## JACKSON, MASON AND WAR VETERAN, DEAD AGENT OF DAKOTA FIRM ENDS LIFE

Active in Secret Society Circles and a Member of the Local Lodge of the Elks.

E. Gilbert Jackson, 79, of the Clarinda apartments, thirty-third degree Mason and veteran of the civil war, is dead.

He is survived by his wife and one son, Harvey G. Jackson of Omaha. Mr. Jackson was born in a log cabin at Bristol, Wis., and graduated from Lawrence university at Appleton, Wis., as a civil engineer. At the outbreak of the civil war he enlisted in the Wisconsin volunteers, Company B, Sixth regiment. He mustered out as a first lieutenant. Mr. Jackson was a member of the Oshkosh post, Grand Army of the Republic and a member of the Military Legion. He was also a thirty-third degree Mason, receiving this appointment in 1888. He was exceptionally active in Masonry, having held virtually all of the honored positions in the various degrees. He was also a member of the Elks.

Funeral services will be held Sunday afternoon at Cole-McKay parlors.

Shoots Himself as Auditor Arrives at Lake Preston to Make Examination of Accounts.

Sioux Falls, S. D., May 18.—Special Telegram.—Financial troubles are supposed to have prompted the suicide of Halvor P. Dahl, agent at Lake Preston of the Eagle Roller Mill company, who fired a bullet into his right temple.

An auditor of the company had arrived to check up his books, but no shortage has been announced.

Dahl stepped out of the office and crawled under a shed in the railway stock yards, being found with the revolver in his right hand.

For years he was one of the most popular business men of Lake Preston.

## Wheat Has a Reaction And Advances Four Cents

The Omaha grain market adjusted itself to the new conditions brought about when trading in futures ceased and the dealing in cash grain was heavy.

## Red Cross Workers to Hold Big "Pep" Meeting at Boyd Saturday

A big Red Cross rally will be held at the Boyd theater Saturday morning at 9 o'clock, when every one of the 300 campaign workers will be there to tell and hear how to make the last day of the campaign a glorious wind up.

Happy campaign speeches will be made by campaign leaders, among whom will be Frank Judson, C. H. English and others.

Experiences of the most successful canvassers will be in order and what needs to be done the last day will be emphasized by the local authorities.

American flags will decorate the theater and the Boy Scouts will attend in a body.

The rally will last only an hour and at 10 o'clock sharp the workers will be on duty at their booths, with renewed enthusiasm and determination to make the Omaha campaign yield 20,000 members by 6 p. m. Saturday evening.

Burgess-Nash have donated the use of the theater for the rally.

W. G. Ure, the local secretary, is compiling the list of memberships and the amount of money already taken in and will report at the rally just where the chapter stands and indicate what it is yet necessary to accomplish.

Although the booths were all open a number of the most loyal workers were absent, as they were resting up for the final and supreme effort Saturday.

Mrs. C. T. Kountz and Mrs. Howard Baldrige, perhaps the two most ardent leaders, did not stop work, but went to Lincoln to assist the women there in lining up their campaign.

lies of campaign workers are imitating their elders come to light every day. Edward, Richard and Ruggles Westbrook, sons of Mr. and Mrs. E. S. Westbrook, ages 7, 4 1/2 and 2 1/2, respectively, sold Red Cross placards to the ice man, grocery boy and passersby, reaping a harvest of 65 cents by 10 o'clock for the Red Cross fund.

A 6-month-old babe had joined at the booth at the Her Grand hotel, which is in charge of Mrs. W. J. Mike-sell.

Appeals to Reason—Miss Mopa Cow-ll, Omaha's Fortia, deserted the musty law books for a booth Thursday noon and donned the white garb in the interest of the Red Cross. Being of a legal turn of mind and desiring to appeal to the reason, Miss Cowell stood at the entrance to the elevator at the Young Men's Christian association at noon as the crowds of business men were going up to lunch. She presented each who were not wearing a Red Cross button with a card setting forth the reasons why he should join the society. These men, according to Miss Cowell, would by this appeal to their reason return from the cafe and then in a pleasing state of mind after a good dinner would immediately sign up for membership. The plan worked with tremendous success.

Milkman Buys Button—Peter Jensen, 2516 South Forty-second, who delivers milk to the lunch room on the first floor of the Young Men's Christian association building, stepped up to the Red Cross booth and held out his dollar, saying that although he "had not been asked" he didn't feel right going right by the booth every day without one of those buttons on.

Urge Bee Culture—Cultivation of bees has received quite an impetus in Omaha since the talk by Mrs. Donald Rose of Ealing, England, Tuesday afternoon at the Fontenelle hotel before the members of the National League for Women's Service.

Honey is proving the salvation of the children of Great Britain, whose systems need sugar and it has taken the place of sugar in England, where it is so scarce.

When Mrs. William Archibald Smith and Mrs. O. C. Redick speak next Tuesday at a big rally of Benson women, bee raising will be one of their suggestions to the women who have offered their services since the suburban women are the ones most adapted to it, because of the orchards and meadows near at hand.

Bee raising promises to become an important branch of the agricultural department of the National league work.

Fort Will Soon Have Library—Fort Crook promises to have a complete library by the time the barracks are filled with soldiers, if National League for Women Service patrons continue to donate novels and magazines.

Captain McKinley has advised that literature for the Red Cross, if sent to the fort, if possible, in place of the magazines which have been in circulation several months.

Mrs. Louis Clarke makes several trips to the fort to carry the books and magazines.

## Auto-Intoxication Explained!

(By L. H. SMITH, M. D.)

There is no question but that many people suffer from auto-intoxication and ptomaine poisoning. These are big words which are easily explained.

Through the failure of the liver to properly perform its work the twenty-seven feet of intestines become clogged. This stagnation throws poison into the blood and the circulation, and one suffers from bad breath, foul taste in the mouth, and even yellow-coated tongue, headache, nausea or fullness. Gas often presses the diaphragm against the heart and causes pain there, or acid dyspepsia follows; often the inactive liver causes yellow skin and eyes, and one feels languid, tired and debilitated. At such times some people are advised by their doctors to take a mineral oil, often called "Russian Oil," but experiments by R. F. McDonald have shown, as lately reported in a government publication of the U. S. Public Health Service, that mineral oil may act as an irritant that produces gastro-intestinal disturbances and that it may cause tissue proliferation, stimulating cancer.

A better method, which I always advise, is to take as much outdoor exercise as possible, drink half a pint of hot water morning and night and plenty of water between meals and take a pleasant laxative pill occasionally. Such a one is made up of the May-apple, of vegetable camol and other concentrated herb extracts that give tone to the bowels. This was first made and sold by almost all druggists nearly 50 years ago as Doctor Pierce's Pleasant Pellets. Such simple means will remove that bug-bear, auto-intoxication, constipation and the ills that follow, by favoring healthy action.—Advertisement.

## Bohemians Give \$25—Charles Fixa, treasurer of the Bohemian Catholic Sokol lodge, has given a \$25 check from that lodge to the Red Cross.

Red Cross Notes.  
Mrs. G. W. Harvey has received 200 Red Cross memberships from the Walnut Hill district.

H. C. Forster sent out 2,500 letters to the Shriners Wednesday morning and the first mail this morning brought 250 Red Cross memberships.

Green's pharmacy, thirteenth and Howard streets, reported to Mrs. Howard Baldrige that it will sell ice cream Saturday on commission for the Red Cross.

The Orpheum theater booth reported that all of the actors but three had joined the Red Cross, although they had bought a button in the store in which they were playing.

Clement Chase spoke at noon at the Kloop-Battling-Woompany, urging the employees to join. Mrs. E. S. Westbrook assisted him in distributing membership lists.

President E. E. Calvin of the Union Pacific placed a man in charge of such department in the office and shops to give the employees an opportunity to join the Red Cross.

Mitelson camp, Woodmen of the World, No. 421, after its regular meeting at Columbus hall Wednesday evening, joined the Red Cross in a body. Twenty-two men were present.

The Lithuanians will hold a meeting Sunday afternoon at 3 o'clock in the New Settlers' hall at Thirty-ninth and U streets, when Rev. George Jonaitis, R. E. Feasberry and J. C. Fraser will boost the Red Cross.

The South Omaha Athletic club will give an athletic carnival Monday evening at Melroy's Meadows for the benefit of the Red Cross. Bill Lynch and P. H. Casey are in charge of the affair.

A Red Cross auxiliary has been formed at the Brandeis store. Miss E. Mahler, efficiency expert, is chairman of the group of 150 women employed in the store. They will make hospital supplies.

George H. Kelly, chairman of the Red Cross committee of the Manufacturers' association, reported last Thursday evening that 1,124 members had joined from the industrial institutions. South Omaha packing houses report 2,103 1/2 memberships.

Fifteen members of the Equal Franchise society met for the first time at the relief rooms in the Baird building. Besides working on Tuesdays at the Daughters of the American Revolution headquarters, they will also meet Friday mornings in the Baird building. Mrs. J. M. Metcalf is in charge of the Red Cross auxiliary.

## ICE MINT

Brings cooling, soothing comfort to tired, swollen, burning feet. Takes the soreness out of painful corns and callouses and makes the feet feel fine. No foaliness.

Ice-mint shrivels up any hard corn, soft corn or toughened nail so that it can be picked out easily with the fingers. It is the real Japanese secret for fine, healthy, little feet. Prevents foot odors and keeps them sweet and healthy. Try it. It is selling like "wild fire" here. Just ask in any drug store for a small jar of ice-mint, which will cost little, but will do the work quickly. Ice-Mint acts so gently, so magically that the old fashioned and dangerous method of cutting corns or applying eating plasters seems barbarous. You'll say so yourself.—Adv.
