

CARDINAL POINTS OF REGISTRATION RULES

War Department Issues Abstract of Instructions to Men Who Are Liable to Draft.

Washington, May 26.—In its campaign to stimulate interest in registration, June 5, for the war army, the War department today issued a memorandum emphasizing the seven cardinal points to be remembered, particularly by men between the ages of 21 and 30, inclusive, who will be required to register. The memorandum follows:

1. There is only one day for registration—June 5, 1917.
2. Every male resident of the United States, who has reached his twenty-first and has not reached his thirty-first birthday, must register on the day set, June 5, 1917. The only exceptions are persons in the military or naval service of the United States, which includes all officers and enlisted men of the regular army, the regular army reserve, the officers' reserve corps, the enlisted reserve corps, the National Guard and National Guard reserve, recognized by the militia bureau of the War department; the navy, the marine corps, the coast guard and the naval militia, the naval reserve force; the marine corps reserve and the national volunteers, recognized by the Navy department.
3. Registration is not draft. Registration is distinct from draft. No matter what just claim you have for exemption you must register.
4. Registration is a public duty. For those not responsive to the sense of this duty, the penalty of imprisonment, not fine, is provided in the draft act.
5. Those who through sickness shall be unable to register should cause a representative to apply to the registrar of his home district for a registration card. The clerk will give instructions as to how this card should be filled out. The card should then be mailed by the sick person or delivered by his agent, to the registrar of his voting precinct. The sick person will enclose a self-addressed stamped envelope for the return to him of his registration certificate.
6. Absent from Home. Any person who expects to be absent from his voting precinct on registration day should apply as soon as practicable for a registration card to the county clerk of the county where he may be stopping, or if he lives in a city of over 30,000, to the city clerk. The clerk will record the answers on the card and turn it over to the absentee. The absentee should mail this card to the registrar of his home district so that it will reach that official by registration day. A self-addressed, stamped envelope should be enclosed with the card to insure the return to the absentee of a registration certificate.
7. Registration booths will be open from 7 a. m. to 9 p. m. on registration day, June 5, 1917.

An Irreversible Call.
Hilda, the Swedish maid, had served her mistress faithfully for a year, when one day she announced her intention of leaving.
"Why, Hilda, what is the matter? Is the work too hard? Or don't you like the wages?"
"The work be all right, an' de wages be, too, but de boss—he moost have me."

"War Bride" Goes to Fort Snelling Camp With Gallant Young Omaha Guardsman

Oliver B. Holmes of Omaha, sergeant of Company A, Fourth Nebraska National Guard, was one of the guardsmen appointed to the Fort Snelling training camp for officers. He will take his "war bride" with him.

Sergeant Holmes goes to Fort Snelling as a drill sergeant, but he also will take the course of training given the reservists, and when the period is over will be commissioned.

Holmes first heard the call to the colors last June when the Mexican border trouble arose. He was among the first Omahans to enlist in the Nebraska guard when the call for more men was issued. He served on the border in Captain Harris' regiment. He was mustered out of service upon the return of the guardsmen, but when the second call for volunteers was made this spring Holmes immediately re-enlisted. He was appointed a corporal and shortly afterwards promoted to a sergeant.

Sergeant Holmes was married April 8 to Miss Janet Rasmussen. The original date for the wedding was June 15, but the call to arms resulted in advancement of the date.

INVESTIGATE LEAK OF U. S. NAVY PLANS

Washington Officials at Loss to Know How Germans Found Out About Trip.

Washington, May 26.—Official investigation was under way today to uncover whether the leak on the sailing of American destroyers to the war zone was on this side of the Atlantic or whether German spies got it in England.

Admiral Sims has positively reported that the German admiralty knew of the departure of the ships and their port of arrival four days ahead of time and had opportunity to mine their path.

Some navy officials are inclined to suspect the German spy system in England, despite the statement of Secretary Daniels, that the incident emphasized the fact that the German spy system still is at work in this country. If the information was sent from the United States it was made doubly difficult because it had to pass the official censorship.

It was stated officially today that only a few officers in the office of Admiral Benson, chief of operations, knew the destination of the destroyers. The commanders themselves were ignorant of the port until they opened sealed orders probably twelve hours at sea.

A Desperate Case.
"Dear," said the fond mother, "I must punish you for disobeying my orders."
"Please, ma," said the little boy, "may I go to my room first?"
"Yes," consented the parent, and she cautiously followed her first-born. There Robert was kneeling by his bed, and his mother heard him say:
"Dear Lord, if You ever wanted to help a little fellow in trouble, now's Your chance."
The whipping was indefinitely postponed.

COUNCIL BLUFFS LAW INVALID

Court Holds Sunday Closing Interferes With Work of Necessity and Dismisses 460 Under Arrest.

Police Judge Capell of Council Bluffs has ruled picture shows, drug stores, ice men and confectioneries are a necessity to the people of the present age and to close them on Sunday would be a "slap at civilization."

The court dismissed all cases against 460 persons arrested last Sunday for alleged violations of the seventy-year-old Sunday Iowa "blue law."

Judge Capell's ruling means that merchants of Council Bluffs will not be interfered with if they want to keep their places open today and succeeding Sundays.

In regard to movies Judge Capell said:
"The picture shows are highly educational, instructive and conducive of good morals. They engender a high degree of patriotism, provide for the enlightenment, entertainment and uplift of men and to close them on Sunday would deprive the laboring man and family of the right to enjoy these privileges."
"It is therefore held that under our present system and standard of civilization moving picture shows are a necessity."

As to the ice man, the court ruled that a great deal of food would spoil and damage result if they were kept from their work Sunday.

Judge Capell discharged all of the defendants, holding that the work for which they were arrested was in each case "one of necessity."

In his ruling the court stated that "the laws enacted in 1835 no longer fit present conditions of modern civilization."

THE CHEAPER WAY IN THE LONG RUN

Dreshers Do All of the Cleaning Work You Should Not Do, So Economically As Dreshers.

The prevailing idea of conservation and sensible economy is all right, but there are many jobs that can be done more economically elsewhere than at your home.

Take, for instance, in cleaning work; you cannot begin to do it as cheaply in your home as can Dreshers Brothers in their immense plant at 2211-2217 Farnam street. And it's no secret that you cannot do the work as well as Dreshers; you'll admit that, won't you?

No, Sir! No, Madame! You cannot touch a job of the sort yourself and be ahead. Far better stick to your own vocation and let Dreshers clean, press, dye, re-model or re-style your suits, coats, dresses, etc. Far rather have Dreshers take your old felt or straw hats and clean, block and re-trim them.

And when it comes to rug, carpet, curtain, comfort, blanket or pillow cleaning, you are simply not in the race. It will cost you more to "call in a man" to do this work than to have Dreshers' experts and Dreshers' equipment do it for you. If as far as the calibre of work done, here is proof that you cannot do it so well as Dreshers—your old style "beating" doesn't begin to clean a rug. Just have your dirtiest rug hand beaten; work at it ten hours if you like; keep pounding and pounding; then when you consider it clean let Dreshers clean it over. When Dreshers get through you will see a pile of dirt, grease, soil, etc., that came out of the rug, to say nothing of germs that one cannot see.

Start practicing economy the true way—send your work to Dreshers' immense plant at 2211-2217 Farnam street. Phone Tyler 345 for a man, or leave work at the plant, at Dresher the Tailors, 1515 Farnam St., or at one of the Dresher branches in the Burgess-Nash or Brandeis Stores. Dreshers pay express or parcel post charges one way on any sized bundle to any point in America.—Adv.
