"The Aristocrat of Beverages"

For a real thirst-quencher try a delicious, iced glass of "PEACOCK," the new and delightfully different drink. You never had anything like it before. It has a rich, oriental, fruity flavor that baffles description. It slides down a dry, parched throat like a blessing from the gods of Olympus.

A glass of "PEACOCK" sets you up. It is not only the most cooling, refreshing and invigorating beverage you ever tasted but it puts new energy, new ambition, new "pep" into you, no matter how tired and jaded you may be.

"PEACOCK" is everybody's drink. It is pure and wholesome,

healthful, and a tonic. The kiddies love it, and it is good for them. The grown-ups never tire of it. No such success has ever been achieved by any other soda fountain drink.

It is the success of supreme quality. Drink "PEACOCK" because it gives you that "chesty" feeling.

Every Drop Refreshing!
