Sheep	-Lamb pri	ces contin	ued their u	p-

Sheep-Lamb prices continued their upward climb this morning. Sellers priced their wooled offerings up around \$18.00 and then played the old watchful waiting game until sellers finally came across. Out of the seven loads of good Mexican lambs that were on offer five brought \$19.00 and two of the weightlest went at \$18.50. Values were an offer five brought is 10.00 and two of the weightlest went at \$18.50. Values were anyway 30c higher, the top beating yesterday's high mark that much, and were if anything even more in spots.

Clipped lambs were some higher, though the upturn was harder to guage. The top was beested to \$15.25, the lambs that hecught it being quite a little heavier than the ones which set the mark of \$18.15 yearseday. Less desirable kinds went at \$18.75.

New York, May 11.—Bradstreet's will say: While some sections of the country continue to send in cheerful news regarding trade, the send in cheerful news regarding trade, the some inchestul news regarding trade, the some indicates conservations, which is not obscured either years, accompanied by advancing wages. Incordinately high prices for commodities restrict purchases in other lines, and as the weather over a large area has been decidedly unsanoushle retail dealers have not been able to work off stocks and reorders from jobbers, speaking in a broad sense, are conspicuous by their absence, Moreover country trade is stilled by the fact that farmers are busily engaged in planting and trying to make up for backward seather conditions. Drastic taxation plans involving higher duties, coupled when involving higher duties, coupled when a cautious apirit and as rates for money are higher the tendency in numerous lines is to track time and naturally the financing and the stock market is irregular.
