CITIZENS OF ORD WELCOME SPECIAL

Greatest Demonstration of Day Given Preparedness Train in Valley County, Popcorn Center of the World.

Loup City, Neb., May 10.—(Special Telegram.)—Citizens of Ord and surrounding country tendered the Union Pacific farm preparedness train its greatest reception today. Ord is the largest pop corn shipping station in the world. Three million pounds of shelled pop corn are stored there now. This corn is shipped all over the United States. A committee of the pop corn association met the special at Scotia Junction this morning and every passenger received a huge sack of pop corn.

When the special reached Ord at 8 this morning, 1,500 people were at the depot. Meetings there were the largest and most enthusiastic of any so far. The men's general meeting was so interesting that speakers were unable to get away on schedule time and the special left thirty minutes late. Two speakers were left behind to hold meetings tonight to discuss special topics. The school meetings at Ord were the largest yet held and several canning clubs were organized.

Big Corn Yield Expected. This is an especially good corn section when yield per acre is considered and because of the geographical conditions it is possible to plant later than in many other sections. With wheat to a total loss, the farmers are turning to corn.

Tractors are to be seen on every side and the corn acreage will be vastly increased. Silo talks are in special demand through this section and the silo experts find it almost impossible to comply with all requests for information.

At Dannebrog six big meetings were held, three in the town and three in the country and there, as at Ord, every business house was closed while the special was in town. The banks at Ord and Dannebrog left nothing undone to further the work. At Boelus several good meetings were held and a number of the guests visited the hydro electric development plant near there. This power plant is on the South Loup and the waste water is discharged into the Middle Loup. A wide territory is served from this plant, including the cities of Grand Island, Aurora, Polk, York, Stromsburg, Hampton and Phillips.

School children at the stopping points are being conducted through the special train and are shown every possible courtesy. The school girls, studying domestic science, are especially interested in the kitchen of the diner. Lieutenant Governor Howard and Prof. Holden are the speakers most in demand and they find it difficult to respond to all calls.

Loup City was the last stopping point of the Loup trip and the meetings here were unusually large. The total attendance of the day was above 4,500 at twenty-eight meetings.

Dr. Fling and C. J. Ernst To Speak at Nebraska City

Nebraska City, Neb., May 10.—(Special.)—Patriotic rally of Otoe county will be held here Friday evening. Prof. Fred Morrow Fling of the state university, one of the most noted authorities on European history in the middle west, and Carl J. Ernst of Omaha, president of the Omaha school board, who came directly to Nebraska City from Germany in the early '70's, have accepted invitations to make addresses. The committee on arrangements consists of Judge Paul Jessen, W. W. Wilson, W. H. Fitzer, Judge Arthur Bischof, Sheriff Fisher and Ollie Stephenson. This is the first meeting of its kind to be held in the county. W. W. Anness of Dunbar will preside.

Potash Will Not Win For Kaiser, Says Avery

Lincoln, May 10.—Chancellor Samuel Avery of the University of Nebraska has taken issue with German professors, who have asserted Germany will win the war on American wheat fields through a famine of potash, of which Germany has had a monopoly.

"The great supply of potash in the world is locked up in feldspar rock," said Chancellor Avery. "There is enough in our mountains of feldspar to supply a dozen worlds like ours for untold years."

Nebraska fields do not need potash, Chancellor Avery announced, after investigations and experiments at the university farm. The chancellor said that probably within 700 years Nebraska soil would need application of potash.

Chancellor Avery said: "Potash salts are valuable on land that needs potash, but worse than useless on land that does not need it. Much of the German soil is so poor in potash as to require large applications. Potash is not used to any great extent in agriculture west of the Mississippi river."

"The claims of the German professors that they will win the war through possession of the potash supplies," Chancellor Avery concludes, "looks as though they were hunting desperately for a final peg on which to hang their hopes of success."

Twenty State Convicts Paroled to Work Farms

Lincoln, May 10.—Twenty-convicts at the state penitentiary here have been given uniforms of blue—overalls and jumper—and have been enlisted in Uncle Sam's great army of the farm.

These men, all inmates of the prison for some time, asked that they be paroled to nearby farms and after being subjected to severe oral examinations they were allowed their temporary freedom.

This action was taken by prison authorities as a result of the insistent demands that have come in for farm labor. It is said that other inmates, as soon as they can qualify, will be released on parole.

G. W. Stevens, Resident of State Since 1865, Dies

Beatrice, Neb., May 10.—(Special.)—G. W. Stevens, a resident of Nebraska since 1865, died at his home in this city yesterday after a prolonged illness, aged 86 years. Mr. Stevens located at Brownsville, when he came to Nebraska, and moved to Beatrice in 1887, where he resided until his death. He and his wife celebrated their sixtieth wedding anniversary July 13, 1916. He is survived by his widow and six children, three sons and three daughters.

Missouri Pacific Pleads With Equalization Board

Lincoln, May 10.—(Special.)—Colonel J. M. Seibert, tax commissioner of the Missouri Pacific Railroad company, accompanied by J. E. Minter, his assistant, appeared before the state board of assessment today in behalf of his company in an effort to prevail upon the board to not raise the valuation of his company.

The colonel informed the board the Missouri Pacific was still working under a receiver and would be glad to pay anything the board wished to assess after it got out from under, but just now it would be very unfair indeed to make the assessment any higher.

Mrs. A. C. Simpson Elected Head of Eastern Star

Lincoln, May 10.—(Special Telegram.)—Mrs. A. C. Simpson will lead the grand lodge of the Eastern Star for the coming year. She was elected today at the session of the grand lodge. Officers elected were as follows: Grand matron, Mrs. A. C. Simpson, Omaha; associate grand matron, Mrs. Marie Hofmann, Havelock; grand patron, N. Dwight Ford, Ansley; associate grand patron, O. E. Mickey, Osceola; grand conductress, Mrs. Carrie M. Spellman, Beatrice; associate grand conductress, Mrs. Stella Yont, Brock; grand secretary, Miss Rose Owens, re-elected; grand treasurer, Mrs. Lou Conklin, Hubbell, re-elected.

Defense Council Officers Plan Lincoln Headquarters

Lincoln, May 10.—(Special.)—President Robert Joyce and Secretary Henry Richmond of the state defense board were today looking for a location for headquarters of the board.

"We are pushing matters just as fast as we can," said Secretary Richmond to The Bee, "for we have much ahead of us and we want to get settled and at work."

Newton Hall, Naval Recruit, And Miss Ward Married

Beatrice, Neb., May 10.—(Special.)—Newton Floyd Hall and Miss Florence Emma Ward, both of Curtis, Neb., were married here last evening by Rev. Clyde Clay Cissell of the Methodist church. The groom, who recently enlisted in the United States navy, leaves in a few days to assume his duties.

Mexicans Give Up Arms.

Fairbury, Neb., May 10.—(Special Telegram.)—In compliance with the government's instructions to disarm aliens Sheriff John G. Rawles, his deputy and Rock Island special agent visited the Mexican camp south of the city and took all the firearms.

Wanted--A Man of Force

- Who has demonstrated his ability to do the right thing at the right time without being urged or told.
- A large corporation wants this man, and, realizing that only a high-caliber man will do, is ready and willing to pay whatever he is worth.
- Selling, promotion or financial experience is desired, but not absolutely required, because a really capable man—the kind we want—can adapt himself.
- If you are over 30, broad-gauge, business trained and looking for an opportunity limited only by your ability, write fully regarding yourself and give address in full. Interview will be arranged. Address Box 3771, Bee.
