School Children Take Up Hunt When These Twins Wander Away from Home

They just toddled on and on. Yet little did the 3-year-old, blue-eyed twins of Mr. and Mrs. Morris Kaiman, 2520 South Eleventh street, dream that because of their toddling away from home a public school in the vicinity had all but been dismissed so that the children could turn out and take up the hunt, that the whole neighborhood had been aroused and that the police department of greater Omaha was on the lookout for them.

The children were playing in the front yard Monday until an hour before noon and when the mother went to call them for dinner they were missing. Mrs. Kaiman immediately went to the Lincoln school, where she told the principal, Miss Pearl McCumber, that her twins were missing. Miss McCumber immediately dispatched a large number of her older pupils to search for them.

Three of the pupils found Martin, one of the lost twins, near Twenty-fourth and Vinton, more than a mile away from his home. The little twin was all tired out and had cried himself to sleep by a curbing.

Not so with Percy. Percy toddled on and on. He was picked up by a woman just this side of Albright after 9 o'clock, apparently not a bit tired. The woman took him to the South Side police station, from where his mother was advised.

This morning when the two twins posed for a picture they were so tired and sleepy that they could hardly stand up.

Mrs. Kaiman has five children, all under 9 years of age.

Electrical Union Enjoined by Court From Interfering

Omaha electrical contractors won their suit against Electrical Workers' union No. 22, Judge Leslie, sitting in district court, granted a temporary restraining order enjoining union electricians from alleged intimidation, property damage, acts of violence and other unlawful proceedings.

At the hearing for injunction May 15 wrecking of jobs and intimidation of workers was charged by contractors in affidavits presented as evidence. The court waited until this morning before handing down a decision.

The American Electric company and eleven other contractors brought the suit against the officers and members of the union a month ago. At that time Judge Leslie issued a temporary order restraining the union from molesting men on jobs.

According to Judge Leslie's decision, union men have no right to go upon the premises of any "job" where men are employed and attempt to talk to them or influence them in any way.

"The evidence in this case is, in some respects, quite meager," said Judge Leslie, "and if the purpose of this proceeding were to determine rights of property between the parties, or if it were sought to temporarily enjoin the defendants from performing some act that they had a legal right to perform, the evidence might not be considered sufficient."

Lutheran Confirmation Classes Hold Reunion

Confirmation classes from the class of 1874 to the current year were represented at a reunion at the Immanuel Lutheran church Monday evening.

Mrs. Jonas Holmgren was the one representative of the class of 1874.

Rev. E. G. Chinlund, speaking on "Confirmation and the Church," told of the conditions that would exist if there was no religion or churches, and the influence the church has on the people.

A letter from Prof. Adolph Hult, former pastor, was read, and George J. S. Collins and Mrs. Edith Soderberg provided the music.

Another reunion of the confirmation classes will be held next year, when the church holds its fiftieth anniversary.

GOVERNMENT TAKES UP MORGAN'S WORK

Federal Commission Will Supervise Purchasing Formerly Done by Morgan Bank for the Allies.

Washington, May 22.—The long-standing business agreement between J. P. Morgan & Co. and the governments of Great Britain and France, under which the Morgan firm handled the bulk of the hundreds of millions of dollars of purchases made for the allies in this country, soon is to be replaced in part, if not wholly, by the new international agreement, now in process of formulation, under which all purchases for the allies will be made through a commission under governmental supervision.

The machinery through which the Morgan firm transacted its huge volume of American purchases, will stand, in part, however, and probably will be utilized by the American government. Valuable information obtained by the Morgan firm as purchasing agents for Great Britain and France already has been placed at the disposal of the government and will be used by the new commission. J. P. Morgan spent several hours today discussing the situation with Foreign Minister Balfour of the British delegation and afterwards with Assistant Secretary of the Treasury Crosby.

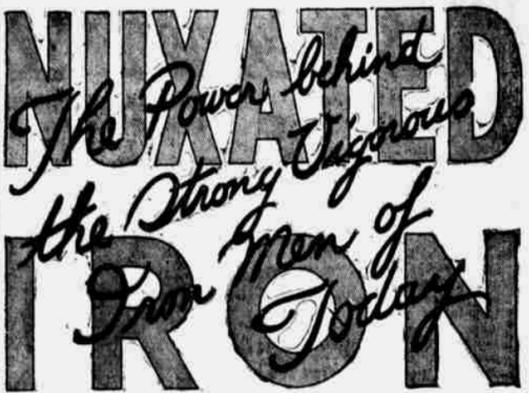

Made Heavy Purchases. As the result of these discussions it developed that the Morgan firm has not only purchased supplies running to many hundreds of millions for Great Britain and France, but has also purchased many millions worth for the governments of Italy and Russia.

The amount of these purchases, the commissions and other details of the agreement have never been disclosed. Whatever commissions have been paid by the allies in the past will be saved to them in the future as the government's plan is to charge no commission for the services of the purchasing agency, but to place the commission at the allies disposal without further cost than its operating expenses.

Will You Recognize the "Bride o' Mystery," When You See Her at?

Dr. Ferdinand King, a New York City Physician and Medical Author, says: "There can be no strong, vigorous iron men and beautiful, rosy-cheeked women without iron—Nuxated Iron taken three times per day after meals will increase the strength and endurance of weak, nervous, run-down folk 100 per cent in two weeks' time in many instances. Avoid the artificial forms of metallic iron which may injure the teeth and excite the stomach, and thereby do more harm than good. Take only organic iron—Nuxated Iron. It is dispensed in this city by Sherman & McConnell Drug Stores and all good druggists."

Amazing Power of Bon-Opto To Make Weak Eyes Strong Doctor Says It Strengthens Eyesight 50 per cent in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home. Victims of eye strain and other eye weakness and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses, and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes, which induced fierce headaches. I have worn glasses for several years, both for distance and work, and without them I could not read my own name on an envelope or the typewriting on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitude more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription at home. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start, and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time. Note: Another prominent Physician, to whom the above article was submitted, said: "Yes, the Bon-Opto prescription is truly a wonderful eye remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or mista glasses. I can highly recommend it in case of weak, watery, aching, smarting, itching, burning eyes, red lids, blurred vision or eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturer guarantees it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is sold in this city by Sherman & McConnell, C. A. Melcher and others.—Adv.
