Universal Service of United States Tires

Common sense proves that no one type of tire can give supreme results on all types of cars... That is why the United States Tire Company produces five different, distinct types of tires...

The United States 'Royal Cord' Tire—the Monarch of All Cord Tires

The 'Royal Cord' is incomparably the cord tire of supreme resiliency and elasticity, of endurance and toughness, of low mileage cost, of anti-skid service, of beauty and distinction. It is built on scientific principles which are in complete accord with the laws of nature and the facts of experience.

The 'Nobby' Tread—the Aristocrat of the Road

The 'Nobby' Tread is the acknowledged master of woven fabric tires in general anti-skid and mileage-giving qualities. It is not anywhere nearly approachable by any other tire made in all of those qualities of tire service which you and every motorist demand.

Then there are—the 'Chain,' the 'Usco,' and the 'Plain' Treads

Each of these three, as with the 'Nobby' and the 'Royal Cord,' serves a particular purpose of its own. Each of the three stands for the most that can be got out of a tire of its particular uses.

Proof of the Universal Service of United States Tires

The proof of everything lies in results. United States Tires are giving satisfactory results to the automobile owners who use them. And the automobile owners who once use United States Tires are continuing to use them.

United States Tires are giving satisfactory results to the automobile owners who use them. And the automobile owners who once use United States Tires are continuing to use them.

United States Tires Are Good Tires

'Nobby' 'Chain' 'Royal Cord' 'Usco' & 'Plain' A Tire for Every Need of Price and Use

United States TUBES and TIRE ACCESSORIES Have All the Sterling Worth and Wear that Make United States Tires Supreme
