

PRESBYTERIANS TO HAVE NEW CHURCHES

Purchase of Sites and Erection of Chapels in Unchurched Territory is Plan.

SPEND \$3,000 PER YEAR

Purchase of new sites and erection of temporary chapels in "unchurched" territory in Omaha is proposed by a new committee of Presbyterians, recently authorized and just appointed to deal especially with city extension work of the Presbyterian church.

A fund of \$3,000 per year is planned for this purpose by the committee of nine laymen and six ministers, who are as follows: N. H. Loomis and George F. Gilmore, First church; A. A. Lamoreaux and R. A. McEachron, North church; Dr. James M. Patton, Lowe Avenue church; R. C. Peters, Dundee church; Dr. J. B. Lichtenwallner, Westminster church; H. M. Wells, South Side church; J. H. Knowles, Fremont church; Rev. E. H. Jenks, Rev. A. F. Ernst, Rev. D. E. Jenks, Rev. F. B. Foster, all of Omaha; Rev. B. A. Fye, Tekamah; Rev. Nathaniel McGiffin, Fremont. Rev. William H. Kearns, superintendent of Presbyterian Home missions in Nebraska, is secretary of the new committee, and Rev. Dr. Jenks is chairman. The extension committee will also handle matters pertaining to vacant pastorates, new organizations and Sunday school home missions.

Women Would Cut Out Flowers for Duration of War

"No flowers in war time," the slogan adopted by the Deborah Franklin club and reported exclusively in Thursday's Bee, is causing great agitation in social circles.

The Deborah Franklin, a bridge-luncheon club made up of wives of local printers, decided to omit flowers at their luncheon Thursday at the Castle hotel and at all future social affairs as long as the war lasts.

Mrs. C. C. Belden, prominent in club and social life, was the first to voice her protest. "I think it is the wrong kind of economy to give up flowers, which will work hardship on the florists, and yet to waste a whole afternoon at bridge," said Mrs. Belden. "I am not criticizing the bridge game, but it doesn't seem right to make the florist and his employes suffer while the women while away several hours for their own amusement," she said.

Welfare Board Receives Some Packages of Seeds

The garden department of the Board of Public Welfare received twenty packages of garden seeds which will be given to needy persons who will use them. Other contributions will be placed advantageously. Seed potatoes also will be used.

H. W. Marrow wrote to Mayor Dahman, calling attention to various tracts which should be cultivated. He urges prompt and serious action in tilling all vacant land in Omaha. His recommendations were transmitted to Director Fleharty of the municipal garden bureau.

The Board of Public Welfare acknowledges the following subscriptions to the garden fund: Mrs. E. A. Singer (collected at Brandeis stores), \$21; D. B. Butler, \$10; B. L. Beatty, \$5; Robert Gowell, \$10.

"We can use many more lots and tracts. Those having vacant land to offer, or who know of available tracts, should advise us at once. We have had several calls for acreage, some being willing to pay a nominal rental for the land," said Director Fleharty.

Posters Tell Farmers What Crops Are Best Now

Tens of thousands of posters listing crops for hay and pasture that may be sown this year to take the place of the alfalfa which has been winter killed are now ready for distribution. The Agricultural College of the University of Nebraska prepared them.

Further instructions will go from seed companies all over the state, together with price lists of the various seeds and information as to where they may be obtained.

For hay, amber, sorghum, common millet and kafir corn are suggested in the order of their importance as a hay crop. It is pointed out that sorghum makes excellent hay and produces in large quantities, but that care must be taken that stock does not eat it before it is cured. For hog pasture rape and oats are recommended.

It is suggested that it may be best to retain the old alfalfa fields where the crop seems to be not more than 50 or 75 per cent winter killed.

High Student Solves the Problem of Storing Books

Gilbert Olson, Central High junior and a member of the bookkeeping class of Mr. Roberts, recently decided the class room desks were too small for all the books. Mr. Roberts sympathized with young Olson, but said he could not help him. So Olson set about to help himself. When the third hour class entered the room Thursday Olson displayed his invention. It consisted of a sheet of tin about twenty by forty inches fastened to the front of his desk, upon which he placed his books.

First Congregational Will Build in Dundee

The First Congregational church has bought a new location at Forty-ninth and Dodge streets, looking to the building off a church there a little later on. During the four Sunday nights of May the church will hold its regular evening service in Dundee hall, at Fifth and Underwood avenue. Preacher, organist, choir and congregation will all go out. Those who do not worship elsewhere Sunday evenings are invited to attend.

Jay Burns Will Take Place Of Robinson in Senior Play

Jay Burns has been chosen to take the place of Sidney Robinson in the Central High school senior play. Robinson did not have time to rehearse. Burns showed no well in the tryout.

TO SPEAK HERE ON ZIONIST MOVEMENT.

Madam Bella Pevsner, Zionist speaker of New York, will talk here Sunday afternoon and evening at the Beth Hamedresh Hagadol synagogue in the interest of the Zionist Palestinian movement.

Federal Officer Takes Cards from Baltzly's Church

C. W. McCune, collector of customs for the port of Omaha and custodian of the Federal building, resenting what he terms as the un-American utterances of the Rev. O. D. Baltzly, has addressed a letter to O. D. Goodman withdrawing his family from the congregation.

The letter follows: "As the senior elder of Kountze Memorial Lutheran church, I hereby enter a protest to you against the recent un-American utterance of the Rev. O. D. Baltzly.

"In a telephone conversation with the Rev. Mr. Baltzly he justified his criticism of President Wilson and the war by claiming the right of free speech. Before a state of war actually existed he would have been clearly within his rights, but when this country is engaged in a war to perpetuate liberty and the right of free speech the man who voices sentiments that 'give comfort or encouragement to the enemies of our country' is not in harmony with true American sentiments.

"Two of my daughters, Eileen and Kathleen McCune, are members of Kountze Memorial church. I request that letters of dismissal from membership be issued to them. This request is sanctioned and endorsed by them."

Give Up Hope of Finding Murderer of S. C. Smith

Police have given up all hope of apprehending the murderer of Samuel C. Smith, Clifton Hill druggist who was shot and killed by one of three highwaymen last Saturday night.

Fred Miner, 1110 Farnam street, the only one of twelve suspects held by the police, was absolved Friday afternoon when Sylvia Marks, the 7-year-old girl who saw the bandits escaping, and C. V. Warfield failed to identify him as one of the men. Each emphatically declared he was not one of the trio.

Miner is being held on a vagrancy charge, however. He has twice been arraigned in the local police court for stickups.

Stock Yards National Gives Bonus to Employees

A bonus of 5 per cent of the annual salary of each has been given to all employees of the Stock Yards National bank for the first quarter of the year to assist them to meet the demands of the increased cost of living. In addition all married men in the bank have been given an increase in salary, effective at once.

The Stock Yards bank has been making great strides the last year. A comparative statement just issued shows a gain of 70 per cent in deposits. Deposits at the South Side institution now total over \$14,000,000.

URIC ACID An Enemy in Ambush

(By DR. M. C. LUCAS.)

It was not until the discovery by Sir Arthur Garrod, in 1848, that the blood of gouty patients contained uric acid in an excessively large amount, that much attention was paid to this subject. Later scientific men learned that in gout (also true in rheumatism) the kidneys do not work properly to throw off the uric acid poison; consequently uric acid crystals are deposited in and about the joints, where an inflammation is set up in the nearby tissues. When for any reason the circulation is sluggish, as in the joints of the toes, crystals formed from uric acid are deposited there, and one suffers from gout; or, when deposited in the tissues, one suffers from muscular rheumatism or articular rheumatism. My only medicine to counteract the uric acid and to throw it out of the system is tablets of Anuric (double strength) three times a day.

The pain in the back, lumbago, pain in the neck, creaky joints, stiffness in muscles, have all been proven to be caused by uric acid poison in the blood and tissues. The kidneys soon become diseased, then there often follows disease in the muscles of the heart.

Kidney disease carries away a large percentage of our people. What is to be done? What can the ordinary person do to properly balance bodily health? The answer is easy. Eat less meat, eat coarse, plain food, with plenty of vegetables, drink plenty of water between meals, and take an uric acid solvent before meals for awhile, such as Anuric (double strength), obtained at almost any drug store. It was first discovered by Dr. Pierce of the Surgical Institute in Buffalo, N. Y. Most every one troubled with uric acid finds that Anuric dissolves the uric acid as hot water will dissolve sugar.—Adv.
