CHINESE ARTILLERY

The Delta Gamma Alumnae association decided at a luncheon at the Blackstone Saturday to make hospital supplies in the field building a half day every week. Gould Diets, Red Cross chairman, has just received word from the national headquarters at Washington, D. C., that Omaha is to support an ambulance company, which will cost \$12,000. After it is in active service the government will supply eighteen more companies and the local chapter will be at no further expense. It is to be manned by Douglas county citizens, and already a number of applications have been received for positions. Mrs. K. H. G. Edholm, who is in the east, will return in nine weeks to organize Red Cross classes. She is taking instructions in sanitation, first aid work, bandage making and the like. Miss Nellie Kavin's class in surgical dressings, under the leadership of Mrs. George Voss, will take their examinations Monday. These ten women will then be fitted to instruct others how to make the supplies. It is the first class to be graduated in Omaha. The finance committee of the Omaha chapter of Red Cross has been appointed by Gould Diets as follows: Gordon W. Watkins, chairman; Luther Drake, Fred Clarke, Charles Kuntze, M. C. Peters, Ward Burgess, A. L. Reed, J. C. French and Joseph Hayden.

Auto Accessory Thieves Keep on Stripping Cars

There was but little let-up last week in the work of what police believe is an organized gang of automobile accessory thieves. Ten thefts were reported. Five reported that their garages had been entered and their cars stripped of tires and other equipment. The rest reported losses from their cars on the streets. Captain Dempsey advises owners not to purchase second-hand automobile tires and equipment unless they are convinced that the firms or persons they are dealing with are reputable. "If there wasn't a market for the things taken by the thieves, they wouldn't steal them," he said. Automobile owners are urged by City Automobile Detective Danebaum not to carry any more extra tires and equipment than necessary.

Women Plan for Service During Continuation of War

Three distinct branches of war service for women, food conservation, Americanization of immigrants and registration of women's labor, are planned by the Equal Franchise league. Mrs. E. M. Fairfield, who heads the war relief committee, urges all women to attend the State Conservation congress at the Auditorium. Her committee will carry on the work outlined by the home economics department of the State university. Miss Edith Tobitt, city librarian, is planning the work with aliens along lines carried out in other cities. Miss Ione C. Duffy will be in charge of the newly created registration bureau, in which women who are fitted to replace men called to service will be enrolled. Women who wish to offer their services to any national or local war agencies, or to some business house, from whose posts men have been called to serve Uncle Sam, will notify Miss Duffy, 220 Omaha National Bank building.

HOLD 7-YEAR-OLD FOR TAKING HORSE

Probation Officer Wonders What to Do With Little Boy Who Just Can't Resist Stealing Animals.

Chief Probation Officer Miller is today wondering what to do with Marion H. Arnold, 2204 South Forty-first street, 7-year-old "baby horstheif," who just can't resist the temptation to steal horses. Marion, a freckled-faced, blue eyed lad, was arrested Saturday by Officers Hiatt and Wade for stealing a horse belonging to Joseph Hart, 2819 North Twenty-eighth street. He had taken the animal from a lot at 3331 Walnut street yesterday morning and had spent all day riding about. The boy led the officers to an alley near Twenty-sixth and Leavenworth street, where the horse was found picketed to a post. Not First Escaped. The escapee is not the first of its kind for the lad. Recently he stole a horse and buggy in Des Moines and kept it hidden for two days, occasionally sneaking out of his home, officers say, and riding about at night. "He just can't stay away from horses," his mother said. "Ever since he owned a hobby horse, he just craves horses. He rides on every wagon that he can." Marion was recently taken from a train at Council Bluffs and turned over to the juvenile authorities who placed him in Riverview home. He made his escape. When taken from the train the lad said that he was on his way to New York. A grocer notified police that the lad had stolen the horse. Captain Robert Kyd, Pioneer Of Gage County, Is Dead. Beatrice, Neb., May 20.—(Special Telegram.)—Captain Robert Kyd, a pioneer of Gage county, died today, aged 87 years. Mr. Kyd resided for many years on the Otoe Indian reservation before it was opened for settlement by the whites and had served two terms as sheriff of Gage county. He is survived by three sons and one daughter.

How's This? Corns Lift Out With Fingers—No Pain!

Thanks to a new discovery made from a Japanese product your foot troubles can be quickly ended. Ice-ment as this new preparation is called is said to shrivel up hard corns, soft corns or corns between the toes so that they can be lifted out easily with the fingers. It's wonderful. Think of it; only a touch or two of ice-ment and real foot-joy is yours. There is not one bit of pain or soreness when applying it or afterwards and it doesn't even irritate the skin. If your feet are inclined to swell or puff, or if you have cracked or bleeding toes, it will draw the inflammation right out and quickly heal the sore and tender places. It is the real Japanese secret of fine, healthy little feet and is greatly appreciated by women who wear high heel shoes and by men who have to stand on their feet all day. Try it. Just ask in any Drug store for a few cents worth of ice-ment and learn for yourself what solid foot comfort really is. There is nothing like it.—Advertisement.

Advertisement for Ruud Water Heaters. The central graphic is a large circular logo with the text 'WATER HEATER WEEK IS HERE'.
