

### Nebraska MAJORS NAMES STAFF MEMBERS

Department Commander of Grand Army of Republic Appoints His Aides.  
(From a Staff Correspondent.)  
Lincoln, May 24.—(Special).—Department Commander Wilson E. Majors of the Grand Army of the Republic has appointed the following members of his staff:  
A. M. Thimble, Lincoln, assistant adjutant general and assistant quartermaster general.  
J. E. Miller, Kearney, department inspector.  
John Keese, Broken Bow, judge advocate.  
H. B. Hoagland, Lincoln, department patriotic instructor.  
John R. Maxon, Minden, chief of staff.  
Other appointments will be made later.

### Beatrice Guardsmen Go to Fort Snelling

Beatrice, Neb., May 24.—(Special).—First Sergeant Fred M. Hall and Supply Sergeant Emmett S. Powell of Company C of this city yesterday received orders to report at the officers' training camp at Fort Snelling, Minn., by Saturday evening. They left today.  
Sheriff Acton is positive that H. A. Pendergraft, who broke jail here Tuesday afternoon, was assisted from the outside, as a piece of iron pipe attached to a large spike used on telephone poles for climbers was found in the hallway of the jail after Pendergraft escaped.

Dr. Frederick Watson Buckley and Miss Louise Sabin were married yesterday at high noon at the home of the bride's parents, Mr. and Mrs. R. W. Sabin. Rev. C. F. Stevens officiated. A wedding luncheon was served after the ceremony.  
Alonzo Reedy was granted a divorce yesterday in the district court from Bertha Reedy and Nettie M. Reedy was given a divorce from Luther Reedy. Alonzo and Luther Reedy are brothers and have lived in the Blue Springs vicinity for years.  
The Beatrice Ball club won from the Crab Orchard team yesterday afternoon at Athletic park, 20 to 10.  
Charles Swan of Omaha and Mrs. Emma Clark of Lincoln were married here yesterday afternoon by County Judge O'Keefe. The groom is 30 and the bride 30 years of age.

### Fifteen Additional Men to Attend Fort Snelling Camp

(From a Staff Correspondent.)  
Lincoln, May 24.—(Special).—Following are fifteen additional men authorized to attend training camp at Fort Snelling, completing quota of twenty-five from Fifth Regiment, Nebraska infantry:  
First Sergeant Turley Cook, Company B; First Sergeant Ed M. Hall, Company C; First Sergeant Christian Sorenson, Company D; First Sergeant Charles Font, Company E; Supply Sergeant Emmett S. Powell, Company C; Supply Sergeant Merle Huntington, Company F; Supply Sergeant Walter C. Ross, Company M; Mess Sergeant, Vera Painter, Company D; Sergeant Emory B. DeWolf, Company D; Sergeant George P. Gillan, Company E; Sergeant Edward A. Cook, Jr., Company E; Sergeant Harry J. Hofacre, Company F; Corporal James W. Foyner, Company B; Private Oscar L. Ney, Company A.

### Flag-Raising at Crete.

Crete, Neb., May 24.—(Special).—A patriotic meeting and flag-raising was held on the high-school grounds yesterday afternoon, the occasion being the presentation of a large flag to the schools by the Eighth grade of last year. Winifred Noyce presented the flag in behalf of the class and W. C. Collett responded for the Board of Education, G. A. Gregory for the schools and E. D. Aller for the Grand Army. Patriotic music was furnished by the high school band.

The graduation exercises for the Crete High school will be held Friday evening at the Congregational church. There are forty in the class. The address is to be given by the Rev. W. M. Ellledge of Weeping Water.

### Dr. Fling to Make Address.

Clarks, Neb., May 24.—(Special).—The baccalaureate sermon for the graduating class of the Clarks High school was delivered at the opera house Sunday evening by Rev. J. H. Kroemer. The commencement exercises will be held Friday night, the speaker being Dr. F. M. Fling of Lincoln.

### Lumbago.

When you have a lame back or an attack of lumbago, dampen a piece of dannel with Chamberlain's Liniment and bind it onto your back over the seat of pain. J. H. Wood, Chicago, writes, "Some time ago while at Waukon, Ia., I suffered a very severe attack of lumbago and used Chamberlain's Liniment with excellent results."—Advertisement.

### RHEUMATISM PAIN

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is a specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction; otherwise he found the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. R. Schultz expresses the opinion of thousands of practitioners when he says that anti-rheumatic tablets should be given preference over all other remedies for the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are an unsurpassed relief for rheumatism, neuralgia and all pains. Ask for A-K Tablets.

### SPUD AND BEAN CROP HEAVY IN NEBRASKA

Potatoes and "Bostons" Have Their Inning; Committees Make Highly Favorable Reports.

The homely "spud" of western Nebraska had its inning at the Food Conservation congress yesterday, when the committee on potatoes and beans made its report. The report shows that, while in 1916 but 75,000 acres were planted to potatoes, this year 177,000 bushels will be planted. The crop is estimated at more than 14,000,000 bushels this year, as compared with 6,500,000 last year.  
Beans also came in for their share of consideration at the hands of the committee, which reported that 17,000 acres are planted to beans and that a return of 7,140,000 pounds may be expected. Lloyd C. Thomas was chairman of the committee and H. M. Bushnell, jr., secretary.

**Production to Increase.**  
In part the reports were as follows:  
"We find that eastern Nebraska, through local garden projects and individual efforts, stimulated by high prices, will with a normal crop probably feed itself this year. In the central and hills region production will likely be stimulated to a slight extent, but it is unlikely that little change will be made in the available food supply, as that district is essentially a grazing and stock industry. In the western part of the state, which is the heaviest producer of the crop, indications point to a heavy increase in production.

"We find that the people are fully cognizant, not only of their opportunities, but also of their patriotic duty, in the matter of food production. In the dry farming area the crop will be greatly increased if the year is normal, both from an increased acreage, which we estimate at 50 per cent above the published statistics of last year, which appear to be too low, and by better and more intensive cultivation, a lesson that has been impressed upon the farmers there by the experiences of past years.

**Irrigation Bears Fruit.**  
"In the irrigated district the increase will be phenomenal because there is more land available than heretofore and because the alfalfa fields are being converted into potato lands because of the anticipated prices. Potatoes will rival sugar beets this year. Added to this there is the impulse given to production by the realization that it is the patriotic duty of the potato region "to do its bit" in feeding the nation and contributing to the welfare of the less fortunate people whose salivary glands from hunger is assured if there is an abundant supply of the lowly but necessary spud."  
"The commercial raising of beans in Nebraska has been practically naught in past years. Undoubtedly this crop offers as many advantages to the producer and is as important for its food value as any similar crop. The experience of other states is the best guide. We find that Nebraska

possesses land which is particularly adapted to the growing of beans. We believe that this crop should be encouraged in this state. From detailed information at hand we find that the bean acreage in Nebraska in 1917 will be from 2,500 to 25,000 per cent greater than any former year. Judging from the experience of Colorado and South Dakota, where bean production has received attention, there remains not a question of doubt as to the advisability of raising this crop in our own state. It is authentically reported that all the available beans for seed purposes have been exhausted and were this not the case there would be undoubtedly a larger acreage increase."

### Nebraska Eclectics Hold State Meet at Lincoln

(From a Staff Correspondent.)  
Lincoln, May 24.—(Special).—The largest attended meeting of Nebraska eclectics held since the state organization was made is in session at the Lindell hotel in this city.  
The annual banquet was held last night, Dr. E. J. Latta acting as toastmaster. Dr. W. E. Daniels, president of the national association, was the principal speaker.

**Stanton Farm House Burned.**  
Stanton, Neb., May 24.—(Special).—The farm house of Mr. and Mrs. Hamilton Spence, four miles west of Pilger, burned to the ground Monday afternoon at 5 o'clock. The origin of the fire is unknown. Mr. Spence was out in the field working when he noticed the blaze coming out of an upstairs window and hastened home, but as the fire was so far along was unable to save but little of the furniture.

**Department Orders.**  
Washington, May 24.—(Special Telegram.)  
Bureau letters carriers appointed: Nebraska, Richard A. Daugherty; Winner, Louis Purter.  
Iowa: New Hampton, Everett A. Sewell; New Hampton, John L. Gustafson; Rolfe, Leon L. Harris.  
Captain Platt, United States army, has been assigned to duty at Fort Crook, Neb., as assistant to the quartermaster at that place.

### Doctor Tells How To Strengthen Eyesight 50 per cent in One Week's Time In Many Instances

**A Free Prescription You Can Have Filled and Use at Home.**  
Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "It was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain me dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere around my eyes with or without glasses, but after using this prescription for fifteen days everything seems clear. I can see read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and hundreds more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions will be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eye two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take time to save them now before it is too late. Many a business deal might have been saved if they had cared for their eyes in time.  
Note: Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week and in many instances or refund the money. It can be obtained from any good drug store and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold by Sherman & McConnell, C. A. Melscher and others.—Adv.

### New Discovery Ends Corn Misery—Touch a Corn with Ice-Mint, Then Lift It Right Off—It Won't Hurt a Bit

Soreness Stops Quickly, then the Corn Shrivels and Lifts Off—Try It and See.  
Here is the real "Corn Killer" at last. Say good-bye to your old corn aise and plasters for that hot Corn of your is sure to be a "Doner" if it ever feels the Magic touch of Ice-Mint. This is a new discovery made from a Japanese product and it is certainly a wonder the way it "wipes out" the corn. This is a new discovery that Ice-Mint touches that sore, tender corn, your poor, tired, aching feet will never feel again. It is a miracle. Think of you will just sigh with relief. Think of it: only a little touch of that cooling, soothing Ice-Mint and real foot joy is yours. No pain, no redness, no swelling, either when applying it or afterwards, and it doesn't even irritate the skin. Hard corns, blisters, or calluses between the toes, also touched can be just shriveled up and lifted off so easy. It is a wonderful discovery. Get a little Ice-Mint now. Store for a little Ice-Mint and give your poor, suffering, tired feet the treat of Ice-Mint. There is nothing better, or nothing so good.
