

Brief City News

Made Lamp—Burgess-Grandin Co. Have Not Print to New Beacon Press. Platinum Wedding Rings—Edholm, jeweler. Goodrich Garden Hose at Jas. Morton & Son Co. Lawn Mowers and Garden Tools at Jas. Morton & Son Co. Dr. F. J. Schleier moved to 1140 First National Bank building. Omaha Stamp Club—The regular meeting of the Omaha Stamp club will be held in room 219 Farnam building. Prohibition Ordinance Framed—Ordinances making the prohibitory law applicable on city complaints in police court have been introduced in city council. Soused Cop Suspended—Anthony Smith, South Side policeman, pleaded guilty before city council to charges of intoxication while on duty. He was suspended thirty days without pay. Students Inspect Blackstone—The interior decorating class at Central High school, in charge of the instructor, Miss Williams, made a tour of inspection at the Blackstone hotel Thursday morning. Two Divorces Granted—Nonsupport was the basis of two divorce suits in which decrees were granted. Martina Sorenson was freed from A. J. Sorenson by Judge Estelle and Judge Day granted a decree to Lydia H. Roth from Howard Jefferson Roth. Agnew Goes to St. Louis—H. A. Agnew, chief rate clerk in the local office of the Missouri Pacific, has been transferred to the St. Louis headquarters and placed at the head of a rate department. Here his place is filled by B. S. Schiele, former rate clerk in the local offices of the Great Western.

Ask Bond Sale Held Up—Omaha city officials will endeavor to persuade Benson to defer sale of \$20,000 improvement bonds from May 7 to a date following annexation. Benson bonds bear 5 1/2 per cent interest, while Omaha bonds are sold at 4 1/2. Benson voted on this bond issue on April 3. Locate Boris Paperny—Herbert H. Lehman, New York, treasurer of the joint distribution committee of the funds raised for Jewish war sufferers, has requested The Bee to assist in locating Boris Paperny, 833 North Twenty-sixth street, who is being sought by Ita Paperna, Domancicich, gov. Minek selo Koreni, in care of B. Paperna.

Will Use Voting Places Here For Draft Registration Harley G. Moorhead, Douglas county election commissioner, has as yet received no official advice from the government in regard to the plans for national registration of men for military service. "Of course," said Mr. Moorhead, "we will co-operate with the government in every way possible. I do not believe there is a city in the country where the registration system is better than that of Greater Omaha. We will begin work on furnishing the government with the necessary information as soon as we are notified."

A dispatch from Washington stated that registration of approximately 7,000,000 men for military service will be completed within fifteen days after the War department's machinery has been set in motion. State election systems will do the work under the supervision of the federal government, the voting precincts being the units for recording the men. Registration cards have been distributed by the census bureau to mayors of many cities and towns, and the most remote sections will be supplied before the registration day to be set by presidential proclamation.

Plan Tennis Tournament At Central High School With the drawing to be made the first of next week and the first round to be undertaken at once, the boys' tennis tournament at Central High has taken definite form. At a meeting at Central High of all boys interested in tennis a large number of experienced players announced their intention of entering. A small entry fee will be charge and medals will be given the winner and runner-up.

All games for the school title will be played on the high school court. Athletic Manager Cairns will attempt to schedule contests with several nearby schools. A plan is under way to bar a number of players who stand higher than the rest in ability from taking part in the tourney. Cleary Hanighen has been appointed tennis manager. Boys who have recognized ability and who are looked upon as possibilities for the school title are: Cleary Hanighen, John Crawford, Howard Green, John Phelps, Warren Ege, Robert Buckingham, Will Nicholson and Marion Adams.

High School Fund Will Care for Three Orphans Mrs. Ada Atkinson, Central High school history teacher, has received a letter from Mrs. August M. Borglum, treasurer of the French orphan fund, thanking the Central High school students for the gift of \$125 collected during the address of Dr. Fred Morrow Flint toward the adoption and care of French orphans. The money will care for three children for one year. The children selected are Camille Tereille, Jean Tereille and Auguste Thevenon. Within two or three months letters will be received in the name of the high school pupils telling of the condition of the children. Mrs. Atkinson will publish the letters in the Register.

Elevator Company Is to Add Thirty-Nine Tanks The Great Western Railroad company has awarded to a Chicago firm the contract for the construction of thirty-nine reinforced concrete tanks, as an addition to the Independent elevator, Twenty-seventh and Bancroft streets. The new tankage will be ready for this season's grain crop. The tanks will each be ten feet in diameter and ninety feet high. They will cost \$250,000 and will give the Independent elevator an additional capacity of 500,000 bushels of grain.

Sour Stomach. This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.—Advertisement.

ELEMENTS FAIL TO CHECK RECRUITING

Eighty-Six "Rookies" Waiting for Examination When the Army Station Opens.

NAVY NEARS ITS QUOTA

Even the unfavorable weather is failing to stem the tide of war volunteers now sweeping in under the stimulus of the draft bill. A new record for morning recruiting was made Thursday, when 126 volunteers had been enlisted by noon. If the rush continues through the day officers expect to equal, or even pass, the new high mark of 156 for a day, made Wednesday. When the army station opened eighty-six "rookies" were waiting to be examined. Of these fifty-one arrived unannounced at midnight from Des Moines. Sergeant Hansen got out of bed to arrange for their lodgings. A big crowd was also on hand early to join the navy. Groups continued to arrive from small towns in the district. One bunch of fifteen came from Clarkson, after receiving a big sendoff from the townspersons.

Examine Reservists.

One hundred and thirty-five Omaha volunteers for the officers' reserve corps have already been examined and passed by Colonel Root and Captains McKinley and Bower. Captain McKinley having examined more than half the total number, in addition to his heavy work in charge of regular army recruiting. Almost as many more have been examined and rejected. Those accepted must wait until selected for training and ordered to go to Fort Snelling next week. Figures on navy recruiting for the last full week in April show that Omaha advanced from thirtieth to twenty-third among forty-seven main stations in number of enlistments in proportion to population. All the high ranking stations are in the middle or far west, with few exceptions.

Omaha had 356 applicants and 195 enlistments during the week tabulated. In number of actual enlistments, without regard to population, Omaha stood eighth in the list, being beaten only by Baltimore, Philadelphia and other larger cities. Since April 1 Omaha has recruited 653 of its required quota of 800. Within three days remaining before this quota is supposed to be raised, Lieutenant Waddell expects to make it.

First Federal Farm Loan To Be On Nebraska Land

The first loan by the Federal Land bank of Omaha will probably be made on land in Red Willow county, Nebraska, near McCook or Indianola. Appraisers have completed their work there on the first set of applications for loans, and the necessary papers have been filed with the bank in Omaha. Land in Spink county, South Dakota, has also been appraised and papers are coming in, but the Red Willow appraisements and necessary legal papers have preference. "We will probably make some loans next week," said Secretary Frank G. Odell of the bank. "The bank's capital is paid in, we have the money and are all ready. The completion of appraisements and details of drawing documents is all that now remains to be done."

District Court to Hold Memorial for Mehoney

District court will hold memorial services for the late Timothy J. Mahoney, prominent Omaha lawyer and past president of the Nebraska State Bar association, who died suddenly at Washington, D. C., on April 17. The services will be held in court room No. 1, at 10 a. m. May 19. Judges of the supreme court of the state and federal judges will be invited to participate in the exercises. A committee consisting of Warren Switzer, E. A. Brogan, Isaac Congdon, L. J. Dunn and E. F. Leary has been appointed by Judge Sears, presiding judge, to take charge of the plans for the services.

Autos Must Not Be Parked Near the Fire Hydrants

Traffic Officer Ulmer, who has charge of the downtown automobile parking, has started a vigorous enforcement of that section of the traffic laws which prohibits parking a machine within twenty-five feet of a fire hydrant. "Motorists seem to have forgotten this provision of the law. It is important that these hydrants be kept free of automobiles and we intend to be vigilant. I thought that a statement in The Bee would remind many who are thoughtless," explained Mr. Ulmer.

Thirty-Six Hundredth Ceremony by Mr. Savidge

Miss Lena Shier, daughter of Charles Shier, and Mr. Jennings Johnson were married by Rev. Charles W. Savidge at his residence Wednesday evening at 8 p. m. and Mrs. W. H. Deering accompanied them. This was the thirty-sixth hundredth wedding ceremony performed by Mr. Savidge.

MASON GIRL WHO WINS FINE FLAG.

Here is Bessie Handler with her new American flag which she won in a magazine contest. Bessie is a patriotic little citizen and worked hard for the reward. She followed the advice of The Bee and showed her loyalty to Uncle Sam by displaying the flag on the porch at her home. Bessie is 12 years old, and a student in the seventh grade at Mason school. Her hobby is writing and telling stories, and she says her ambition is to become a writer for newspapers and magazines. She is particularly interested in the Busy Bee paper and reads it every Sunday.

RETAIN SOME SOD, CONDRA ADVISES

Conservation Expert Suggests Certain Areas to Be Kept in Grass. "It would not be good to plow up every foot of Nebraska soil in the present agitation for war crops," said Dr. George E. Condra of the University of Nebraska in his illustrated lecture on "Nebraska Soils" last night at the Commercial club.

TALKS FOR LAND BANK

"I refer to some of the better land in the bottoms, land subject to flood, and land of particular kinds of soil. There are lands of this kind which produce excellent hay in great quantities when left in the native grasses, but which do not produce well under cultivation. We must select these lands with reference to the type of soil and other conditions." Under Auspices of Land Bank. Dr. Condra spoke under the auspices of the board of directors of the Federal Land bank of Omaha. The directors wanted to get some technical knowledge of the soils in various parts of the state as a rough basis upon which to work in making appraisements for farm loans to be made. Secretary Frank G. Odell of the Federal Land bank of Omaha introduced the speaker.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advertisement.

Nervous Periodical Headaches

This trouble commonly called "rick-head-ache," is said to be due to the retention of urea in the system. Often it is stated that a poor condition of the blood is a cause of these headaches, or that it is a nervous condition; and in certain cases, no doubt, this is true. Where treatment is demanded, it is more for the pain than anything else, and Dr. A. F. Schellischmidt of Louisville has found anti-kamnia tablets to give prompt and satisfactory relief. "Rest should be insisted upon," he says, "and the patient should go to bed, darken the room, and all the attendants and family should be as quiet as possible. An emetic will sometimes shorten the attack. The bowels should be kept open and a hot bath and a thorough rub-down with a coarse towel, often give grateful relief. Two anti-kamnia tablets when the first signs appear, will usually prevent the attack. During an attack, one tablet every hour or two will shorten the attack and relieve the usual nausea and vomiting. These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also unexcelled for nervous headaches, neuralgia and all pains.—Advertisement.

THURSDAY'S MUSTER ROLL FOR OMAHA. Thursday, Total. Army 99 1,753. Navy 21 699. National Guard 6 344. Marine Corps 0 50. Total 126 2,846.

White Russian laundry soap, 6 bars, 22c. Cudahy's white borax naphtha soap, 10 bars, 34c. Pearl white laundry soap, 10 bars, 38c.

E. M. Slater and H. A. Tukey, speaking for the Real Estate board before the city council, assured the mayor and commissioners that their organization will not neglect any patriotic duty in reduction of rents for small homes. The realtors appeared in the city council chamber in response to an invitation, this being one phase of an effort by city officials to reduce high cost of living during the period of war stress. "We would expect," said President Slater of the Real Estate board, "that you will enlist co-operation of wholesalers and retailers, as well as real estate men."

"It is your patriotic duty to reduce rents," declared Mayor Dahlgren. "I think, Mr. Mayor, you have started in the wrong place, but our hearts are in the right place," added Mr. Tukey. "Well, I believe owners should forego their profits in a time like this," rejoined the mayor. "We will report back to the exchange and we will do our part, just as we did in the time of the tornado," said Mr. Slater in conclusion.

Wireless Outfits to Set Clocks Are Dismantled

Several hundred jewelers in all parts of Nebraska are sad because Uncle Sam has made them pull down wireless apparatus which they installed less than two months ago. When the Nebraska Retail Jewelers' association was in session at the Paxton hotel February 22 and 23 last several hundred jewelers bought wireless apparatus to give them aerial connection with Arlington and thus obtain an accurate system of regulating clocks. A representative of an eastern house was here demonstrating and selling the equipment in the lobby of the hotel. His demonstration was a somewhat attractive feature. A speaker on the regular program talked long of the importance of such wireless stations to jewelers, particularly their importance as advertising features, as the jeweler in a town who was regulating his big clock hourly by wireless would have an advantage over his competitors. The outfits cost from \$75 to \$100 apiece.

Under Auspices of Land Bank.

Dr. Condra spoke under the auspices of the board of directors of the Federal Land bank of Omaha. The directors wanted to get some technical knowledge of the soils in various parts of the state as a rough basis upon which to work in making appraisements for farm loans to be made. Secretary Frank G. Odell of the Federal Land bank of Omaha introduced the speaker.

Tells of the Soil.

The speaker traced the various soils of the state, and tabulated and compared their productive possibilities. He illustrated the lecture with colored lantern slides and showed pictures of gullies and ravines cut into the soil in the southeastern part of the state. He pointed out the importance of checking these washouts when they are first noticed. This, he said, could be done to some extent by piling brush into the ravines, driving stakes, etc. He held it to be a patriotic duty of the farmer to try to prevent washouts and the cutting up of the farm land.

The narrowing down of the channel of the Platte river, and consequent reclamation of some of the vast area over which that river now spreads itself, he pointed to as one of the problems that must and will eventually be worked out. "There are six cubic miles of good sand in the Platte bed," he said, "and much of this is already being dredged."

BURGESS-NASH COMPANY. "EVERYBODY'S STORE"

Thursday, May 3, 1917. STORE NEWS FOR FRIDAY. Phone Douglas 137. Friday in the Down Stairs Store
