

300 OMAHANS WANT OFFICERS' STRIPES

Only Half, Though, Will Be Admitted to Training Camp at Fort Snelling.

NOT EAGER IN THE EAST

Between 200 and 300 Omaha men have been recommended to take reserve officer training at Fort Snelling beginning next week.

Associated Press information from Chicago is that 4,700 men have been certified by examining boards as qualified for the Fort Snelling camp.

Western Patriotism Strong. For the Fort Sheridan and Fort Benjamin Harrison camps, each of which will accommodate 5,000 men, only about 5,200 have been certified.

Colonel Root, examining applicants here, says he regards this showing as indicative that the Fort Snelling district, including Omaha, is giving a far greater response to the opportunity than the other districts in the central department.

Sergeants Carpenter and Moore of the marine corps have pledged thirteen recruits this week. This is a better showing than they have made for any previous week since the call, and they expect to obtain additional men before the end of the week.

Omaha navy recruiting district gained two more places in comparative rank for the week ending April 26, and stood twenty-first on that date in number of recruits in proportion to population.

Halle S. Ray, captain and quartermaster Omaha, Red Cross, formerly assistant general passenger agent for the Rock Island in Des Moines, has arrived in Omaha to be Colonel Bingham's assistant at the Omaha supply depot.

Major Birkner, in charge of the Fourth Nebraska National Guards' sanitary detachment, has made inspections of all camps and guard posts in and near Omaha, and reports satisfactory conditions existing at each.

Captain James F. McKinley, in charge of army recruiting in the Omaha district, Tuesday took his physical examination, preliminary to being promoted to be a major.

Two high-rated members of the local navy recruiting staff are about to re-enlist at the expiration of their present terms, and will receive big bonuses for doing so.

Chief Yeoman F. J. Ross will be paid a bonus of \$428 for re-enlisting promptly, and Chief Quartermaster J. B. Zimmerman will get a bonus of \$360.

Ross joined the navy eight years ago at the age of 21 and his first salary was \$1760 per month, in addition to subsistence and other allowances. He will earn \$91 clear money each month of his next enlistment.

Both men agree that they are earning more in the navy than they could earn in civil life. They cite their cases as illustrating the opportunities afforded by the navy to men who have themselves, make the most of things and stay in the game.

Walter E. Stevens, gunners' mate of the navy recruiting staff here, has just been awarded his second good conduct badge, which carries with it a salary bonus. He also has been recommended for bravery under fire.

Says She Spent Honeymoon Working to Support Self

Hilda Garceau, suing William Garceau for divorce in district court, alleges she was forced to spend her honeymoon working to support herself. "He didn't provide for me at all," she says in her petition.

New Corn Remover in Big Demand Says Druggists

Since the virtues of ice-cream as a corn remover became known in this country, demand has been having an extraordinary demand for this product and it is predicted that this summer women will wear smaller and prettier shoes.

The fact that this new discovery, which is made from a Japanese product, will actually remove corns—meats and all—without the slightest pain or soreness, is, of course, mainly responsible for its large and increasing sale.

You apply just a little on a tender, itching corn and soon the corn is so shriveled that it may be lifted out with the fingers—free and all.

Ice-cream is a clean, creamy, snow-white, non-poisonous substance and will never inflame or irritate the most tender skin.

Getting on ailing corns often produces blood poisons and people are warned to stop it.

Belgian Art Exhibit to Continue Another Week

Arrangements have been effected to continue the Belgian art exhibit, now on at the Auditorium, for another week, so that it will not close until May 16. The exhibit is under the auspices of the Fine Arts society, whose members feel they are doing a public service in giving Omaha art lovers a chance to see these pictures, which were part of the showing at the San Francisco exposition.

WIFE TURNS BACK TO HUSBAND IN COURT

Mrs. Gangestad, Facing Police Judge on Statutory Charge, Ignores Injured Mate.

ARRESTED WITH BELLBOY

A smiling, sprightly wife met a limping, stern-faced husband in police court this morning. She did not even glance at him. He scrutinized her back, the only view which she allowed him.

Thus they stood for five minutes before Police Judge Madden, while the wife threw rapturous glances at a tall, curly-haired, eye-glassed bell boy, who was co-defendant with her on a statutory charge.

Such was the meeting of Nina May Gangestad and her husband, Edward G. Gangestad, real estate operator, who is convalescent from a wound in his leg which he alleges his young wife inflicted with a pair of scissors.

The bell boy, Walter Jewell, was arrested at 1 o'clock Wednesday morning. He was with Mrs. Gangestad in the Harvard hotel, Twenty-fourth and Farnam streets, Detectives Holden and Rooney say.

Gangestad had hobbled down to the police station earlier in the evening to swear out warrants against his wife and Jewell.

Mrs. Gangestad and the bell boy pleaded not guilty, waived preliminary examination and were held for the district court under bonds of \$500 apiece.

Mrs. Gangestad had already posted bonds of \$2,000 for her appearance in police court to answer the charge of stabbing her husband with intent to wound. Her trial was scheduled for May 12.

"You had better waive examination with me, Walter," she said to Jewell as he stood, wavering, before the judge.

"All right," he said. The domestic affairs of the Gangestads have commanded much public attention. A divorce, a remarriage, a suit for divorce, a reconciliation, a fight and a stabbing affray are among their mutual experiences.

Women Will Provide a Helper for Miss Magee

To furnish a woman helper for Miss Nellie Magee at the City mission will be the special work of the Women's Missionary Federation of Omaha, it was decided at a meeting of the council Tuesday.

Plans were made whereby women of each denomination will give assistance at the mission each week during the year.

A Medical Mongooos

We can manufacture poisons within our own bodies which are as deadly as a snake's venom.

The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation. A blockade in the intestines piles a heavy burden upon the liver.

Something is wrong with the liver, and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, skin or eyes yellow, the water is scant and high colored, containing "brick-dust" deposits and bile pigments.

At such times one should drink plenty of water between meals, and a pint of hot water before breakfast, and occasionally take a pleasant laxative. Such a one is made of the May-apple, leaves of aloe and root of jalap, first extracted and put in ready-to-use form by Dr. Pierce nearly fifty years ago, and sold by druggists as Dr. Pierce's Pleasant Pellets.

Do not take mineral oils or so-called "Russian Oil," for the experiments by R. F. McDonald have shown as lately reported in a government publication of the U. S. Public Health Service, that mineral oil may act as an irritant that produces gastro-intestinal disturbances and that it may cause tissue proliferation, simulating cancer.

The next important organ to be reckoned with is the kidneys. Kidney disease carries away a large percentage of our people. What can the ordinary person do to properly balance bodily health? The answer is not easy, but I advise everybody to eat less meat, eat coarse, plain food, with plenty of vegetables, drink plenty of water, eat regular meals, and take Anuric acid solvent, such as Anuric (double strength), before meals for awhile. Anuric can be obtained at almost any drug store.—Advertisement.

DEAD ON HIS FEET

GOLD MEDAL Haastem Oil Capsules will bring new life and quickly relieve that stopping-up congested feeling. They will thoroughly cleanse and wash out the kidneys and bladder and gently carry off the ill effects of acidosis of all kinds. The healing, soothing oil seeps right into the walls and lining of the kidneys and expels the poisons in your system. Keep your kidneys in good shape by daily use of GOLD MEDAL Haastem Oil Capsules and you will have good health. Go to your druggist at once and secure a package of this time-honored, world-wide remedy. It is not a "patent medicine." It is passed upon by U. S. Government chemists and declared pure before coming into this country. GOLD MEDAL is the pure, original Haastem Oil, imported direct from the ancient laboratories in Holland, where it is the National Household Remedy of the sturdy Dutch. Look for the name Haastem on every box. Accept no substitutes. Your druggist will gladly refund your money if not as represented.—Advertisement.

A SUCCESSFUL COUGH REMEDY

10 CTS. BURY THE NEW TRIAL SIZE BOX BROWN'S BRONCHIAL TROCHES JOHN L. BROWN & SON, Boston, Mass.

NEW TAX COVERS MANY NEBRASKANS

Less Than Thirty-Five Hundred Have Their Incomes Taxed Now.

ONE MAN TO PAY \$100,000

Many thousands of Nebraskans will be added to the federal income taxpayers if the bill proposed by congress becomes a law. Under the present law 3,024 married men, sixteen married women, 365 single men and 89 single women pay income tax in Nebraska.

The war revenue bill proposes to lower the exemption from \$3,000 for single persons to \$1,000 and from \$4,000 for married persons to \$2,000. The number of persons in Nebraska with incomes between \$3,000 and \$4,000 is 1,013; between \$4,000 and \$5,000 is 648; between \$5,000 and \$10,000 is 1,233. There are three with incomes between \$150,000 and \$400,000 a year.

Here are some examples of the way the proposed law would affect incomes. A single man making \$3,000 a year pays no income tax now. Under the proposed bill he would pay 4 per cent on his income over \$1,000, that is, he would pay \$80 a year. A married man with an income of \$4,000 a year now pays no income tax. Under the proposed law he would pay \$80 a year.

At present there is no surtax on in-

comes less than \$20,000. They all pay 2 per cent. Under the proposed law the surtax starts at the \$5,000 income. A married man, for instance, with an income of \$6,000 would pay 4 per cent on the income in excess of his \$2,000 exemption, which would be \$160, and a surtax of 1 per cent on the amount in excess of the \$5,000, which would be an additional \$10.

On incomes of \$10,000 the proposed bill makes a surtax of 3 per cent. A married man, for example, with a \$10,000 income pays only \$120 a year income tax now. Under the new bill he would pay \$470.

The lone Nebraskan who has an income between \$300,000 and \$400,000 now pays about \$27,000 income tax. Under the proposed bill he would pay about \$100,000 per year tax.

Omaha Jews Plan to Elect Delegates to Big Congress

Preliminary steps toward electing Omaha's delegate to the Jewish congress, which meets in Washington in September, were taken at a meeting Tuesday evening in the Swedish auditorium. The congress will name the commission to present the claims of Jews in the international war settlement.

Henry Monsky, Arthur Rosenblum and Dr. Philip Sher were named temporary officers to take charge of the board of elections. Two nominees will be named from each Jewish organization in the city. The election of the delegates occurs May 22. Several prominent Jews have announced their candidacy. The meeting last evening was called by the Central Jewish War Relief committee, headed by Harry B. Zimman.

COL. MCCARTHY HAS USE FOR CIVILIANS

To Have Quartermasters' Reserve Corps to Take Place of Regular Officers.

MEN FOR VARIOUS TASKS

Colonel Daniel McCarthy, formerly of this city, father of the plan for a quartermaster reserve corps, who started the ball rolling two years ago today, has begun a campaign to increase the reserve in the Central department, of which he is quartermaster, to 5,000 men.

It was Colonel McCarthy's idea that in time of war a man who had been in the shoe business all his life might well superintend the buying of army shoes, and thus release a military officer for other service. The nucleus of an organization was formed and is now about to be expanded to full strength.

Men from 18 to 45 years of age are eligible, and, while there are certain examinations necessary, the main qualification is that the applicant shall be able to do a certain piece of work. Forty motor truck companies are to be formed, eighty wagon companies, eight pack train companies, seven bakery companies, and so on. Need All Kinds of Artisans. Bakers and blacksmiths are wanted; so are carpenters, chauffeurs, clerks, cooks, electricians, horseshoers and trainers, laborers, machinists, sad-

diers, harness makers, trainmasters and, in short, practically every kind of artisan. In a statement just issued Colonel McCarthy urges that applications for joining the reserve be made at the cities nearest applicants' homes. He named recruiting officers as follows: Omaha—Lieutenant Ed L. Wilbur, Fourth Infantry, Nebraska National Guard. Cleveland—Captain Albert B. Dekay, Sixth Infantry, Ohio National Guard. Detroit—Captain William B. Doane, recruiting officer at Fort Wayne. Toledo—Lieutenant L. C. Lente, Sixth Infantry, Ohio National Guard. Milwaukee—Lieutenant C. M. Gail, recruiting officer. St. Louis—Lieutenant R. R. Reinhold, recruiting officer. Kansas City—Lieutenant Roy S. Stefford, Third Infantry, Missouri National Guard. Denver—Captain W. T. Harris, U. S. A. Minneapolis—Captain George H. Greene, recruiting officer. Cincinnati—Lieutenant Robert Taverner, Third Infantry, Ohio National Guard. Indianapolis—Major Arthur J. Miller, Second Infantry, Indiana National Guard. Springfield (Ill.)—Lieutenant Clarence P. Reid, Sixth Infantry, Illinois National Guard. Chicago—Lieutenant Barry Kineman, First Infantry, Illinois National Guard.

Five Residents of Bottoms Bound Over for Sugar Theft

Five men and women, who live in the bottoms east of the Missouri Pacific yards, were bound over to the federal grand jury by United States Commissioner McLaughlin on a charge of stealing six bags of sugar. The accused, with their relatives and about twenty small children, heard their hearing in the august federal court room because the commissioner's office was too small. They are charged with taking the bags from a box car in the railroad yards. It comes under federal jurisdiction because the sugar was an interstate shipment.

Spring Days are Joy Days for the man or woman who is wise enough to jump from the heavy foods of Winter to the cereals, fruits and green vegetables of Spring. Two or three Shredded Wheat Mixtures with berries and milk and some green vegetables make a delicious, nourishing meal. Puts the body in top-notch condition for the day's work.
