Vitagraph's thrilling, throbbing story of the possible invasion of America by a foreign power. If the United States Army and Navy deemed this picture of enough importance to co-operate in its production, it is certainly of enough importance for you to see.

If we can instill just a little more enthusiasmnot patriotism, as we know each and every Omahan is willing to give his or her life's blood for this glorious land of ours-we shall be satisfied.

This induced Ohnet to return to his former work of playwriting. He took "Les Mariages «Argent" and turned it into a novel, which was greedily seized upon by the Paris Figaro and published under the name of "Le Maine de Forges." It made so much of a success that he turned it back into a play. It was produced at the Gemuase with Jacques Damala, hus-band of Sarah Bernhardt, playing the title role. It made an instantaneous success, clearing more than \$15,000 royalty for the author from the first hundred performances alone. This induced Ohnet to return to his

royalty for the author from the first hundred performances alone. Since then the play has been adapt-ed in England on two occasions, by Nobert Buchanan under the title of "Lady Clare," and Sir Arthur Wing Pinero as "The Fronmaster." Since writing the story more than 146,000 copies of the novel had been sold in France alone. In two years Ohnet had made almost \$60,000 from the story.
