, "when you get out of the penitentiary and feel like racing a switch engine again, buy a car of your own."

FORM PATRIOTIC LEAGUE IN OMAHA

Similar Organizations Are Planned for Each Congressional District of State.

RESOLUTION TO PRESIDENT

The Nebraska Patriotic League was organized at the Commercial club rooms yesterday. W. D. McHugh of Omaha, president; Dr. Fred Morrow Fling of the University of Nebraska, Lincoln, vice president, and Francis A. Brogan of Omaha, secretary-treasurer, were in charge. Seventy-five people attended the meeting. The league adopted resolutions, which were forwarded to President Wilson, endorsing his course in the international crisis and calling upon the friends of the republic in all states to organize similar leagues to mobilize public opinion to the support of all needed war measures. Branches of the state league are to be organized in the various congressional districts of Nebraska. Thirty directors have been named, several from each congressional district. Those who addressed the meeting were W. D. McHugh of Omaha, Dr. Fred Morrow Fling of Lincoln, John W. Cutright of Lincoln, Matt Miller of David City, Matt Gerding of Plattsmouth and T. C. Althoff of North Platte. Among the Lincoln men present were former Governor Chester H. Aldrich, Frank M. Hall, John W. Cutright and John M. Divine. Resolutions Adopted. The resolutions forwarded to President Wilson follow: We express to President Wilson our profound faith in the mastery of statesmanship embodied in his great message to congress, in which he voiced the desires of this people, and his attitude towards the issues of the world war. We pledge him our support and declare that along the trail which he has blazed the American people are ready to follow him to the end. We believe in the new alignment—that during the war there shall be neither congress nor any resolutions nor any democratic, but only two parties—American patriots on the one hand, supporting the government, and on the other hand all those who from any motive see fit to oppose it. We hold that this war should be carried on by the national government and all functions controlled by federal agencies, to the end that there shall be efficient coordination of the resources of the country, and no divided command, to distract or weaken. We declare in favor of the administration army bill, now before congress, and we approve the principle of selective draft, based on universal liability to service, not alone because it is urged by the president and his advisers, but also because it is right. And we call upon our representatives in congress to support it, and we ask them not to weaken it by amendments. We invite the co-operation of all citizens of Nebraska and we urge them to join with us in extending the membership of this league, so that the loyal sentiments of the people of this state may have due expression. We call upon the friends of the republic in each state of the union to organize Patriotic leagues and to enroll the friends of the president's program in state-wide organizations, that will mobilize public opinion to the support of all needed war measures.

Field and Linemen of This District Examined for Signal Corps Work.

TO BUILD ARMY LINES

Physical examinations are now being given telephone company field and linemen, nearly 600 of whom have volunteered in this district to join the signal reserve corps for active war service in the army. Captain Robert E. Frith, with surgeons and assistants, began examining at the army building Thursday noon. Two companies for the signal corps will be furnished by the telephone system in the territory covered by the northwestern group of companies. About sixty of these will be Omaha men, who promptly volunteered to serve the flag when the call was made. Their chief work will be the building and maintenance of field telephone lines for the army. Pay to Go On. W. B. T. Belt, vice president and general manager of the company, made this announcement: "All men who enter the signal service will be given their present full pay for a year by the telephone company, less what they receive from the government. These men will also retain their disability and death insurance benefits from the telephone company while away and will be re-employed when they return." Telephone service throughout the country will be kept at a high state of efficiency in spite of the company volunteers leaving soon for army service, Mr. Belt said.
