**Increased Potato Production** 

Lincoln, Neb., May 17.—(Special.) —Increased production of potatoes and beans, in order to make every acre of Nebraska land produce to its capacity, will be one of the important topics for discussion at the State Food Conservation conference in Omaha next week. The western part of the state, especially will be considered in this regard, as hundreds of thousands of acres of fertile lands there have never been planted to any kind of crop. 65% 56 38 50 crop.

A committee to collect statistics on potato and bean yields in different parts of the state, and report at the Omaha conference, has been appoint-ed, to work at the expense of them-selves. Lloyd C. Thomas of Alliance is chairman, and John E. Jacobsen of Lexington has been made his as-sistant. They will report especially upon the condition of the non-irri-gated lands of the northwest.

Over Million. New York, May 15.-On transactions slightly in sacess of 1.000,000 shares, today's market supplemented for the most par-its gala of the providuates the foreing of surved success of the government's bond of-forms constituted the chief moving factors. Speculative interest with a sprinkling of public inquiry sentered largely around steel and iron industries, especially those haves prouge. United States Steels high quartation of the day, 12%, represented a new record for the year. Part of this gain was can-celled in the more insistent selling for profits of the last hour. Toremost among the other strong indus-trials and specialties were laskewanna. Su-prior and Guif States Steels high quartation of the day, 12%, represented a new record for the year. Part of this gain was can-celled in the more insistent selling for profits of the last hour. Toremost among the other strong indus-trials and specialties were laskewanna. Su-prior and Guif States Steels at gross ad-vances of 1 to 5 points. New York Altbrake addod 6 points to yesterday's substantial tas at 148. Harvester Corporation, betting-huse and Colorado Fuel were higher by 2 to 3 points at baset quotations, but fell back. Toppers were agathetic until the final hour, when they came into brisk action on reports of the consummation of a large gov-tronant contract. Shippings were among inverteen navai fore in heritah waiter. Markink divine from middle worstern and meritan navai fore in heritah waiter. Mange conditions, accounts for the bet-ter tendency shown by grangers. Musian exchange reacted moderately from seatness was denoted by the motors, sugars and minor rails. Lake Eric & Western pre-fored lost 6 points at 198. Musian exchange reacted moderately from shown by the bonds of that country. The sentens found market was irregular on light-sentents. tenday and fluctuations were correspond-ingly alight. The more optimitely feeling moted in Wall Birred and cotton trade circles evidently failed to inspire any fresh buying in cottee, business assemed to be resuricted by the uncertainties of war taxation. First prices were unchanged to corn finishing ic to 2% c down, % c to % c, and provision 12% c

All lower the to have, and provisions 12% of Beariah response of the wheat market a seartions of contemplated huge re-selling a the part of foreigners was instantaneous, prohing sales ran all the way from T to 6 conts under yesterday's latest figures and it was not until the last hour of the sector that even singhtly beiter prices ould be obtained than were current at the utset. 

Additional reports that the entents alles would be required to case or at least abate to a large degree their wast wheat buying operations in the United States tended to keep the market depressed. On the other hand, the circumstances that the American government would be expected to guarantee that the Stitish and other alled govern-ments would when needed receive an ade-quate supply from files side of the Atlantio acide as an offset in part. Announcement of a renewed embarge on wheat by Argentins second to count a little in helping prices to recover semewhat. Crop conditions, however, was decidedly in favor of the bears. Bended, the atlantio cold as the privaleges was still a notable doel and the atlantio second the state of the bears. Bended, the atlantio cold and the state of the state of the bears. Bended, the atlantic that ordinarity would not occury the pit a good quarter of an hour. Corn and cats, although much more acity than wheat governed mainly by their neces-any relation to that cereal and by favor-able crop conditions. Big recent export purchases of oats, estimated at 1,200,000 bushels, acted as a prop though to some extent for both of the feed grains. Houses with foreign connections were complexions on the selling side of provisions. The declines which ensued brought out fairly liberal buying for packers. Day Goods Market. New Tork, May 17.-Dry Goods--Cotton poods for printing, converting and govern-ment purposes were strong and active, but other divisions of the market were stimu-lated by this demand. The burgh markets for prompt delivery and odd constructions scarce. Raw silk unchanged. Jobbers were not busy although advance orders were very satisfactory.
